CHINKIANG EVACUATED BY CANTONESE

Latter Are Retreating In the Direction of Shanghai, Making Further Steps For the Protection of Foreigners Necessary.

(Canadian Press) LONDON, April 11.—All reports from China today agreed that the Cantonese have evacuated Chinkiang, on the southern bank of the Yangtze River, 42 miles east of Nanking and are in disorderly retreat in the direction of Shanghai, making it necessary to take further steps for the protection of foreigners in the international settlement of the latter city.

The Cantonese captured Chinkiang about the time they forced the northerners out of Nanking.

Cantonese Agents Executed

(SHANGHAI, April 11.—Cantonese (Nationalist) agents, about 150 of them, are reported in radio despatches to have been executed in the Tsingtao region the last few days by the Shantung military authorities.

Not an Ultimatum

WASHINGTON, April 11.—Identical demands for reparations because of the Nanking outrages presented to Cantonese military and political authority today on behalf of the five major powers, are understood to be brief and strongly worded, but to contain no ultimatum.

Rev R. G. Fulton To Head N. B. Liquor Board

SAINT JOHN, N. B., April 8.—A special meeting of the official Board of Centenary United Church was held today to consider the resignation of the pastor, Rev. R. G. Fulton, in his remarks Mr. Fulton stated that his name had been mentioned in the press for the position of Chairman of the New Brunswick Liquor Commission, and because of this he considered it wise to call the board together and present to them his resignation. This was upon motion accepted, and a committee was appointed to draft a suitable resolution expressing appreciation of his services during the six years of his pastorate. At the request of the meeting Mr. Fulton agreed to conduct the services of the church on the coming Sunday.

NOTHING OFFICIAL

A committee was appointed to take into consideration the matter of a successor of Mr. Fulton. When it is understood that Mr. Fulton's name has been mentioned in connection with the chairmanship of the New Brunswick Liquor Commission under the new law which is now before the House, no official appointment has been made.

Toronto Novelist Wins Competition

(Special to the Guardian) TORONTO, April 11.—High honor comes to Canadian literature through the winning of a \$10,000 prize for a novel by Miss Mazo De La Roche of 86 Yorkville Avenue. The prize, which was won against 1,200 competitors from the United States, Great Britain, and other lands, was given by the Atlantic Monthly, which has been for generations one of the soundest and best edited periodicals in the English language.

Annual Meeting Ch'town Hotel Company Limited

The annual meeting of the Charlottetown Hotel, Co. Ltd., proprietors of the Victoria and Queen Hotels, was held last evening in the Hotel Victoria. The meeting was presided by a splendid supper, partaken of by about forty shareholders.

The president, Mr. W. K. Rogers, made his annual report which showed a very satisfactory business for 1926, but not as large or profitable as the record year of 1925, the falling off in profits being due to the very severe winter and high rates of 1926.

Mr. Rogers reported properties in excellent condition and that there was every indication of good earnings for 1927.

Secy-Treasurer Lt. Col. D. A. MacKinnon, submitted the financial statement, which showed a healthy balance after due allowance for depreciation. He outlined a plan to finance the improvements which are very necessary on the Victoria Hotel, namely the building of a new help quarters, the building of a new lavatory, and the repainting and repainting of the exterior of the Hotel.

To pay for these improvements the directors proposed to issue the \$20,000 stock which was to have been issued in 1919, but which could not be sold then. This would bring the capital of the hotels up to \$80,000, and they were worth, he said, \$120,000.

Mr. G. F. Hutchison moved a vote of thanks to the directors for the very excellent service to the company given without any remuneration. This was very cordially supported and carried.

A resolution of sympathy for Mrs. Harry Brown, wife of Manager Brown, was passed. Mrs. Brown has been ill for a few weeks but is now happily regaining her health.

