Eye Strain

Eye Strain, most frequent source of waste of nerve power, is likewise most sure of prompt correction, if rightly treated.

An eminent physician writes in the New York Medical Journal "I have yet to encounter a typical case of sick headache that was not associated with Eye Strain."

Our own experience has proven how true this is. Our records show that hundreds having suffered for years from Eye Strain without knowing the cause, have sought and found relief through our examination, which proved beyond the possibility of a doubt that their eyes were the primary cause of all their trouble, and that a direct relationship existed between their eyes and the nervous system, and that a cure was effected simply by correcting the errors of refraction and muscles by means of glasses.

Have your eyes examined by the newest scientific methods.

The Eastern Guardian

"IT PAYS to buy in this Province.

"TWO CENTS PER WORD each insertion for advertising in this column. Cash must accompany order minimum charge twenty five cents."
"THE LADIES AID SOCIETY—of the Montague Methodist Church are giving a tea and supper in the Parsonage (Montague) on Sat. eve. Oct. 25th, from five to ten o'clock. Price 50 cents. 1886-10-20(M5)

"WEATHER, CROPS AND MARKETS.—The weather during the past week has not been very favorable for potato digging. Thursday and Friday were wet, and not many were digging on those days. Saturday, however, was fine, and a lot of potatoes were dug out of the ground. The crop is proving poor in most cases. Blue potatoes, which is the main Eastern crop, is, as reported by the Guardian for the whole Island, actually only a half-crop, while the whites are rotting. Red potatoes appear to be pretty fair, but not at all equal to other years. One farmer, digging his blue potatoes, remarked that his were less than a "half-crop." Mine, he said are only "one-third of a crop," and that's about the way they are with not a few. The prices at the several markets and railway stations are about straight, 75 cents though they were considerably higher in Charlottetown, on Friday. There is not much profit in hauling potatoes any distance this season for 75 cents and hence farmers are marketing a very few. The price of oats is continuing and strangely variable. The recent rise in Charlottetown to 90 cents has not yet come East, though dealers at Selkirk Station are closely approaching it, paying, last week, 85 cents. Like potatoes farmers do not consider these prices enough, and are marketing sparingly. The oat crop this year is a splendid crop averaging with many farmers a weight of 38 lbs from the thrasher-measured bushel. The crop of oats this year would make splendid seed stock for export, and it is a great pity there was not some sort of association to handle seed oats. It is a pity to use these fine oats for feed purposes. Oats are worth only 80 cents in Souris East. The Institutes are preparing to sell the lamb crop. St. Margaret's Institute are getting their lambs and dry sheep ready for shipment at Bear River Station, on the 30th, and are bidding for offers from the lamb buyers in the meantime.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passage of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.
