MARKET GOSSIP

(By John L. Cooley, Associated Press Financial Writer)

NEW YORK, N. Y., Jan. 27.—Stocks were somewhat troubled today by the news from the United States Steel Corporation, but a couple of regular dividends by railroads and a conviction that carrier workers would ultimately take a wage cut broke the fall of shares.

The market closed lower, although above the day's minimum quotations. Steel issues naturally made the poorest showing, for their industry is apparently facing a rather indefinite period of unprofitable operations and earnings statement of the largest unit made gloomy reading. Tomorrow Bethlehem's report comes out.

Wall Street waited eagerly for the opening of U. S. Steel Common. The first sale was a block of 2,500 shares at 40, or Tuesday's San Francisco close. After holding fairly steady for a short period as correcting orders were executed the stock weakened sharply, selling in the preferred. Late purchases by shorts steadied the junior issue to 35, reducing the net loss to 3%. The senior stock, however, finished near the bottom.

Traders seem to feel that the prospects for any dividend on Bethlehem Common were none too bright, for the

shares broke to the new low of 16 1/2, closing at 17, or 2 1/2 off Crucible, now paying nothing, was also weak.

American Telephone was subjected to pressure, down 2 net, while General Electric, Westinghouse, American Can and Consolidated Gas closed a point lower. Pennsylvania quickly recovered a loss of nearly points when the regular 50-cent dividend was announced. Delaware and Hudson, whose directors took similar action, also rallied. Northern Pacific firmed on better December earnings and an estimate that the road earned \$3.00 a share last year, a substantial part of which resulted from a draft on a subsidiary, Woolworth, making 4.24 a share in 1931 against 3.58 in 1930, eased a point.

Selling generally was light, centering on stocks which figured in the day's news. The turnover of 1,287,342 shares was moderate, although considerably above volume of the two previous sessions. Money markets carried an easier undertone.

WHAT THE STOCK MARKET DID:
Number of advances Wed. 256
Number of declines 338
Stocks unchanged 138
Total issues traded 672

CHICAGO
CHICAGO, Ill., Jan. 27.—Grains scored advances today after receipt of information indicating that steps were taken to abolish a peculiar method of handling wheat in Argentina.

Export trade showed slight improvement. Canadian grain continues to be underbid by Argentine and Australian exporters, however, even at existing low price levels.

Troubled expression the opinion that Italy, Germany and France would be good buyers of foreign wheat in the cash wheat section. No sales of pressure of southern hemisphere crops has halted buying operations.

No. 3 northern hard 1/2 higher in the cash wheat section. No sales of any account were reported in coarse grains.

RACE AT MALPEQUE

An interesting ice race took place on Darnley River ice on Thursday, Jan. 21st, Captain Cope, a beautiful chestnut colt, sired by Laocopia, and out of the well known racing mare Keemah Aubrey, showed that he is a race horse "to the manor born," winning from the best that the locality offered by a comfortable margin. Allie Witte, owned by Melvin Donald was at a big disadvantage on account of being hitched in a jaunty sleigh.

PERSONALS

—Mrs. Sharbell of Portage was a visitor to Summerside this week.

—Friends will be pleased to hear that Mrs. E. W. Manson is improving after her recent illness.—S.

—Reverend John A. Gaudet, Bloomfield, was a visitor to Tignish Tuesday.—T

—Mr. A. S. MacKay is out and about again after being confined to his house for a few days with a heavy cold.—S.

—Mr. W. W. Allingham of St. John, Inspector of Public Buildings for the Maritime Provinces was a visitor to Tignish Monday evening the 26th, returning by the early morning train of the 26th.—T

—Mr. J. Albert Brennan, who has been indisposed for some few weeks went to Charlottetown the morning of the 26th for treatment at the City Hospital.—T

—Mr. D. B. MacDonald of Bedeque has returned from a business trip to the west of the province and visited friends in Summerside on his way home.—S.

—Ven. Archdeacon White, D. D., of Summerside, was in Charlottetown on Tuesday attending an executive meeting of the Diocesan Board of the Anglican Church of Prince Edward Island.—S.

