

**TUESDAY**  
**JOINS H. M. S. DIANA.**—Mr. Reginald Clarkin, son of the late Mr. J. T. Clarkin of this city, who has been on garrison duty at Sydney left yesterday morning for Halifax where he will join H. M. C. S. Diana.

**DROWNING ACCIDENT.**—Relatives in this Province will deeply regret to learn of the drowning in Silvertown, B. C., on July 29th about 10 a. m., of Anne Jean, the three year old daughter of Mr. and Mrs. Angus McAuley formerly of this city. The little girl was playing with her brother, and evading their nurse they ran to the lake, the little girl in some unaccountable way falling in and being drowned before help could be secured. The sorrowing parents who were in Church when the accident happened are grief stricken as their little daughter was a winsome child and great favorite with everyone. Mr. McAuley

while in Charlottetown made many friends while on the news staff of the Examiner.

**ONE OR TWO MACHINE GUNS.**—A whirlwind campaign has been started by the O. A. to procure contributions from every member of the Order on P. E. I. for the procuring of one or two machine guns. Having obtained from the Grand Master the necessary authority a strong committee of city members are at work and will communicate with every Lodge immediately. It is earnestly hoped that every Lodge will consider this a matter of conscience. It is not only a duty but a privilege to participate in this worthy movement. All contributions forwarded to the office of G. D. Wright, Charlottetown, will be acknowledged through the Daily Papers. G. D. Wright, Chairman of Committee, C. E. McKenzie, G. L. Secretary.

**WEDDING BELLS.**—Two weddings took place late Friday of a little more than passing interest owing to the popularity of the brides. The first was that of Miss Sara Agnes Bain, daughter of Chas. W. Bain, of Yarmouth North, Yarmouth, N. S., to Geo. William Palmer, of Everett, Mass., by Rev. E. S. Mason of Port Maitland. The bride was dressed in white satin and train with veil caught up with lilies of the valley. Mr. and Mrs. Palmer left on the boat for Everett, where they will reside. The parents of the bride were former residents of Prince Edward Island. The second was that of Miss Frederic Chvick Allen, daughter of Alfred Allen, of Ivan Moores, of Yarmouth. This took place at Pleasant Valley, Rev. Roy Durkee officiating. Mr. and Mrs. Moores will reside in Yarmouth, Yarmouth Exe.

**A SAD FATALITY.**—Never in the history of Newfane has a sadder accident occurred than that of Tuesday, August 3rd, when Bryan Clay aged seventeen years, only son of Rev. Fred M. and Mrs. Clay met instant death at the Newfane Bakery, through coming in contact with a live wire carrying power to that establishment. It seems that the young man who had just completed the day's work was emerging from the bakery at about five o'clock, and for some unaccountable reason stepped upon a little cart near by and caught hold of the wire. The insulation being defective at that particular point his body received the full force of the current, and death was almost instantaneous. Medical and other help was rushed to the spot but all to no avail. Rev. Mr. Clay with Mrs. Clay were both absent at Cassaloga, New York, where Mr. Clay had just accepted a very enthusiastic call to the pastorate of the Baptist Church. Mrs. Clay was returning home and arrived about an hour after the son had passed away. This death is very untimely, and in unusual measure the sympathy of the entire town has gone out to the grief stricken family. Without conspicuous effort Bryan was one of those who somehow wove himself in the affections of all with whom he came in contact. Genial in disposition, readily acquiring and retaining friends, he was one of the most popular young men in Newfane. Sunny and cheerful by nature, he was the devoted companion of a fond father, and the joy and pride of his mother. During the frequent and sometimes prolonged absence of the father in evangelistic work, Bryan was the man of the home, loyally fulfilling his duties. In the Baptist church and Bible School, where he was so well known, will be missed, indeed. He leaves to mourn a grief stricken father and mother, and three sisters, Miss Edna of Lee, Mass., Mrs. George Goodridge of this town and Ruth at home. The funeral services were conducted by Rev. H. B. Killam, pastor of the Baptist church assisted by Rev. Mr. Burt of the Methodist Church. Immediately after the parents accompanied the body to Crapaud, Prince Edward Island, Canada, for interment at their home where they were buried. Miss Minnie was buried a few days since. May Heaven's grace uphold them in this fiery trial of their faith. Rev. Mr. Clay is well known on the Island having preached in many of the churches. Mrs. Clay was formerly Miss Deborah Brien of Crapaud. Rev. Mr. Killam the pastor of the church is also known on the Island as a pastor, many years ago. Mrs. Killam being a daughter of the late James Clark of Augustine Cove.)

