Have You Appointed A Trustee Under Your Will?

The following is evidence of the necessity:—

Extract from the address before Detroit Bankers' Club by Joseph T. Talbert, Vice-President National City Bank of New York.

"A well known Life Insurance Company has been following up all its death losses of five Thousand Dollars and over. As a result of its investigation it finds that after seven years ninety per cent of the beneficiaries have lost or spent the entire amount paid to them."

This Company acts in the capacity of Trustee under will.

Call and let us explain the matter, as it affects your estate.

New Haven Fox Co.

Share in the Profits of 1914

Shares $25.00 Each

An Established Ranch That Has Met With Success

It would seem to be a safe investment to invest your money in a proposition that has been paying good dividends. This is what they have been doing in the New Haven Ranch.

This ranch was started about four years ago and has met with good success.

In the New Haven Ranch are a number of foxes, owned by private parties, who have merged their interests and formed a joint stock company to be known as the New Haven Fox Company, Limited.

In this ranch are a number of proved breeders who have paid handsome dividends to the owners during the past years.

A Good Proposition

This we believe to be the best opportunity offered this season and should pay dividends of not less than 75 per cent, and it is quite possible for a proposition of this kind to pay 300 per cent.

We known of instances where people in this province have made 1300 per cent in a similar proposition.

Shares $25.00 Each

The Stock Consists of

seven pairs of foxes, one Silver Black male and a female purchased from Mr. J. R. Dinnis. The male is the father in 1913 of three pups, and the female had a litter of four 1912 and three in 1913; also a cross male father of a litter of three in 1912 and six in 1913.

Also two females born in the ranch from the Dinnis parents, and three beautiful Silver Black Foxes, purchased in the Peace River District, and equal in appearance to any foxes in the province—beautiful specimens of the Silver Black Fox. In many ranches foxes are capitalized at $16,000.00 which are no better than these; and yet the total capital of this company is only $32,000.00 for seven pairs of foxes, or an average of $4571.00 per pair.

If you will carefully read the Hudson Bay Company Fur Sales Reports you will observe that foxes from this district are commanding almost as high a price as our own coveted Silver Black Foxes.

Also one pair of good Patches from litter of five, 1913, full brother sold for $6000.00 this season.

One good pair of cross foxes from prolific stock; male shows some rust; female 90 per cent black.

One good pair of Western Patches of good size and quality,

Important! to Users of Fox Netting

Owing to the large number of inquiries from all over Canada for Fox Netting, we strongly advise intending ranchers to book their requirements with us as soon as possible. We have bought over 3000 Rolls of the celebrated "ORB" Brand Netting, which is justly admitted by those who have used different makes to be the best Netting manufactured to-day. "ORB BRAND" Netting is specially made for us by the largest makers in England, and is guaranteed by them and by us. As the demand will be enormous this year, intending purchasers should book their requirements as soon as possible, so as to insure prompt delivery when required. Our price on "ORB BRAND" Netting is guaranteed as low as the cheaper grades, which, on examination, are poorly galvanized and which will rust and break in a short time. We are the largest dealers of Fox Netting in the Dominion; the reason is because we can make prompt shipments of all sizes and our price is the lowest obtainable. We will be pleased to figure on your wants in this line. Send your order in now. Dont delay.

Use "Orb Brand" the Netting with a eputation

Don't Take A Chance With Inferior Netting. Buy "Orb Brand"

Foxes are altogether too valuable to run any risks of them escaping through the use of poor Netting. It is altogether a too common occurrence for these valuable animals to escape by breaking their way through a wire fence. This does not happen when your ranch is secured by "ORB BRAND" Netting. You are insured against such happenings. "ORB BRAND" Netting is made by the latest and most improved machinery. It unrolls very flat, and the meshes are very uniform, regular, and well and truly shaped. The wire used in making this netting is specially selected and of superior quality, so as to obtain the highest possible strain; and being very heavily galvanized before as well as after being woven, extreme durability is assured which is a matter of great importance to fox ranchers.
