—The latest news, first of all.

—On next Sunday June 19th, Rev. Professor Laird of Kingston, Ontario will preach at both services in the Malpeque Church where his father ministered for nearly twenty years. Hours of Worship, 11 a.m. and 7.30 p. m.

—A splendid gathering of Foresters and a large audience assembled in the public hall at Tryon on Wednesday evening last when addresses were delivered by Rev. Alex. McGillivray of Toronto, Rev. E. J. Rattee, H. C. R., and others. The Hon. S. E. Reid presided most acceptably. In opening he mentioned that he had been a member of the I. O. F. for twenty-four years and could heartily commend the order for the truly good work being done. Rev. E. J. Rattee gave a few instances of benefits received at P. E. I. during the past few months. A feature of the evening was the magnificent address of the Rev. Alex McGillivray. He spoke upon the story of the I. O. F. His humorous points brightened up this most interesting story and hearty applause was frequent. Before the meeting closed votes of thanks to Mr. McGillivray and the chairman were tendered with enthusiasm and the meeting closed with the National Anthem. Courts Petrel, Westmoreland and Northumberland were all well represented and the members gave vigorous testimony to the uplift they receive.

THE FARMER'S DAUGHTER.

"The Farmer's Daughter," which is to appear at the Opera House, Charlottetown, on Friday and Saturday next with Miss Avis Paige as the Star, is without doubt the best popular priced attraction this season.

The play tells a very pretty story, that of the love affair of a pure and simple country girl, who falls in love with a city chap, and despite the interference of her parents, marries him.

Soon, however, he finds her seemingly unworthy of his love, and she, broken-heartedly, departs only to educate and improve herself so as to meet the social requirements of his sect.

HORSE NOTE

The Fiss, Doerr & Carroll Horse Co., New York, the largest horse dealers in the world mark a new era in the history of the American Horse Industry in the building of a million dollar horse palace, which was recently opened with a grand horse show and sale.

M. Newgass of the Tichenor-Grand Co., New York, and Newgass & Sons, Chicago, occupied the auctioneers stand when a superb pair of draft horses christened the new building and opened the saleo by selling $25,000 the highest price ever paid in any country for draft horses.

Here is tangible evidence of the growth and development of the horse industry in America outrivaling all Europe and encouraging the American farmers to breed and improve their horses to supply the market that requires a million dollar sale barn. This means increased demand for the best horses that can be had.

Mr Connelly, vice-president of the company, is in Chicago, and gives us the particulars of the sensational sale of $25,000 for a pair of draft horses at the opening of the new building. The horses were a magnificent pair of dapple gray Percheron geldings, consigned to this opening sale by Henry Snyder Millersburg, Ohio, a large feeder and shipper, the best pair of horses in the sale. There was great rivalry for this team, and two rival contractors determined to have the team as an advertisement, and as the bidding progressed the excitement ran high, and Henry Bradley, a millionaire contractor, bought the horses at $25,000.

(Glacio the imported black Percheron stallion owned by Theo Cook, Kensington, is of the same type and is the largest Percheron stallion on Prince Edward Island.)

THE PEOPLE'S THEATRE.

Tonight the pictures at this theatre number three full reels, the first one being one of the finest Western comedies ever featured. It concerns a Cowboy, who at the point of the pistol intimadates every one he meets. He arranges a marriage with a fair maiden who comes to him from a long journey. The honeymoon passed, he is seen taking the usual course of bullying with her, and after she, like all women, has a good cry she turns the tables on him, and Pete meets his Waterloo. She is boss for a certainty, then he goes away and after she resolves to go to, she is in the stage coach he holds up. She saves the situation by the method she first took, takes Pete home, makes him sweep the floor, don an apron, and finally subdues his wild spirit in full.

Adventures of The Girl Spy will be continued, this reel being the most thrilling of the series. The Girl Spy in this case escapes through the help of an oldfarmer and his wife, gets to head quarters, and completes her mission.

The Quarryman's Daughter will be shown for the last time, and Ralph Bragg will repeat the comedy success of last evening along with the illustrated song "My Fluffy de Ruff."

Mr Bragg is as good in comedy as in the heavier class of songs, and his voice is far and away the finest ever heard in the People's Theatre. Good shows—splendid hall—cleanliness and sanitation a feature throughout.

Do you know that without a Safe the vital part of your business is in danger?

The absolute necessity for and the unquestionable usefulness of a Fire Proof Safe:

Buildings, stocks, furniture, the library and even the owner's life and all life excepted, can be duplicated for money, but commercial papers, correspondence, records of money owing you and the various written results of your years of hard work, after a destructive fire your only salvation lies in the records of your business, your insurance policies, inventory of stock, too, prove insurance claims. Neglect to protect these, leave your family and yourself open to embarrassments if fire should visit you. The one way to insure absolute safety is to give these priceless documents the protection they deserve—the protection of a Pittsburg Fire Proof Safe—the safe that has withstood the fiercest fires and never yet sustained a single loss. The Pittsburg Fire Proof Safe, sold by A.F. Moeckel, Halifax, are not expensive because they are made in the heart of the world's steel industry, where the best material and the most perfect workmanship cost least, operating the largest ground floor factory in the world with electric equipments throughout and being imported direct from factory to the purchaser enables us to carry out our motto of "Large Sales and Small Profits." I want to show you how you can buy a Pittsburg Safe from A.F. Moeckel for less money than you would have to pay for an inferior safe. If you will sign the coupon and mail same I will be glad to give you facts of the safe question and leave you to decide for yourself. Take this precaution now while you have the chance.