**ROYAL YEAST CAKES**  
 Has been Canada's favorite yeast for more than forty years.  
 Enough for 5c. to produce 50 large loaves of fine, shining home made bread. Do not experiment, there is nothing just as good.  
**EWGILLET CO. LTD.**  
 TORONTO, ONT.  
 WINNIPEG MONTREAL

**FINE FLAG POLE.**—One of the finest flag-poles to be seen in many days' travel, was recently placed in position, by a small army of men, on the grounds of the Tryon Consolidated School. The Guardian is informed that the pole is seventy feet in height, it presents a very fine appearance indeed, and is also a credit to the ingenuity of the builder, Mr. George Pratt, to whom the school authorities and the people of the School Districts and immediate community.

**ABNEY.**—The farmers are busily engaged making their hay. Miss Viola Buell, recently for Sylvester N. S. she was accompanied on her way by her sister Miss Cilia who has again returned home accompanied by Miss Rosalie Ross of Sylvester. Mr. Percy Buell is employed with Mr. John Ross of Sylvester. Mr. Walter Buell has recently been married to Miss Gertrude Buell. He has been engaged to teach school at White Sands. The Rev. Mr. Brown and Rev. Mr. Gordon are holding regular services at Abney school house. S.

**STATIONARY HOSPITAL.**—Lieut. Col. H. E. Wood, M. P. of Fredericton, who is distributing officer for the 1st Canadian Division in France, referring to the Canadian hospitals in France, says in a recent letter: "They are best of all. Lieut. Col. Shillington's hospital at Le Touquet being the first among the Canadian hospitals. The 'Edwards' Island is represented by having three members from this province on the staff of Col. Shillington's hospital, which is No. 2 Stationary Hospital. They are Nursing Sister McLean, daughter of Hon. John McLean, Souris, Capt. J. S. Walker, Q. M., and Q. M. S., William Hughes, both of Charlottetown. There is also a ward in this hospital named after this province."

**MOTOR HAND CARS.**—It is getting more and more apparent that motor power is essential, and being adapted for purposes as quite a number of the hand cars for section work on the P. E. I. R. are being equipped with a motor engine named the "Booster" made expressly for that purpose by the International Harvester Co. which are giving excellent service. A number have already been placed on different sections. The demand has been so great that the Company is rushed to its utmost capacity to fill its orders and more are daily expected for the Island section men very shortly. This new development is certainly a labor saving and a more satisfactory way of doing the arduous work on the track.

**ENTERS NEW FIELD.**—Rev. E. J. Rattee, late of Malpeque, P. E. I., who has been minister for twelve years or more, left his family on Monday of last week for Montreal. Mr. Rattee has accepted an appointment with the Reading Camp Association of Canada, which devotes its effort to the improvement of the social and religious life of the men in the construction camps and the lumbering camps throughout the provinces of the Dominion. There are, at a conservative estimate, between 75,000 and 100,000 men in camp life in connection with the railway, lumbering and other industries of this vast country. The greater number of these are for several months of the year, many of them for the whole year, are deprived of many of the ordinary privileges which are an integral part of the settled life of the rural or city community. They are the pioneers of the vast hinterland, the vanguards of a civilization destined yet to tread its way along the steel highways they are laboring to construct, and to build its cities where now only the challenge of these sturdy toilers breaks the silence of the forest primeval. Many of them are "strangers within the gates" adopted sons of the "New Canada," more of them are sons of the soil whose fathers or grandfathers came to this land as strangers. There are those who speak not a word of English, and there are those who speak it but whose directions are given in the mind of Rev. Alfred Fitzpatrick, who, by the way, spent about three years of his early ministry in the "Scotch Colony" on the upper reaches of the St. John River, and who later in his experience in New Ontario, saw the untouched field of a very real ministry to men of the forest, and of the mountain and plain. To provide means for their social, intellectual and religious life, through the medium of reading room, night school, residential homes, and otherwise, all under the leadership of a young man of Christ-like purpose who would also take his place in the regular work of the camp—this is the kind of service that is being rendered by the Reading Camp Association, under whose direction about seventy-five men were employed last year. The large operators readily see the value of all this effort on behalf of the men and give generous encouragement and support. The movement is only a little over ten years old and from small beginnings in about seventy, is gradually growing in the scope of its activities and the efficiency of its organization. Mr. Rattee has been appointed to give leadership to the movement from Montreal east to the seaboard, which has hitherto been comparatively an untouched field. The congregation of Malpeque generously remembered both himself and members of his family on the eve of his departure. His daughter has been appointed on the staff of Pointe-Aux-Trembles school near Montreal.

**SCHOOL REOPENS.**—The Porcupine School has opened with Mr. Spindle of Upton as teacher. It will be remembered that Mr. Lawson Jenkins of Alberry Plains, who had engaged to teach in this school has volunteered his services to the Empire, hence he resigned the school.

