Dundas Dairying Has Good Year

PATRONS AND SHAREHOLDERS OF THE DUNDAS DAIRYING ASSN.

It falls to my lot and I feel it my duty to submit to this Annual Meeting of the Dundas Dairying Assn a brief report for the season just closed and to show how your directors have conducted the business for the past year.

The expense in connection with any repairs was very light, and I might say that your directors, and Secretary, were at all times very economical and careful, regarding expenses, when any repairs or supplies were required.

A new sill was placed under the north end of the factory and as you can see some shingling was done with slight expense. Some painting was also done on the inside by the Cheesemaker, Mr. McCormac.

By unanimous consent of your directors, the ice-house and parts of the butter plant were set up and sold by Public Auction. The house was sold to R. Hunter for \$1200 and the other articles to several parties.

the Province. The double duty he now performs is attended with many anxieties from which the Captain should be protected. Not long ago during the time the late Mr. O'Donnell was general manager of railways at Moncton he discovered that it was not an uncommon occurrence for the Captain to leave the command of the steamer to another while the Captain was directing the operations of another crew on Ferry View Farm. Mr. O'Donnell was not satisfied with the condition of affairs so discovered and issued an order against its continuance. Whether this order has been strictly obeyed or not I cannot say but in the interests of the Captain's farming operations which all would like to see flourish and prosper and of a better service at the Cape the change suggested by Mr. Fisher should be made as speedily as possible.

IN MEMORIAM

MRS. LAWRENCE J. BYRNE

There passed peacefully away at Moncton on January 15th an old and highly respected lady in the person of Mrs. Lawrence J. Byrne at the ripe age of 80 years. Deceased had always enjoyed robust health and possessed a strong constitution and was working about the house as usual when she was suddenly stricken with heart failure and despite all that medical skill and kind friends could do after nine days illness, on Wednesday afternoon she passed peacefully away to enjoy as we hope the reward of a

Sleeplessness

Sleeplessness, like insanity, is greatly on the increase. Modern life, with its hurry and worry and noise, brings an enormous strain on the brain and nerves. The temptation to depend on sleeping powders or tablets must be fought off if you would avoid catastrophe. Means of reconstructing the starved nerve cells must be sought. Since the digestive system fails to supply nourishment to the blood and nerves it is necessary to employ such treatment as DR. CHASE'S NERVE FOOD to instil new strength and energy into the tired nerves. This is Nature's way of affording lasting relief.

long and well spent life. Her maiden name previous to her marriage was Annie Goodfellow, she being the last of that family, all the rest having predeceased her years before, resided on Byrne's Road for over half a century until the death of her husband where she went to live with her daughter Mrs. Vincent McGrath who tenderly cared for her up to the time of her death. She leaves to mourn her loss a family of four sons and four daughters: Mrs. Duncan Coffin, Mrs. Vincent McGrath and John Byrne in Moncton; Edward in Dundee; James, Lawrence and Mary Ann in Massachusetts and Mrs. Wm. Gormley in Alberta to whom is extended sincere sympathy; three daughters and one son having predeceased her. The late Mrs. Byrne was a woman of excellent character, kind and charitable, always ready and willing to lend a helping hand in any way to those who were in need, and to whom she was liked and respected by all who knew her. She was visited during her illness by her Pastor, Rev. Joseph Rooney from whom she received the last rites of the Roman Catholic Church of which she was always a devoted member, always present in God's House when able to go. Her funeral took place on the 18th inst and was largely attended, there being about seventy sleighs which testified to the high esteem in which she was held. The pall bearers were: Patrick Hughes, Ambrose Barry, George Byrne, James Fitzgerald, Michael Gormley and William Walsh. The services at the church and grave were conducted by the Pastor, Rev. Joseph Rooney after which her remains were laid to rest beside her husband to await a happy and glorious resurrection.—May her soul rest in peace.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.
