PRINCE EDWARD ISLAND HOSPITAL MEETING

The Assembly By Almost Unanimous Vote Decides On Construction Of New Hospital.—Committee Of Six Appointed To Co-operate With Trustees In Deciding On The Selecting Of A New Site Or Building On The Old.

The annual meeting of the Prince Edward Island Hospital was held last night in St. Paul's Parish Hall, at 8 o'clock, under the chairmanship of W. K. Rogers, president of the board of trustees occupying the chair. The Treasurer's report of the ladies Aid, the Annual Report of the Campaign Fund, the Treasurer's Report and the Endowment Report were read in the order named, and a motion adopted as read.

The Trustees report was then read by the Chairman, who moved its adoption, this carrying with it the authorization of the construction of a new hospital on the present site. Mr. Rogers to show the way in which the demand for hospital accommodation was growing, said that the present hospital was occupied in March, 1900. He quoted from the report for that year showing that at that time there were 182 patients in the hospital paying fees totalling \$1400.00 as against 1133 patients paying fees of \$38,000.00 for the year of 1927.

He also read a letter from Messrs. Chapel and Hunter, submitting sketch plans both for a new building, and for the same one remodelled. The total cost of the new building as sketched in the neighborhood of \$200,000.00.

A discussion then ensued on the Trustees report—particularly on the question of whether to build a new hospital, or renovate the old one, and if a new one were to be built, whether it should occupy the same site, or one nearer the centre of the city.

Dr. MacKenzie asked the Trustees as to their opinion as to the possibility of collecting \$150,000.00 at the present time, also their opinion on the poor accessibility of the present site, and the disturbance to patients caused by railway trains.

Mr. Rogers answered that the present seemed a most favorable time for raising funds, and also that many generous contributions had been promised. It would be possible to raise a large portion by an issue of bonds.

As to the second question, it would ask to least \$15,000.00 to get a site in the city and it was planned to open Euston Street right out to the hospital, so as to allow access in winter. The Trustees had an open mind on the proposition of either building in the present site, or on a site in town. But they were opposed to renovating and adding to the present structure.

He thought it wise to consolidate as far as possible, all Protestant benevolent activities as much as possible in that property. It would be easy to use the old building as an old people's home and a nurses' home.

Premier Ferguson In England

(Special to the Guardian)
TORONTO, May 29.—Premier Ferguson and Mr. W. C. Noxon, London agent, arrived at Paddington today at noon. The Premier looked well after his sea voyage. He will be in England two months, he explained, and will devote himself principally to a study of immigration and education.

MUSSOLINI TO ISSUE WARNING

Relations Between Italy and Jugo-Slavia Again Aggravated as Result of Attacks on Italian Consulates.

(Special to the Guardian)
ROME, May 29.—Relations between Italy and Jugoslavia again became aggravated on the eve of signing what is called the Nettuno accord, regulating the Adriatic differences between the two countries, by renewed student demonstrations staged in Rome and other Italian cities today.

These were in retaliation for the Jugoslav attacks on the two Italian consulates in Dalmatia at Spalato and Sebenico.

The Fascist Government in an official communique tonight announced that a note of protest should be presented to the Belgrade Government demanding immediate reparation. The reply is still awaited in Rome, but assurances have been given by Belgrade that measures have been taken to prevent attacks.

When this morning's newspapers in Rome today announced the Government demonstrations against the Italians in Dalmatia, 1,500 Roman students gathering in a mob, also reported attacks on consulates in the Piazza Borghese, where for more than an hour they carried on protests, before being dispersed by the black shirts, who confined the demonstrations to streets not leading to the legation building, and curbed their fighting.

Today's student demonstrations against the Jugoslavs followed Saturday's student protests before the Austrian legation in Rome, in retaliation for the attack on the Italian consulate in Innsbruck, marking the effervescent feeling throughout Italy over the attacks on consulates which now have totalled five or six. All Dalmatia is reported to be in a high state of agitation, and Premier Mussolini is expected to utter a severe warning in a big speech he presently will make on Tuesday before the Senate. National feeling also is reported to be in a high state of tension around Venice, Trieste and other cities on the Italian side of the Adriatic.

Relief Committee Is Satisfied
(Special to the Guardian)
TORONTO, May 29.—Satisfaction was expressed yesterday by local members of the Home Bank Depositors' relief committee at the action of the dominion government in placing the sum of \$460,000 in the supplementary estimates for the relief of depositors whose claims have already been approved by judges of the Exchequer Court. Just as soon as the vote passes in the House of Commons the Judges will forward to the bank liquidators here G. T. Clarkson and I. I. Weldon, orders for the payment of the claims. This will likely be the last payments by the dominion government on account of the Home Bank failure.