The old board of directors were re-elected as follows: President—W. K. Rogers. 1st Vice-Pres.—S. A. McLeod. 2nd Vice-Pres.—G. D. Wright. Director—T. W. L. Prowse. Secy.—Treas.—Lt. Col. D. A. MacKinnon, D. S. O.

services of his pastorate in Centenary United Church last night, and a formal statement to his congregation regarding his resignation as pastor of the church, and his reasons for considering the appointment to the chairmanship of the New Brunswick Liquor Commission.

Mr. Fulton said in part: "The result of my study has led me to the conviction that it is useless to enact a law which will not be supported by the moral sentiment of the people. It is out of the question to legislate people into righteousness. The conditions which prevail in this city today sustain this statement, without reference to 'boot-leggers' who deliver your order to your door, we have forty beer shops and at least eight vendors. My study has further led me to conclude that under the existing conditions the only course to pursue is to create legal methods for the purchase of liquor, accompanied by severe penalties in every case."

RELIEF FOR THE BRITISH TAXPAYER

Mr. Churchill Announces New Source of Revenue in Annual Budget Speech—Government Depts. Abolished and New Duties Imposed.

(Special to the Guardian) LONDON, April 11.—Chancellor of the Exchequer Winston Churchill today detailed the unfavorable condition of the treasury in a budget speech which announced drastic measures to relieve the tremulously hurried British taxpayer where it was possible to do so.

Speaking before a crowded House of Commons and with the country anxiously awaiting his words, Mr. Churchill announced the government did not propose to "enue the American credits obtained to safeguard the post-war transition to a gold standard."

Mr. Churchill impressively struck the cost of the general strike and the coal strike which began a few days more than a year ago and whose injury to British trade, the Chancellor said had been "very deep, deeper than many of us are willing to persuade ourselves was the fact."

The ministry of transport, the mines dept. and the overseas dept. Mr. Churchill announced, would be abolished during the current financial year, new duties to be levied on services would be markedly limited.

Payments on War Debt. LONDON, April 11.—During the course of his budget speech in the House of Commons this afternoon, Rt. Hon. Winston Churchill, Chancellor of the Exchequer, pointed out that during the past five years Britain has paid the United States \$1,620,000,000, against the war debt owed the U. S. Reserves in gold were larger than last year, and there had been no need to touch "those large provisional American credits which were brought in to safeguard the operations of the return to the gold standard."

Taxation Changes. LONDON, April 11.—Rt. Hon. Winston Churchill proposed the following changes in taxation in his budget speech before the House of Commons today: 1—A tax on certain imported films effective tomorrow.

2—Amendment of the law enabling collection of income tax with respect to copyright payments to non-resident playwrights.

3—A tax on imported motor tires within the limit of the duties (presumably meaning 33 1/3 percent) effective tomorrow.

4—A tax of 8 pence per pound on imported and unmanufactured tobacco, effective tomorrow.

5—A duty on tableware and pottery to produce \$1,000,000 in a full year.

6—Raise the customs excise duty on matches by approximately 20 percent.

7—A tax of five shillings per gallon on non-empire wines containing more than 25 proof of spirits. This tax, Churchill estimated, would produce \$7,500,000 in a full year.

8—A tax of one shilling per gallon on home produced wines.

REGULAR MONTHLY MEETING OF THE CITY COUNCIL

Held Last Evening—City to Purchase Street Cleaning Equipment This Summer—Reports of Different Departments.

The regular monthly meeting of the City Council was held last night in the Council Chambers with His Worship the Mayor, City Recorder and all the Councillors present.

After the reading and adoption of the minutes of the previous meeting, a communication was read from Mr. Arthur Chandler asking that a suit of clothes and a pair of rubber boots ruined in his son's recent accident be replaced. It was moved by Councillor Moran and seconded by Councillor Hennessey that the matter be left in the hands of the Chairman of the Finance Committee.

A communication was read from Messrs. E. E. Parkman and Charles H. Beer asking that the establishment conducted by Mr. H. Foster on corner of Park and Euston Streets be closed down, owing to the nuisance incurred by automobiles running the lawns and further, to the annoyance of having to listen to improper language of those loitering about the premises.

