Foster's Laxative Cold Cure

Here is something that will cure your cold in a day and a night.

Our laxative cold cure works on a new principal—drives the cold out of the system—doesn't merely smother it temporarily to have it reappear a day or so later. It does not cause ringing in the ears, for it contains no quinine. It simply relieves your system and leaves you feeling right.

We couldn't afford to risk our reputation by recommending the wrong thing.

NEWS FROM THE LEADING BUSINESS COLLEGE

DAILY GOSSIP OF A U. C. C. STUDENT.

Students are enrolling at the U. C. C. every day.

Judging by the work being done in the typewriting department there will be keen competition for the different gold medals to be awarded at the U. C. C. next spring.

Besides the gold medals awarded for typewriting there is also a beautifully engraved diploma, a copy of which may be seen at the U. C. C. office.

The U. C. C. class rooms were never brighter and busier. The present classes give promise of being the most thorough, smart and industrious group the U. C. C. has had.

The class rooms are filling up rapidly but that vacant desk is still reserved for you but after this week it will be given to the first comer. Don't let another fellow take your chance of securing a commercial education that spells success.

Some of the many advantages offered by the U. C. C. are: a competent staff of unfailing and courteous teachers who give you personal, thorough instruction on the subject for which you are enrolled; the brightest, cleanest, best equipped and most sanitary class-rooms in the Maritime Provinces; and a commercial course that is beyond competition in actual business practice.

A U. C. C. Diploma is the best testimonial and recommendation any ambitious young woman or man could desire.

A few copies of the last year book, as well as McIntosh's appreciation of "A Little Journey to the Home of a Good School" are still left. These can be had free from the Principal, Mr. Moran, at the office, Royal Bank Building. 1878-10-3mwfM3i

THE WEATHER THE TEMPERATURE TIDE, MOON, ETC.

(Special to The Guardian)

TORONTO, Oct. 3.— Southwesterly winds, shifting to Northwesterly; clearing.

THE WEATHER.— Yesterday was cloudy throughout with heavy rain in the evening continuing all night.

The highest temperature recorded yesterday was sixty-two above zero and the lowest was fifty-two above. The lowest the previous night was forty-nine above. At nine a. m. it was fifty-two above and at nine pm. fifty-six above.

The tide will be high this afternoon at 1.12 and tomorrow at 1.12; it will be high tomorrow morning at 12.45 and Sunday at 1.22.

The sun sets this evening at 5.36 and tomorrow at 5.34; it rises tomorrow morning at 6.01 and Saturday at 6.02.

The moon sets this evening at 7.16.

There was a new moon Tuesday Sept. 30th at 12.57 a. m.

The first quarter of the moon will be on Monday, Oct. 7th, at 9.46 a. m.

The length of today will be eleven hours and thirty-seven minutes.

Poultry Notice

We have started our regular Fall shipping and canning business and require large quantities of Fowl and Chicken. Our prices as usual will be strictly according to quality. We are buying early this season to enable us to fill some large Western contracts. Parties having poultry ready should call or write us.

IN MEMORIAM

DR. J. C. DIXON.

The death occurred at New York on the 29th September, after an illness of several weeks, of Dr. John Charles Dixon, son of Rev. Cannon Dixon, of Montreal.

Dr. Dixon was known in Charlottetown, He came here some twenty odd years ago as a member of a touring theatrical company. But the company disbanded in this city, and the deceased obtained a position with Dr. Strickland, who was then located in the Newsom building. He continued in that position for some time.

THE MONTREAL STAR SAYS:

Dr. Dixon, who practised dentistry in this city for many years was well known in social and church circles. Born in Kildare, Quebec, December 24th, 1864, he moved with his father's family to Montreal at the age of thirteen. He married Miss Elysee Conrad, of Baltimore, who survives him, and moved to New York about fifteen years ago, Dr. Dixon, besides his dental practice, attained some reputation in New York as an actor, and took part in professional productions for some years. Waning health, however, soon forced him to retire to his profession of dentistry, and he was engaged in actual practice until some months ago.

Cannon Dixon is spending a short vacation at Morin Heights, in the Laurentians, and had not heard of his son's death this morning, (Sept. 30.) It is probable that the body will be brought to Montreal for interment Dr. Dixon is also survived by his mother, two brothers and a sister.

