THE EDITOR'S MAIL.

THE CRITIC CRITICISED.

SIR,—The criticism of referee Harry Baker by the sporting editor of The Patriot Saturday night was to those who knew the game unfair and unjust, not to say disgusting in its dictating. To abuse a referee for delays is absurd; to censure him for permitting rough play which existed only in the mind of a parlor croquet player—is childish. Legitimate checking is not "roughing." Past and present hockey experts, members of both teams, and team sympathisers who really understand hockey, were unanimous in declaring that Mr. Baker was a first-class official—the equal of any who has officiated here. He has played hockey too long not to know the game, and that he was impartial The Patriot admits. To criticise thus unjustly a competent official satisfactory to both teams shows that a writer knows little of courtesy, much less of hockey. There is little wonder that the best men are reluctant in officiating at games. The game started at 8:00 not at 8:15 as The Patriot critic states, and for this prompt start credit should be given where it is due. The fact is the public appreciated the prompt calling of the game if "Navillus" did not. If he witnessed the game from a very poor vantage point, he alone is to blame. "Navillus" is a critic who is evidently desirous of seeing his effusions in print, but his newspaper reports are evidently in keeping with his knowledge of and ability in sport. OLD REFEREE.

CAUSE OF SPLITTING HEADACHES

Poisons accumulate in the blood and spread every moment to all parts of the body. The brain becomes congested, nerves irritate, and the result is that awful headache. Ferrozone is nature's own remedy for headaches; it is a blood strengthener and purifier of uncommon merit, a lasting potent tonic, and the greatest invigorant and health maker known. Headaches never bother people that take Ferrozone after each meal. Buy a box from your druggist for 50c. by mail from Polson & Co., Kingston, Ont.

SUBSCRIPTION TO HOTEL OPENED

At the Meeting on Saturday Afternoon

The Report of the Committee Submitted—Good Prospects for the Work Progressing in the Near Future.

The committee have to report they have made arrangements will Mr. LeRoy Willis who will rent the hotel, furnish, personally manage and pay a rental equal to 8% of cost of building and site for a term of ten years with the privilege of renewing lease at end of that time or purchasing at any time. This should give shareholders at least 5% on their money leaving 3% to pay insurance and taxes. In this way every business man gets 5% directly and a very large per cent indirectly by having the tourist trade.

We have written to the various S. S. lines but as yet have not any positive promises except from our own S. N. Co., which has agreed to take \$10,000 in stock and Alex McDonald, Dalway to take \$5000. This is all we have positively promised, so it rests with the citizens to come in and make the hotel a success. There can be but one opinion about the absolute and urgent necessity of a new and up to date hotel. Other Provinces have their various mines timber, etc. Our mine is our tourist traffic and if we neglect to cultivate it we have no one to blame but ourselves.

Providence has blessed us with an ideal summer resort, it has left to us to provide accommodation for those wishing to take advantage of it. If we had hotel accommodation The Plant Line would probably put on a third boat and other lines will increase their accommodation. We think these lines should come forward and assist as they will reap good harvests from it, but we cannot compel them, so we must do the work ourselves. There is plenty of money in this town bearing much less interest than we offer, to build several hotels. What we want is public spirit and let those who can take stock and the hotel is assured. Would it not pay any business man if he did not feel able to take the money out of his business to borrow it, as he would get the interest back as well as have the great advantage of the tourist trade. My own opinion is he would soon have the principal back, also, as Mr. Willis would soon want to purchase. Our plan is to make three payments, 1st call when contract is let, the other two as the building goes on so that the third payment would not have to be made for over a year as the building would not be completed before that time.

Horace Haszard made a plea for the new hotel which undoubtedly would lead to a third steamer on the Plant Line. The time has arrived when the citizens must speak out. He was disappointed at not seeing many present who were financially interested in the scheme. A list should be opened at once and then it would be seen what could be done.

L. L. Beer thought the time for action had arrived and now if the citizens were desirous of remaining where they were and not going back action must be taken.

Mr. Haszard said it was necessary to raise \$40,000. He was willing to subscribe \$1000.

TARTE AND FOSTER ON SAME PLATFORM AT TORONTO BANQUET

Ex-Minister of Public Works Says if Canada Were Independent United States Would Try the Panama Game on Us—Ex-Minister of Finance Says Mr. Tarte is a Stronger Man Than Ever.

TORONTO, Jan. 6.—The Canadian Club dinner tonight was enlivened by some badinage between Hon. Messrs Tarte and Foster. Mr. Tarte made a patriotic address on Canada's Future, which he said, owing to her resources, was bound up with the empire.

To reach our destiny, Mr. Tarte commended the adoption of Chamberlain's policy. He quoted his experience as a minister of the crown to show the desire of the United States for annexation of Canada. We should not become independent, lest the United States would find some means of repeating the Panama affair. He announced he would form a Canadian club among his compatriots in Montreal.

W. F. MACLEAN.

William Findlay Maclean was born in the Township of Ancaster, Ont., August 10, 1851. Mr. Maclean is a journalist, and is proprietor of the Toronto World. He married, in June, 1885, Catharine Gwynne, youngest daughter of Richard Lewis, of Toronto. He was a member of the Senate of the University of Toronto, for term 1889 and 1892.

At the general election of 1890 he ran for North Wentworth in the Ontario Legislature, but was defeated, and was also defeated for his present seat in the Commons, at the general election in 1891. At a bye election, held in May, 1892, he was first elected to the Commons and occupied the seat rendered vacant by the death of the Hon. A. Mackenzie, and was re-elected in 1896.

DETROIT RIVER IS FROZEN.

WINDSOR, Ont., January 5.—From Belle Isle to Limekilns Crossing, a distance of 21 miles, the Detroit River is one solid mass of ice, and as a result the big car ferries are practically tied up. The situation is regarded by the railways as one of the sturdiest arguments in favor of an international bridge at this point.