This was referred to the Chairman of the Police Committee to confer with His Honor the Magistrate. The report of the Health Officer, which stated that there is one case of smallpox in the City, on Great George Street.

Dr. I. E. Croken, Meat and Milk Inspector read to the Council the following letters from the Veterinary Director General, Ottawa, which speak for themselves: Ottawa, March 14, 1927.

Dear Sir:—I beg to acknowledge the receipt of your letter of March 10th, in which you enclose a by-law passed by the Municipality of Charlottetown governing the sale of milk and cream in that city.

In reply to your query in this connection I would say that as the percentage of bovine tuberculosis in that area is less than one per cent. at the general test conducted under the restricted area plan this Department does not intend to conduct another general test for a period of three years. I am not, therefore, in a position to make any arrangements for special tests of cattle supplying milk to your city.

Yours sincerely, GEO. HILTON, Veterinary Director General. Ottawa, March 21, 1927.

Dear Dr. Croken, Meat and Milk Inspector, Board of Health Charlottetown, P. E. Island. I beg to acknowledge the receipt of your communication of the 17th instant, with further reference to the test of cattle for the Municipality of Charlottetown.

In reply I would state that when this Department accepts an area under the restricted area plan it does not permit the municipal or provincial authorities to conduct tuberculin tests of cattle. Out of not more than 59 per cent. of infection found on the island among over 94,000 cattle, you need have no fear with regard to the safety of the milk supply in Charlottetown, or in any part of the island.

Yours faithfully, A. E. CAMERON, Veterinary Director General. Councillor Yeo asked Dr. Croken about present conditions of the dairies in the Province, and if they have improved over previous years. Dr. Croken said there was a big improvement the past three years. There are a number however, he continued, that have no up-to-date milk houses, while the majority have excellent arrangements. He said he felt that the others would fall into line in the near future. He was going to keep after them at any rate.

Councillor Moran, Chairman of the Public Property Committee reported that the tender for machines for cleaning streets submitted by the Ford people would be placed in the hands of the City Clerk. Councillor Blanchard, Chairman of the Market Committee said that Mr. C. J. Gallagher has asked that a Committee of electricians be appointed to inspect the wiring of the Market Building.

Councillor Moran said that he was looking into the matter and would have the inspection of the wiring today. Considerable discussion arose over the Charlottetown Bowling Alley management's request that the City whitewash the ceiling of said Alley.

Councillor Yeo suggested that a special committee be appointed to look into the matter to report at the next general meeting of the Council. Councillor Hennessey, Chairman of the Police Committee said he had nothing to report. He wished, however, to call the attention of the Council to the splendid service given by the police department by the two special police, Officers Thomas Taylor and Peter Bradley, recently appointed and suggested that one of these officers be retained indefinitely.

REPARATIONS FOR DAMAGES IS DEMANDED

Powers Demand Punishment for Those Responsible for Nanking Outrages.

(Special to the Guardian) SHANGHAI, April 11.—The consuls of Great Britain, the United States, France, Japan and Italy today presented a note to the Cantonese containing three demands in consequence of the anti-foreign rioting at Nanking of March 24th.

The demands given out by the Chinese authorities are: 1—Punishment of the commanders and troops responsible for the killing and wounding of foreigners, for the indignities to which others were subjected and for the material damage done.

2—A written apology by the commander-in-chief of the Cantonese armies and a formal promise to abstain from violence against foreigners lives and interests.

3—Full reparations for the injuries and damages. Unless the Cantonese prove their intention to comply without delay the powers warned that they would be compelled to take such steps as they considered necessary.

