Summerside, tomorrow morning.

services in the Presbyterian church,

and Traveler's Rest a lady's straw hat.  
Finder please leave at Guardian office and  
get reward. 8-8441

Advertisers and subscribers in  
Alberton and vicinity are asked to hand  
all matters for The Guardian to Herbert  
Clark, the company's agent at that place.

A mysterious man will be at the  
Foresters picnic at Bedouque on Aug.  
21st. Two dollars in gold, if you can  
detect him. 8-84141

Reader, you are invited to the Fore-  
sters' picnic at Bedouque, August twenty-  
first. Games and amusements of all kinds.  
See handbills for particulars. 8-84141

In his manufacturing mill on Wednes-  
day, Geo. Ward of Alberton, met with a  
severe and painful accident by which he  
lost the thumb of his left hand and had the  
palm of the same hand badly gashed.  
The accident happened while he was  
trimming lumber with the circular saw.

It pays to advertise in The Guardian.  
Within the past few days a short local  
has found a horse, a gold watch, a gold  
locket and other articles too numerous to  
mention. It is now after a straw hat  
and is the usual scarcity of fodder has not  
created an extraordinary demand in that  
direction, the hat will be in before many  
days.

What has happened the six o'clock  
closing system in Summerside? Some two  
or three years ago a most binding con-  
tract was entered into to observe certain  
hours for closing in certain seasons  
throughout the year. According  
to contract the six o'clock season is now  
on, but apparently it has been forgotten.  
Would it not be well to revive a system  
that has worked so satisfactorily here  
and elsewhere? Summerside is said to be  
the only place in the civilized world  
where the general stores are not closed in  
the summer at six o'clock.

Mrs. (Capt.) Rhynard entertained about  
twenty of her lady friends to a picnic at  
Bedouque yesterday afternoon in honor of  
Mrs. E. Sutherland and Miss B. Lloy,  
Halifax; Mrs. Kaulback, Cambridge, Mass.;  
and Mrs. Thompson, Bangor, Maine. The  
party enjoyed a very pleasant afternoon  
and speaks in the highest terms of the  
excellent entertainment and material fur-  
nished by the kind hostess. Mr. and Mrs.  
Snoekton, Petticoat, who are camped  
at Bedouque, joined the party by invita-  
tion and added much to the enjoyableness  
of the occasion.

Miss Inez Arnold, Boston, is visiting  
in Summerside, the guest of Mrs. P. E.  
Rimsay.

Lost between Summerside and  
Malpeque a lady's gold chain and locket  
with letters A. B. C. Reward offered at  
Guardian Office, Summerside. 8-8441

Advertisers and subscribers in  
Summerside and vicinity are asked to  
hand all matters for The Guardian to D.  
K. Currie, the company's agent at that  
place.

Mrs. Leslie A. Wright, Summerside,  
entertained a number of friends last night  
at a lawn party. The grounds were  
artificially decorated with Japanese  
lanterns and lamp lights and the proceed-  
ings throughout were most enjoyable.

W. A. Huestis, Charlottetown, who  
has been rustling in Summerside, re-  
turned yesterday from a fishing trip west.  
He brought home about one hundred and  
thirty of the finest looking deep sea trout  
seen in Summerside for some time.  
They weighed from two to three and one-  
half pounds and were genuine beauties.  
Leslie A. Wright and Mr. Nagle, St. John,  
accompanied Mr. Huestis on this trip and  
contributed their share to the catch.

Charles Matthews, an aged and  
esteemed resident of Alberton, died at  
his home on Wednesday, after an illness  
of several months. He is survived by a  
large family all of whom are married with  
the exception of Maud, at home. Mr.  
Matthews was a successful farmer and for  
many years, he conducted a meat delivery  
business. During the past week or so  
his condition became such—that his death  
was not at all unexpected. Deceased was  
seventy-two years of age.

### MOTHER'S ANXIETY.

The summer months are a time of  
anxiety for mothers because they are the  
most dangerous months in the year for  
babies and young children. Stomach and  
hot weather troubles some quickly during the  
summer months and almost before the mother  
realizes that there is danger the little one  
may be beyond aid. Baby's Own Tablets  
will prevent summer complaints if given  
occasionally because they keep the  
stomach and bowels free from offending  
matter. And the Tablets will cure these  
troubles if they occur suddenly. The  
wise mother should keep these Tablets  
always at hand and give them occasion-  
ally to her children. The Tablets can be  
given with equal success to the new born  
baby or the well grown child. They  
always do good; they cannot possibly do  
harm, and the mother has the greatest  
of a Government analyst that this medi-  
cine does not contain one particle of  
opiate or harmful drug. Sold by all  
medicine dealers or by mail at 25 cents a  
box from the Dr. Williams' Medicine Co.,  
Brookline, Ont.

### THE GUARDIAN

### COVERS THE FIELD

The Guardian covers the City and Pro-  
vince within which it is published more  
fully and completely than any other news-  
paper printed in Canada.

With a daily circulation of its morning  
and evening editions now about 8,000 and  
growing from day to day, it has broken  
all records for a daily publication in a  
small community.

Charlottetown has a population of 12,000  
and Prince Edward Island has 103,000. The  
Guardian's daily circulation is therefore  
as 1 to 14 of population in the city in  
which it is published, or 1 to 13 of the  
population of the Province. This is, the  
management believes, unequalled by any  
daily newspaper published in Canada.

Take one or two comparisons with other  
leading newspapers in other cities and  
Provinces.

St. John has a population of 40,000 and  
the Province of New Brunswick 800,000.  
St. John has five newspapers and among  
these The Telegraph and The Sun are  
perhaps the foremost. Each claims a cir-  
culation of about 8,000, or say as 1 to 50  
of the population of that city and 1 to 40 of  
the population of the Province.

Or again: Toronto has a population of  
one 250,000 and the Province of Ontario  
about 2,225,000. The Toronto Globe is a  
great Canadian newspaper, known all  
over the world as one of the foremost  
publications. The Globe's published daily cir-  
culation is slightly under 20,000. That is  
as 1 to 5 of the population of Toronto and  
1 to 44 of the population of Ontario.

The point is that the Guardian  
covers the field of its circulation three  
and a half times as well, if compared  
with population of the city, and over  
three times as well, taking the popula-  
tion of its Province, as the best New  
Brunswick and Ontario daily newspapers,  
and lives are admittedly among the best  
in Canada.

These facts are printed in no spirit of  
boasting, but for the satisfaction of  
Guardian readers and to show persons  
alike. They have never known how  
completely their favorite Journal is en-  
dorsed by the reading public among  
whom it circulates, and how completely  
it covers the field as an advertising  
medium in this City and Province.

### Liver and Kidneys

It is highly important that these organs  
should properly perform their functions.  
When they don't, what lameness of the  
side and back, what yellowness of the skin,  
what constipation, bad taste in the mouth,  
sick headache, pimples and blotches, and  
loss of courage, tell the story.  
The great alternative and tonic

### Hood's Sarsaparilla

Gives less organs vigor and tone for the  
proper performance of their functions, and  
cures all their ordinary ailments. Take it.