—Dr. J. A. Johnston and Mr. C. F. Morrissey went to Charlottetown on Tuesday the 26th. The Doctor carried a large armful of very beautiful silver black fox pelts, some of the harvest of his large and up to date ranch near the village.—T

1st Vice President for Queens, Mrs. D. K. Ross, Cornwall; 2nd Vice President for Kings, Mrs. L. Coffin, Montague; recording secretary, Mrs. Hazen Howard of Cornwall. Cor. sec. Mrs. L. R. Almond, Summerside; treas. Mrs. F. E. Woodruff of Hunter River. Sec.

WESTERN GUARDIAN

—PRESBYTERIAN CHURCH, Tyne Valley, Rev. E. C. Robertson will preach on Sunday, Jan. 31st, at Victoria West at 10:30; Tyne Valley at 2:30 and Freeland at 7 p. m.

—SUMMER ICE—J. H. Myrick & Co., are now harvesting and storing ice for the next summer's use. About a dozen teams and nearly as many men are engaged in the work, under the direction of Mr. John McIntosh. The ice is of good quality, very clear and almost two feet thick.—T

—UNITED CHURCH OF CANADA—Montague, Rev. J. R. Saint, D. D. 10 a. m. Sunday School; 11 a. m. and 7 p. m. D. vine worship. Illustrated song service at close of evening service. Lower Montague, Sunday School, 2 p. m. Service 3 p. m.

—ISLANDER DEAD—There passed away at the home of his son, Fred, Brookside Avenue, Dracut, Mass., Aurelie J. Gaudet, who up to twenty five years ago had been a resident of Tignish, removing thence with his family to Massachusetts he had been active in many pursuits which brought him favorable compensation and where he was very highly esteemed by all those with whom he came in contact. He had been in failing health for some months past and passed away in the presence of his immediate family on December 12th, last. A Solemn Requiem Mass was celebrated by his pastor Rev. F. X. Gauthier and his remains were laid to rest in the family plot in St. Patrick's Cemetery. The pall bearers were Dominick Buote, Joseph Chasson, Peter J. Gaudet, Joseph Buote, Onesime Chasson and Peter B. Gaudet. Deceased was an uncle of Rev. J. A. Gaudet of St. Anthony's and of Mr. John B. Gaudet of Charlottetown.—T

GRAIN MARKET

WINNIPEG, Man., Jan. 27.—(By the Canadian Press)—Late strength in outside markets overcame an early decline of one cent and enabled wheat to close at fractionally unchanged levels here today. Wheat closed 1/2 higher to 1/2 lower than Tuesday's finish.

Wheat gained 1/2 at 91 1/2, July remained unchanged at 63 1/2 while October eased 1/2 to close at 64 1/2.

Liquidation by traders holders plus the weakness at Liverpool caused the drop in the opening stages. A steady market for English wheat, however, was sufficient to reverse the trend and prices returned to opening levels.

Export trade showed slight improvement. Canadian grain continues to be underbid by Argentine and Australian exporters, however, even at existing low price levels.

Troubled expression the opinion that Italy, Germany and France would be good buyers of foreign wheat in the cash wheat section. No sales of pressure of southern hemisphere crops has halted buying operations.

No. 3 northern hard 1/2 higher in the cash wheat section. No sales of any account were reported in coarse grains.

Stresses Need Of More Cheese Production During Summer Months

Mr. W. L. Brenton, Dairy Superintendent, Reviews Activities During Past Year At Dairy Association Meeting.

In his comprehensive report for the year ending December, 1931, at yesterday's annual meeting of the Dairy Association, Mr. Warren L. Brenton, Dairy Superintendent, said that in the early months of the year he attended as many annual and special meetings of the dairy companies as was possible, and assisted in various ways as the need arose. In a few cases the differences of opinion of the patrons were very hesitant in offering any suggestions as to what procedure to follow. A number of changes were made; namely the New Glasgow Dairying Co., Park Corner Co., Kensington Dairying Co., disconting the manufacture of cheese during the summer months as heretofore, making butter throughout the season. Lot 16 factory did not operate, their output being turned into cream, practically all of which was shipped to the Perfection Dairy, Summerside.