Councillor Hennessey said that in the first place Police Officer Taylor should not have been pensioned off the force, as he was as good as any officer on the payroll. He thought the Department was doing a good turn for the citizens in having these extra police officers on the force. He added that robbers were rampant before these men were appointed, but since their coming on the force on March 18th last, not one robbery was perpetrated. He also referred to Victoria Park vandals or "grass-hoppers" who haunt the park day and night during the summer months. These excuses for men have got to be rounded up, and if I have anything to do with it a special officer will be placed there this coming summer.

Councillor Foster asked the police Chairman if it was a fact that since the extra policemen have been appointed, there were not two or more than two policemen in the station at one time. Councillor Hennessey said, not since March 18th last when these men were appointed, but added that before that, he visited the station on more than one occasion between the hours of three and five in the morning and found three policemen asleep—and the door locked. He further remarked that he wanted a square deal done by the men, but would not stand for any policemen terror to his home, and as a consequence no robberies have been lately reported. He added it was a wise move and money well spent.

Councillor Moran asked the City Recorder if he had committed the boy, referred to above, to a home in Halifax, and if so the Children's Aid Society would see that he be taken care of. His Honor replied that he had the case under consideration and same would be attended to.

The Chief of Police on being asked why the boy was being kept in the Station, replied that every time the boy was liberated he would make another "break" and was back again at headquarters, the case was reported as "still pending."

Councillor Foster, Chairman of the Fire Committee said there was little to report from his department except that the reservoirs about the city are to be drained, refilled and repaired. He referred to the hydrants, which he said would be equipped for double coupling, thereby permitting four streams of hose on a hydrant instead of two as in the present case.

Councillor Kennedy, Chairman of the Light Committee had nothing to report.

Councillor Dougan, Chairman of the Health Committee asked if the unsanitary condition of the drain back of the Condensed Milk Factory was attended to.

Councillor Yeo, Chairman of the Streets Committee presented a resolution accepting the tender of the Universal Motors for the supplying of street cleaning machinery to cost \$2,750. Councillor Yeo said that all tenders were given every consideration and same were thoroughly discussed from every angle. He stated that tenders varied all

Great Foreign Fleet In Chinese Waters

(Canadian Press) SHANGHAI, April 11.—China's troubles have brought together in Chinese waters the greatest international naval concentration ever seen in the Orient for the protection of foreign lives and interests.

Shanghai presents today a greater array of foreign fighting craft, flying the flags of eight non-Chinese nations, than any other port in the world.

There are 173 fighting ships in Chinese waters, besides thirty odd naval auxiliaries such as transports, colliers, tugs and similar vessels. The nations represented by this Great Armada, are Great Britain, the United States, France, Japan, Italy, Spain, Portugal and the Netherlands. In command are eight admirals, three British, three American, one Japanese and one French.

There was no commission then. The matter was dealt with on the floor of the House. The appointment of a commission is only sidestepping the thing. We are not saying anything derogatory to the commission itself, he said, they were great men.

"I oppose the resolutions on the ground that they are derogatory to the dignity and honor of this August assembly," he said. "If we are going to continue at the next conference of getting favors by giving thanks no man in the Province would want anything to do with such a conference."

Mr. Dennis, Liberal member from O'Leary, in supporting the resolutions thought that neither the House nor the people would consider it an insult but an appreciation of what has been done for the people. It is a matter of courtesy to express gratitude and appreciation. The province had no legal claim, he said. The claims were moral ones. Such claims very often are not recognized by public men. Common justice demands an expression of appreciation. It was the Prime Minister and his cabinet which gave us the increase.

Mr. McPhee in speaking on the resolution said he had little to add to what the Premier had already said. The attitude of the government had always been that the Province had certain legal claims against the Dominion. Our position, he said, in regard to the Dominion of Canada, is the same as that of creditor and debtor—There is a balance remaining due and it is not the practice of a creditor to overwhelm the debtor with thanks when he receives a belated credit on account. The Honorable Leader of the Opposition repeats over and over again that we have received generous and voluntary contributions, he said. It is not generosity to receive that which is justly owed.

