ATTENTION FARMERS

The Government has decided to carry on the same policy in regard to limestone as was in operation in 1938. Limestone will cost you \$2.80 per ton in bulk at your railway station. This price will be available during the balance of 1939 only.

The results obtained from the 8000 tons of lime distributed last year justifies the Government in continuing this policy.

You will order lime direct from the Company, either the Brookville Lime Company Ltd., or the Snowflake Lime Co., both of Saint John, N.B. Your car will be shipped sight draft attached to bill of lading for the net cost to you. The Department of Agriculture will deal direct with the Company for the balance of the cost. Estimate your requirements and place your order at an early date.

LIME

For the accommodation of the farmers near Charlottetown who trade with us we will have a supply of Lime for sale during the next couple of weeks. If you have a truck load of potatoes or turnips coming to us we will give you a pretty good rate on Lime. We want a return load.

New POTATO GRADER

I invite all farmers and dealers marketing their potatoes both Seed and Table Stock at Charlottetown to come and see in operation the new Electric Potato Grader with the two picking tables attached.

The amount of Potatoes that we have been handling this past week to ten days has made it necessary for me to equip the business with larger graders that can handle and grade a couple of carloads a day.

SEED POTATOES

Contrary to reports circulated we have permission from the Seed Department after bin inspection has been performed to haul and grade at Charlottetown your Certified Seed.

If interested call at the office and we will give you full and complete details relative to our method.

POTATOES

We are prepared to buy your potatoes bin run both Seed and Table Stock and will take your No. 1's and your No. 2's and also buy your culls.

TURNIPS

The turnip movement is slow. The weather is not favorable but we have built a nice outfit for both Waxed and Plain Turnips.

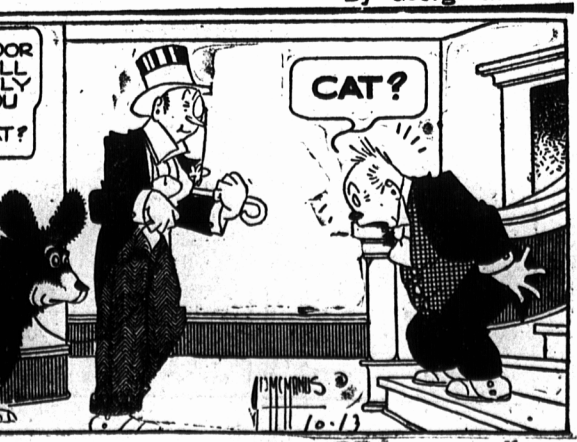

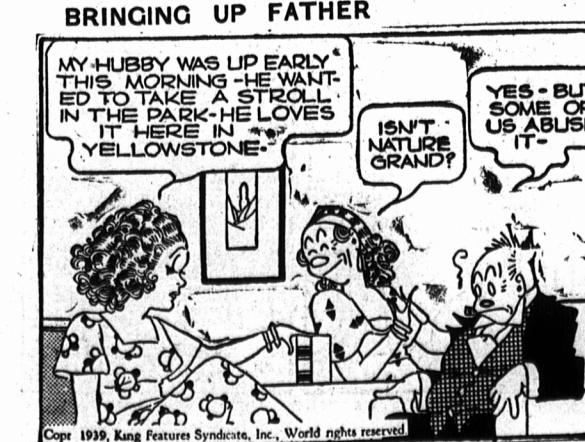

I want the farmers near Charlottetown to clearly understand that I do not expect to market their turnips and allow some other Dealer to handle their potatoes. If you plan to sell part of your potatoes through us we will look after part of your turnips. Please call at the office and make arrangements.