A picturesque historic ceremony took place in Westminster Abbey recently when 10 Knights of the Most Honorable Order of the Bath were installed in King Henry VII's Chapel, the order's own chapel. The king and queen attended, the king being the sovereign of the order. The ceremony takes place every three or four years by order of the king, so that new Knights Grand Cross can be assigned a stall in the chapel when these fall vacant because of death. The king is shown accompanied by the queen driving in state.

NORWEGIAN GOVT. TO SEARCH FOR MISSING DIRIGIBLE

It Is Believed That The Italia Came Down Somewhere On The Ice North Of Spitzbergen And That A Survey By Air Of The Region Offers The Best Hope Of Finding The Ship.

(Canadian Press)
OSLO, Norway, May 29.—Although reports wholly unconfirmed had been received in Oslo today that the dirigible Italia was down at Amsterdam Island, North Spitzbergen, the Norwegian Government was going steadily ahead with its plans to send out a great relief expedition to search for the missing dirigible.

Captain Riser Larsen, authority on flying in the north and one of the leaders for the preparations for the relief expedition, was highly doubtful of the report and went ahead with his plans for an air reconnaissance over northern Spitzbergen, to be made by Lluetangen, Luetzow Holm crack Norwegian flier.

Lieut. Holm arrived at Tromsø with a naval hydroaeroplane this morning and immediately began the work of loading his plane aboard the sealer Hobby which will carry it to Spitzbergen as quickly as possible.

Captain Riser Larsen hoped that the Hobby would be able to leave for Spitzbergen within a few hours and that she would reach Kings Bay toward the end of the week. The Captain is of the opinion that the dirigible probably came down somewhere on the ice north of Spitzbergen and that a survey by air of the region offers the best hope of finding the ship.

The Italian legation at Oslo has been in close wireless contact with the base ship Città Di Milano now off Northern Spitzbergen.

LATER
OSLO, May 29.—An auxiliary relief expedition which the Norwegian has been preparing to search for the dirigible Italia has been suspended indefinitely as the Italian government was said to be inclined to await further developments. Meanwhile Lieut. Loutholm, crack Norwegian flier, boarded the sealer Hobby at Tromsø with his hydro-aeroplane and will sail as soon as possible for Spitzbergen to conduct an air reconnaissance. Reports that the Italia had come down on Amsterdam Island along the northern coast of Spitzbergen are not credited in Oslo.

Hon. Philippe Roy For Paris Post

(Canadian Press)
OTTAWA, May 29.—Hon. Philippe Roy, Canadian Commissioner General in Paris, may be Canada's first minister to France. This was indicated by the Prime Minister this afternoon when the vote of \$75,000 for representation to Paris was discussed.

DECLARES ALL IS NOT WELL WITHIN EMPIRE

Sir Charles Sykes Beginning to Think Free Trade Not So Good for Britain.

MONTREAL, May 29.—"While not accepting the principles of Mussolini in their entirety, nevertheless we can take a lesson from their application and then we in the British Empire can achieve that position in the world, which hitherto we have held," declared Sir Charles Sykes, Bart., a former coalition Liberal member of parliament in Great Britain, when discussing world conditions here over the week-end.

"Conditions in the empire are not satisfactory and there is no mining words about it," Sir Charles said. "We have to get down to bedrock because foreign countries are competing with us to the detriment of our own people."

"I have been a free trader all my life, but I am beginning to think it would be better for Great Britain, if we closed down on all basic imports such as steel and textiles for a period of two years until the British people get on their feet."

St. Dunstan's Commencement

The following addresses were delivered yesterday at the annual commencement of St. Dunstan's University.

His Worship, the Bishop of Charlottetown congratulated the faculty of St. Dunstan's and the student body on a most successful year. St. Dunstan's does its work quietly and well, and it is only at the end of the year that it opens up its doors and lets the people in to show them what has been accomplished.

To the graduates, he said that in following the ideal imparted in the school, they would often meet with disappointments. Your lives will not be all sunshine, but the picture of life will be made deeper and stronger by the shadows which creep into it. When the shadows of life are darkest remember the day of your graduation and its ideals.

He concluded by wishing the student body a very happy vacation, and hoping they would return with renewed vigor to their studies in the fall.

His Grace the Archbishop of Edmonton acknowledged a very deep and earnest debt of gratitude to St. Dunstan's for its splendid contribution to the upbuilding of Church and state in Western Canada.

He was almost tempted to say—in spite of the excellent baccalaureate address of Mr. MacPhee "come west young man, come west."

ST. DUNSTANS UNIVERSITY COMMENCEMENT YESTERDAY

The Proceedings Were Honored By The Presence Of His Grace Archbishop O'Leary Of Edmonton.—The Rector Announces Newly Equipped Chemical Laboratory Planned For Next Year.

The St. Dunstan's University commencement exercises which took place yesterday were very largely attended both by clergy and laity. The programme of the proceedings was well arranged, the musical numbers rendered by the glee club being most attractive, as were also the violin selections played by Mr. L. Verreault.