On motion of Mr. Buntain a bill to incorporate the St. Catharines' Hall Company was read a second time, committed, and agreed to without amendment. Mr. Hunter in the chair.

On motion of Hon. Dr. McMillan a bill for an act to amend an act to incorporate the Prince Edward Island Cooperative Egg and Poultry Association, was read a second time and committed. Mr. Buntain in the chair. The bill was agreed to with amendments.

At 5:50 House took recess until 8 o'clock. In the evening House began at 8:15. The bill for an act to amend the Statute Law, was on motion of the Leader of the House read a second time committed, and agreed to without amendments, with Mr. McNevin in the chair.

On motion of Hon. Dr. McMillan a resolution moved by Mr. Blanchard and seconded by the Leader of the Opposition, that the Legislature of the Province of Prince Edward Island record its thanks and appreciation accorded to this Province by the Liberal Government at Ottawa, for assisting in bringing about the Railway Grant and Duncan Commission, was defeated by a vote of 18-8.

The Honorable the Premier, in speaking on the resolution, said that never in the Journals of the House, where a vote of thanks was tendered to members for merely doing their duty. The resolution is tinged with partisan politics and the Opposition were merely copying their conferees in New Brunswick, where a like resolution was presented an editorial in an independent Liberal paper there, scored the resolution especially in the direction of the resolutions catering to partisan politics. Moreover, said Premier Stewart, the preamble is not correct.

The general principle of the resolution is too small, he continued. We have always been noted for our independent spirit, and we are not seeking charity. We have traditions to uphold and we are not going to bestir the honor of our forefathers by passing a resolution of this kind. Continuing, he said that as far as he knew Prime Minister Mackenzie King, he thought him too big a man to pay attention to resolutions of this kind for merely doing his duty. In 1912 when the Province got the \$100,000 subsidy

FOUR-MASTED SCHOONER WENT TO THE BOTTOM

Captain and Crew Exhausted After Two Days at Pumps.

(Canadian Press) PROVINCETOWN, Mass., April 11.—A two day struggle at the pumps to save the four masted schooner Fred W. S. Thurlow, of Boston failed and the vessel foundered 85 miles east of Highland Light Saturday noon, soon after the Gloucester fishing schooner Baystate, which landed the Captain and the eight members of the crew here yesterday effected a rescue.

Every man of the crew and Captain F. L. Clapp, was exhausted when they were brought ashore here. Captain Clapp told the story of the fight against the gale which swept down on the schooner Thursday night. The sails were stripped from the masts, he said, and soon after the storm struck the vessel sprang a leak which sent all hands to the pumps.

The water crept up in the hold despite the stream pouring out of the pumps and at noon on Saturday within sight of the men who had worked to save her and soon after they had been taken off by the Baystate she slipped under and carried her cargo of 1,700 tons of coal to the bottom.

the bill for an act to further amend the act was read a third time and passed. On motion of Hon. Mr. Arsenault the bill for an act to incorporate the Trustees of the Christian Church, Cross Roads, Lot 48, was read a third time and passed.

On motion of Hon. Premier Stewart the bill for an act to amend the Income and Personal Property Taxation Act was read a third time and passed.

On motion of Hon. Premier Stewart the bill for an act to amend the Land Assessment Act, 1924, was read a third time and passed.

On motion of Hon. Premier Stewart the bill for an act to further amend the Trustee Act, 1910 was read a second time and agreed to with amendment, Mr. McNutt in the chair.

On motion of Mr. Saunderson, he bill for an act to incorporate the Temperance Alliance of Prince Edward Island, was recommitted, Mr. Dennis in the chair.

Before the bill was considered, the Honorable the Premier, arose and objected to an editorial as appeared in the Patriot. He read the following: "Further, a clause exempting the members of the Alliance from personal liability for any debt contracted by the corporation was also struck out. The Premier did this under the plea that 'the purpose of the Alliance was moral and not commercial.'"
