THE SEED FAIR IN FULL SWING

Formally Opened by Governor Rogers—Optimistic Speeches—Splendid Exhibits—Large Enthusiastic Attendance

The third Central Seed Fair opened in Charlottetown yesterday. The weather was favorable, the roads good and the attendance fairly large although it is expected to be much larger today. The formal opening took place at 2.30 P. M. in Prince of Wales Hall where a goodly number of farmers and citizens were assembled. Rev. P. D. McGuigan, President of the Central Seed Fair Association, occupied the chair.

His Honor Governor Rogers gave the opening address. He congratulated the Committee on the excellent arrangement of exhibits in the Agricultural Building, congratulated the exhibitors on their very creditable showing and congratulated the province on being able to put up such an exhibition. He referred to the importance of the Seed Fair and its importance in the province. The present exhibition is, he said, far ahead of previous ones, not only in quantity but in quality. He was particularly pleased with the exhibits in the Domestic Science Department, which he declared was a credit to the province. The poultry exhibit also was a splendid one and an evidence of the development that has taken place in that department during the past few years. He heartily welcomed the visitors to the city and formally declared the Seed Fair open.

Hon. Mr. McKinnon, Com. of Agriculture, was the next speaker. He also spoke in glowing terms of the exhibition, the improvement in every department over former years and the general benefit to the province of such exhibitions. The future of the province, he said, looks exceedingly bright and particularly along agricultural lines. The next speaker was W. J. Reid,

providing early spring navigation between Quebec and Montreal. They make the statement that owing to the open weather in the first part of the winter, the ice conditions are not formidable at Cap Rouge. It is less than one-half its usual thickness and can easily be broken up.

NURSE WEDS MARYLAND MAN

BALTIMORE, Md., March 8.—Dr. Cecil Dabney, of Sherwood, Baltimore Co. and Miss Frances Cole, of Farmouth, N. S., a graduate nurse of the Union Protestant Infirmary were married yesterday at the home of Mrs. Charles Shepherd, 1400 McCulloch Street where Miss Cole has been making her home.

The marriage was the outcome of a courtship which began several years ago, when both were connected with the Union Protestant Infirmary. Miss Cole had come newly from Nova Scotia, and in her days as a freshman in the nurses school, she became acquainted with Dr. Dabney, who was then an interne in the hospital.

TALK ON ANNEXATION

LONDON, March 8.—The report current a few months ago that Great Britain was about to annex Egypt is renewed and with a particularly which suggests that before long the formalities needed to accomplish this purpose may be carried out. If they are, their performance will mark the end of a farce which Great Britain has played for twenty years. Neither in form nor fact is Egypt really one of the sultan's tributaries. For the last quarter of a century a British commissioner has resided in Egypt as representative of the sultan, but he has been under strict orders not to interfere in the slightest degree with the British administration, and the British administration in turn gravely pretends to do all things in the name of the Khedive. The Khedive has his ministry and the ministry puts into effect the memoranda past by the British resident consul-general who is the source of all governing authority. It may seem at first glance a matter of indifference to Turkey that the British should not carry out a long postponed formality, but the final separation of the slender thread which has bound Egypt to Constantinople carries with it the snapping of a prestige terribly impaired in consequence of the Balkan war.

SITUATION IN THE NEAR EAST

Generally Discussed by the Ambassadors of Powers

(Canadian Press) LONDON, March 11.—Ambassadors of the European powers met in the Foreign Office to-day and discussed the general situation in the near east. In the absence of a reply from the Balkan nations on the subject of mediation which Turkey had already applied for nothing was done. Another meeting will be held Thursday when it is hoped the diplomats will act independent of a reply from the allies.

(Canadian Press) LONDON, March 11.—European chancelleries and stock markets are being kept in a condition of nervous tension. No sooner does one thorny problem seem in the way of solution when another crops up. To-night the long expected agreement on the Austro-Russian demobilization was published. The allies have accepted the powers' offer of mediation under the conditions and arrangements that have been completed for settlement of the dispute between Bulgaria and Rumania by the conference of ambassadors at St. Petersburg.

BLIND SINGER AVERTS PANIC

WORCESTER, March 8.—The coolness of Edward I. Boyle, a blind singer, in keeping on with his song while the fire spread rapidly in the balcony of F. W. Lynch's Pleasant Street theatre tonight, prevented a panic among the 500 persons in attendance, all of whom fled out safely. When the last of the audience reached the door, Joseph L. Rogers, the pianist, who had played "The Blind Man" throughout the try-out time, leaped on the stage and led the blind man out through a rear exit.

The flames spread with such swift force that a general alarm of fire was sounded calling most of the Fire Department to the scene to save the adjoining property in the centre of the business district. The flames finally were confined to the theatre, which was wrecked. The loss is estimated at \$25,000.

A SENSATION IN PARLIAMENT

Premier Borden by Consent of Admiralty Submits Full Correspondence. Liberals Bewildered But Still Obstruct

(Special to The Guardian) OTTAWA, Mar. 11.—The blockade continues but the end is in sight. The opinion now is that the liberals will not stay a week. The opposition today has practically confined itself to the abuse of the first Lord of the Admiralty for sending a memorandum to the government.

(Special to The Guardian) OTTAWA, Ont., Mar. 11.—Premier Borden obtained the consent of the admiralty by cable to lay the full correspondence before parliament, and read same in House last night in response to reiterated demands of the opposition. The First Lord says our resources could not meet the strain of a fleet unit plan and it would be unwise to undertake battleship building in Canada now.