The Alumni Essay as also the Valedictory were up to the high standard of excellence set by St. Dunstan's Students in the past. They, as well as the splendid Baccalaureate address given by Mr. H. F. MacPhee, B. A. himself a graduate of St. Dunstan's were full of advice and timely counsel to the graduates which they will do well to lay to heart as they go forth from their alma mater into that larger world of strife and of opportunity which constitutes the life of men.

The Rector, in his report which announced most satisfactory results for the year's work, made the announcement that the Institution proposes to extend her course in Chemistry by devoting an extra year to laboratory work and to this end a properly equipped chemical laboratory will be fitted up at once, replacing the present one, and affording the students ample opportunity of performing their own experiments under the direction of a competent instructor.

Following on the Rector's report, inspiring addresses were given by the Rev. Canon MacPhee, the Rev. Canon O'Leary, the Rev. Canon O'Leary of Edmonton, Hon. Walter M. Lea, acting premier, His Worship Mayor Yeo, and Hon. J. D. Stewart.

The following addresses were delivered yesterday at the annual commencement of St. Dunstan's University.

His Worship, the Bishop of Charlottetown congratulated the faculty of St. Dunstan's and the student body on a most successful year. St. Dunstan's does its work quietly and well, and it is only at the end of the year that it opens up its doors and lets the people in to show them what has been accomplished.

To the graduates, he said that in following the ideal imparted in the school, they would often meet with disappointments. Your lives will not be all sunshine, but the picture of life will be made deeper and stronger by the shadows which creep into it. When the shadows of life are darkest remember the day of your graduation and its ideals.

His Grace the Archbishop of Edmonton acknowledged a very deep and earnest debt of gratitude to St. Dunstan's for its splendid contribution to the upbuilding of Church and state in Western Canada.

He was almost tempted to say—in spite of the excellent baccalaureate address of Mr. MacPhee "come west young man, come west."

Hon. Peter Heenan To Visit Ireland

(Special to the Guardian)
TORONTO, Ont., May 29.—Hon. Peter Heenan, Minister of Labor in Canada enroute to the Geneva Labor Congress purposes visiting County Down of which he is a native before he returns to Canada.

"I have faced many vicissitudes," he said "since I left my farm cottage home in Tullivree in 1888, and when I set out with my bundle on my shoulder little did I dream that I should go to Canada a stranger and forty years later put off my overalls to take up cares of office at the ministry of labor for the great dominion. I will cast my eyes on the tumble-down cottage and see my only relative my father's sister, who is 86 and anxious to see me."

Retired Contractor To Tour Continent

(Special to the Guardian)
VANCOUVER, May 29.—With a railway ticket for the home of his family, Mr. McDonald, retired contractor, left Vancouver yesterday via the Canadian National Railways for a comprehensive tour of this continent.

Having travelled over the entire world with the exception of North America, Mr. McDonald set out from Australia with the intention of seeing the whole of the United States and Canada in a six months holiday.

His itinerary covers all cities in Canada and the majority of larger centres in the United States from Seattle, Wash., to Key West, Florida, and from Boston, Mass., to Los Angeles, Calif. His first stopping place will be Jasper National Park. Mr. McDonald plans to return to Vancouver in the early autumn prior to embarking for his home.

Little Girl Taken From Bed And Killed

(Canadian Press)
TOLEDO, Ohio, May 29.—A married woman today entered the home of Alex. Sielowski, took Dorothy, aged seven from the bed where she was sleeping with her three sisters, carried her to his automobile, attacked and killed her and then 20 minutes later threw the body on the porch of her grandparents, Mr. and Mrs. Felix Dobrzynski a few doors from the child's home.

Police immediately started search for a small man in a black suit who Sielowski said he saw drive away in front of the home a few minutes after the disappearance of Dorothy.

The coroner rendered a verdict of death by strangulation. The coroner said the child had been attacked. The father is employed in a factory and told police he had several known enemies.

REMOVED TO HOSPITAL
(Special to the Guardian)
QUEBEC, May 29.—Madame Frank McKenna, daughter of Lieut. Governor Perreault of Quebec, was removed to the St. Sacrament Hospital Saturday. The nature of her illness or condition has not been announced. She is a social leader of the province and the brilliant event arranged by her in connection with the debut of her daughter, Yvette in Quebec City, Dec. 27, 1927 was given world-wide mention and attracted many notables of the Dominion.

REMARKABLE OPERATION

GENEVA, May 29.—The remarkable operation of grafting the pancreas of a chimpanzee on a human being was performed here Saturday by Dr. Francois Ody of the Cantonal Hospital Surgical Service. The patient, a man of about 60 years of age, was reported this morning as progressing favorably. The monkey was not allowed to recover from the anaesthetic.