::Plug Tobaccos.—All critical smokers come here for their smoking supplies for we carry the best line in the city. Our plug tobaccos are kept in very best condition free from all that bite, sting and burn you find in other brands. We are showing now the famous Shamrock 10c., Master Mason and Master Workman 15c. INDIGESTION, GAS OR SICK, SOUR STOMACH

TIME "PAPE'S DIAPEPSIN!" IN FIVE MINUTES ALL STOMACH MISERY IS GONE.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

SPORTING NEWS

SHOOTING

THE DENNIS TROPHY MATCH

Clearly outshooting their opponents, the 76th Truro Rifles became champions of the Maritime Provinces at the Bedford range, Halifax, on Wednesday and are the proud winners of the handsome shield presented by Senator Dennis. Needless to say there was rejoicing in Truro when word was received that the 76th regiment had won. Scarcely, if ever, has there been a match at the long ranges where the shooting was so high. Fourteen men made a total of 130 points or better out a possible 140. The winning team piled up the remarkable average of 133.25. Lieutenant Killam made the feature shoot of the day when he actually scored 138 points, but being only credited with 133, he unfortunately putting a bull's eye on the wrong target. His score should have read, 34, 35, 35, 34, but he lost the shot at 900 yards. Lieutenant Heard made the best score of the day, getting a grand total of 137 points, which was made up of a possible at 500 yards, 34 at 600, a possible at 800 and 33 at the 900 mound.

In presenting the Dennis trophy to the winning team and the beautiful bronze watch fobs to the members of the team Colonel Rutherford congratulated them on their magnificent win and regretted that Senator Dennis was unable to be present to make the presentation. He suggested that a vote of thanks should be sent to Senator Dennis for the great interest he is taking in marksmanship. Three hearty cheers were given to the riflemen of the winning team and another three rousing cheers were given for Senator Dennis.

The scores will be seen to be the more remarkable when it is remembered that a strong cross wind was blowing during the entire match and in addition a mirage was also in evidence, which did a great deal of damage to scores at the long ranges.

Following are the full scores of each team:—

EXCELLENT BUSINESS OUTLOOK IN EUROPE.

BERLIN, Oct. 1.—"The business outlook in continental Europe, especially in Russia, can be described as excellent," said Cyrus H. McCormick of Chicago, President of the International Harvester Company, in an interview. Mr. McCormick has just completed a tour of inspection of the harvester company's various plants in Russia, Germany, France and Sweden. "Things," he continued, "look incalculably better than seemed probable some months ago. I find evidence of prosperity and sound conditions everywhere. One can only speak of the situation in Russia from the business standpoint in terms of utmost optimism. The possibilities there can be called limitless without running any risk of making an extravagant statement. American industry in Russia is certainly on the threshold of the best days yet experienced in that market."

PICTOU COUNTY'S FAIR A SUCCESS

PICTOU, Oct. 1—Beautiful weather favored the Pictou County Exhibition today, but yesterday's attendance was the biggest, for any show ever held here. Well over 5000 people paid admission on Tuesday. Today the attendance was about 2000 the whole making a record that means a safe surplus in cash for the Agricultural Society.

The feature of today was the parade of live stock, enabling people to see the animals to much better advantage than by a visit from one stall to another. The horses, over 200 of them, were such as to cause horsemen to talk at length. The display of draft horses was particularly good. The cattle also showed up well, some very fine herds being exhibited. The show closes tonight and already there is talk of holding another next year.

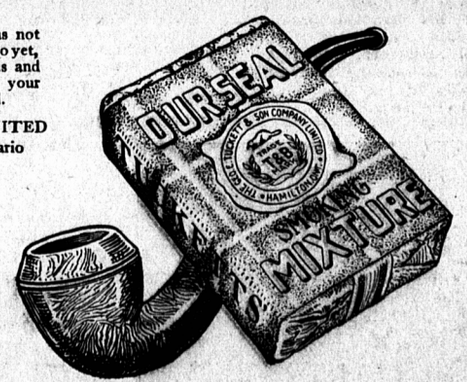
GOOD FOX INVESTMENT.

People who are looking for a sterling investment in the fox business will be glad to know that The Victoria Farm Silver Black Fox Company have decided to add four new pairs of foxes to their already well-stocked ranch. This will make their equipment consist of twelve pairs—eight pairs of breeders and four pairs of high-class, young stock—all guaranteed, eligible for registration and of the three leading strains of pedigreed blood.

The Victoria Farm ranch paid a dividend of 50 per cent in cash and 50 per cent in stock this year and with its capitalization should easily pay that, if not a larger amount, in 1914. It possesses an advantage over other companies in the fact that eight of its pairs are two-year-old foxes, several pairs having had litters this year. The percentage for keep is smaller than many of the other companies now on the market, as it is only 15 per cent. It is expected that the old shareholders will take up nearly all the stock, but a small block has been placed with the Canada Fox Exchange and Investment Company, Limited, who will be glad to answer all inquiries, or furnish prospectuses of the Company. 1885.

If your dealer has not stocked this tobacco yet, write direct to us and we will see that your wants are supplied.

TUCKETT LIMITED
Hamilton, Ontario



YOUR favorite pipe, the sporting page and a packet of "OUR SEAL" and you have an unbeatable combination for an evening's solid enjoyment. Blended from the choicest tobaccos grown, "OUR SEAL" is the product of over six years of patient, painstaking effort. Good! Well, figure what six years will do. "OUR SEAL" is cool. It is sweet. It is mellow with a peculiarly pleasing delicate flavor and fragrance that can only come from pure tobacco properly grown and ripened. "OUR SEAL" makes *any* pipe taste good. Try it.