**SAD ACCIDENT.**—A sad fatality is reported from Freetown by which Mr. and Mrs. Elton Cairns have sustained their loss of their beloved eighteen months old child Marion Jean. The babe and her little sister were playing in the yard, when in some unaccountable manner the little one fell into a watering-trough and when found life was extinct. The sympathy of the community goes out to the bereaved. The funeral took place in North Bedouque Cemetery, Sunday August 8th, and was very largely attended.

**DISTINGUISHED ISLANDER HOME.**—Mr. M. A. McQueen, barrister-at-law, Winnipeg, is visiting his old home at Orwell, and is receiving a warm welcome from friends there. Mr. McQueen is one of the leading barristers in the Canadian West. Although he has been abroad for a good many years he still has fond recollections of his birthplace and visits it as often as the opportunity permits. Incidentally it may be stated that the McQueen prizes of \$50, \$30 and \$20 for the three best students in English at Prince of Wales College come from him. On his way to Orwell Mr. McQueen stopped over a day or two in Summerside with Major and Mrs. Schurman.

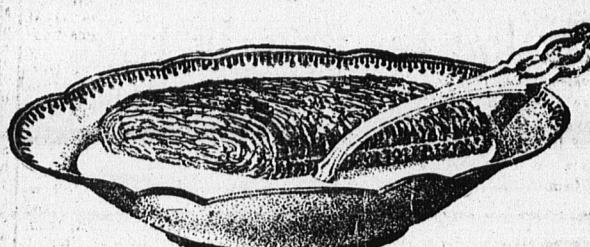

**ISLANDER DEAD.**—Mr. Frank Currie, of this city, has received a telegram from the Adjutant-General at Ottawa, informing him, with deep regret that his brother, Private John Currie, of the 13th Battalion, formerly of the 17th and previously reported missing, is now dead, according to the German list. No particulars are given as to date, place or circumstances of his death. Some time ago word came that he was a prisoner in Germany. The deceased who was 27 years of age and unmarried, was the son of the late Donald Currie and was born in Charlottetown. When about fifteen years of age he removed to New Glasgow, N. S., where he enlisted with the 17th Battalion. Besides his brother Frank in Charlottetown, he also leaves one brother, Alexander, who is now somewhere in the firing line, having enlisted in Western Canada; a brother in the United States and one sister in North-west New Brunswick.

**"Cool as a Cucumber"**

You can't hope to be as cool as a cucumber in the hot, sultry days, but you can keep your body at a comfortable temperature by eating the foods that make healthy tissue without heating the blood. Cut out meat for a few days and try

**SHREDDED WHEAT**

with berries, sliced peaches, with milk or cream. It has all the body-building material in the whole wheat grain made digestible by steam-cooking, shredding and baking. It is ready-cooked, ready-to-serve. A complete, perfect nourishing meal for the sultry days.

**WEAK AND WASTED BABIES**

More Striking Cures by Dr. Cassell's Tablets.  
 A British Medicine of World-wide Popularity.

**Baby's Cure Just Wonderful!**

Was Wasting Away for Want of Nourishment.

Just Seemed Like Skin and Bone.

Months of Treatment of No Avail.

Afterwards Completely Cured by **DR. CASSELL'S TABLETS.**

That Dr. Cassell's Tablets are as suitable for the youngest child as for adults will be a heart to all Canadian mothers when they read the following true testimony.

"I am so delighted with Dr. Cassell's Tablets that I don't know how to praise them enough. I am quite sure they saved the life of my little baby." So says Mrs. Emma Martin, a happy young mother, residing at 25, Edward street, Hesse, Hull, England. And she goes on: "Baby was only a few weeks old, poor little girl, when she fell ill, and nothing that we could do for her was of the slightest use. For months she was under treatment, and had ever so many bottles of medicine, but she only got worse. Nothing would remain on her stomach, she was just wasting away for want of nourishment. We had all sorts of infants' foods for her, but it was always the same; poor little Marjory could do nothing with them. Whatever we gave returned almost at once."

"We were told it was very severe dyspepsia, and that there was nothing to do but persevere. We did persevere. I am sure I did everything I could, but all the time my child was getting thinner and thinner till she was skin and bone. She looked like a little shrivelled up old woman. At last we lost hope altogether, and quite made up our minds that baby could never recover. Every body who saw her thought the same. She was positively dying of starvation, poor little mite, for no food at all agreed with her."

Tablets? To watch a little wasted infant turning into a big, fat, jolly baby by help of this wonderful remedy—surely that is enough to gladden any mother's heart.