The Co-operative Co. at Read's Corner (Mr. Heber MacQuarrie) was totally destroyed by fire, but it is being replaced by a new and up to date creamery, milk and ice cream plant on the old site.

The "Garden City" (Pure Milk Co.) of Charlottetown during the summer underwent a thorough renovation and have now one of the finest market milk pasteurizing and butter plants in Eastern Canada.

Production Figures

Twenty-one creameries and fourteen cheese factories operated during the year. The total pounds of butter manufactured was 2,063,252 and the total pounds of cheese manufactured 525,240. The fact is too evident in a great number of sales, particularly butter, (as practically all cheese is sold on grade), that there is not the exchange of mutual confidence between salesman and buyer. Print butter cannot be graded and each maker should reliably inform their salesmen as to quality and whether the product is for a reasonable early consumption or for storage purposes. Frank and fair dealings will repay efforts at all times. Creameries which have only ice storage should not endeavour to hold their products. If these products are not sold weekly they should be placed in a mechanical cold storage where the temperature control is assured. This would undoubtedly add to cost, but can we afford to have dissatisfied customers throughout the Maritimes? On the mainland our butter is referred to as "Island Butter", the individual creamery is not as generally recognized as we would wish and a few instances of unsatisfactory shipments from a very small percentage of our creameries has proven very detrimental to the Province as a whole. Personally Mr. Brenton viewed with disfavour the holding of print butter in the storage for any great length of time, particularly so in the factory's own registered wrappers. Should the dealers wish to hold same, have it put up in their own brand wrappers, they should guard well the factory's good name, and see that their products are marketed in the best possible manner.

Testing

Much attention was given to the testing of milk and cream for butter fat, making approximately 4,000 tests during the past year. All reasonable complaints from patrons about their tests were investigated and samples retested and parties notified of the result. In a number of cases where different companies were in strict competition. Mr. Brenton personally did all the testing for a number of months. But it is absolutely impossible to look after the other work and do much more testing than he has done. The makers in every instance were quite capable of making fully reliable tests, but in several instances he still found carelessness in the sampling. The sample dipper should be dipped in the warm water after each and every sampling, and the utmost care exercised that a representative amount be taken according to numbers of pounds delivered that day after it has been well stirred.

Short Course

During the month of April in the Agricultural Hall, Charlottetown, assisted by Mr. F. T. Morrow, Dominion Dairy Produce Grader, and Mr. W. R. Shaw, Live Stock Superintendent, Mr. Brenton conducted a Dairy Short Course. Nine-teen attended part time, and seven the full course. Owing to the meagre equipment at disposal a Dairy Course cannot be fully carried out, but greater uniformity in the work was accomplished by the makers meeting together and discussing problems vital to the industry. The younger men were given instructions in milk and cream testing and the speaker was pleased to say that no complaints were made where they conducted factories this season. With the consent of the Minister of Agriculture arrangements will again be made for a dairy course early in the Spring months.

PRODUCE

(Canadian Press)

MONTREAL, Que., Jan. 27.—With the exception of a small decline in butter quotations, prices were unchanged on the produce and dairy market here today.

Regraded, no. 1 pasteurized butter, in carlots, lost a quarter of a cent at 22 cents a pound, originating from the west and from speculators anxious to sell depressed the market. Receipts were 100,000 boxes.

Carlots prices of Quebec and Ontario fresh eggs were steady, extras quoted at 22 cents, firsts at 17 cents and seconds at 15 cents a dozen with British Columbia a cent higher. Quotations to retailers were unchanged and receipts totalled 700 cases.

On the cheese market current receipts held firm at 9 1/2 cents as did summer make at 12 to 12 1/2 cents a pound. Receipts were 150 boxes.

The potato market was unchanged, quotations for 80 pound bag being 35 to 45 cents for Quebec whites and 35 to 60 cents for Quebec and New Brunswick green mountains.

FISH QUOTATIONS

BOSTON, Mass., Jan. 27.—Twenty-five vessels arrived at the fish pier today.