**STOMACH TROUBLE**  
 So bad they thought it was hopeless

"I am sure I can never sufficiently praise Dr. Cassell's Tablets; they were the means of saving my baby's life." So says Mrs. Bate, of 8, Queen-street, Quarry Bank, Brerley Hill, England, and her praise will be echoed by every Canadian mother who has ever used Dr. Cassell's Tablets.

Mrs. Bate continued: "Baby had not been strong from birth, and when he began cutting his teeth he got ever so weak and ill. First, there was a breaking out on his little body, and then he just seemed to waste away before our eyes. We were told it was severe bowel trouble; but though everything possible was done to save him, poor baby appeared to be beyond hope of recovery. He was always in pain, with severe diarrhoea, and he got so thin that you could have almost blown him away, as the saying is. Whatever kind of food we gave him returned. He was very restless, and hardly got any sleep. We were constantly in fear that baby would die when we were not watching. We had sat up with him all one night, when next day, by a lucky chance, we read about Dr. Cassell's Tablets, and at once sent for some. Very soon there was improvement, the sickness stopped and the daily vomitings ceased. He got better and better, till now he is as well as any child could be."

"That was the position when my sister sent me one of Dr. Cassell's books, and in it was the story of a baby cure when cure seemed hopeless. I got Dr. Cassell's Tablets at once, and after a dose or two my child could retain food. Oh! how glad I was! From that time it was just wonderful how she improved. She grew bigger and bonnier every day, till now, at thirteen months old, she is just a little picture of health, as well as any baby could possibly be. I know it is all due to Dr. Cassell's Tablets, and I shall never cease to praise that health-giving preparation."

What wonder that mothers are so enthusiastic in their praise of Dr. Cassell's

**LARGEST SALE IN BRITAIN.**  
 Popularity Now World-Wide.

Surely the honest truth, as set out in the above authentic testimony, is sufficient to prove that Dr. Cassell's Tablets will do all that is claimed for them and effect cures even in severe cases. **WEDNESDAY**

**THE MARKET.**—Yesterday the Charlottetown Market presented a new appearance being thronged the entire morning by hundreds of visitors. Ready purchasers were found especially for the lovely sweet peas and other cut flowers so profusely offered. Raspberries were plentiful, selling at 20c a quart, gooseberries 10c, currants 10 to 15c qt. Chickens sold at 90c pair. Mackerel sold at 10c each, haddock 25c each and cod 5c lb.

**ISLAND LADY DEAD.**—The death of Mrs. Irving, widow of the late John P. Irving, formerly collector of the customs at Charlottetown, P. E. Island, occurred July 29th, at 1608 Hancock street, the home of her sister, Mrs. Hugh McPhail. Mrs. Irving was in her 68th year. Funeral services were conducted by her brother, Rev. W. B. King, (Basil King the author), formerly rector of Christ Church, Cambridge—The Ledger, Quincy, Mass., Aug. 3rd.

**PRIZE WINNERS.**—Photos of events in which P. E. Island soldiers figured have won a prize at the Brandon, Man., Exhibition, and the entire Dominion July 19th to July 23rd, 1915. Among the views sent by a Charlottetown exhibitor, entered for the amateur photographic "snapshot collection," were the following ("Ca-couma sailing Aug. 5th, 1914 with P. E. Artillerymen," "Northumberland sailing Sept. 10th, 1914 with 82nd Regt. Infantry," "Compan P. E. I. Artillerymen drilling at Victoria Park" and "A Company of soldiers returning from the Rifle Range.")

**Kidney Trouble?**

The waste material which the Kidneys are intended to remove from the blood, if allowed to accumulate in the system, poison the blood and thus produce deleterious effects.

If from over-work, exposure to cold, or some local injury, the kidneys become congested or inflamed and cannot perform their functions, the system becomes filled with uric poisons.

Whenever a dull, heavy pain is felt over the region of the kidneys for any length of time, accompanied by a sallow complexion, loss of appetite, decrease of weight, and a puffy condition under the eyes and in the ankles, a chronic inflammation of the kidneys must be suspected, and if not relieved promptly chronic Bright's Disease will certainly develop.

Abbey's Effervescent Salt, sold everywhere at 25c and 60c which is a Diuretic as well as an Aperient, will carry out of the system the poisonous material which the kidneys cannot get rid of, and will relieve the congestion of the kidneys.

Sold by George E. Hughes.

**Let's see what history says:**

**Away Back** The Stone Age man held a pebble in his mouth for moisture and to prevent thirst. Forlorn makeshift of an arid land. Roots and herbs served better where plant life existed.

**Between Times** Early Spanish explorers found the Aztecs used "chicle"—wholesome, pleasant and agreeably chewy—welcome relief from tropical heat.

**Today** Refined Mexican Chicle, its merits proven by the test of time, is the basis of
