

ROVERS WIN OVER ANCHORS SAT. NIGHT AT Y. M. C. A.

ANCHORS Lose to Rovers in The Eighth Game of City Basketball League, by a Score of 29 to 25.—Rovers Also Win in The Midget, From Stars by a Score of 34 to 23.—Large Attendance at Both Games.

By far the most interesting and Anchors should the former game so far played in the league win on Wednesday night.

Look place on the gym floor Saturday night before a large and enthusiastic audience, when by dint of great noise showed their true feeling.

The teams themselves put up the game of their career, each striving to outdo the other in some stunt or trick of the game.

Combination was of a high variety, shooting and team play coming about equal.

The Anchors, although not winning the game put up a brand of ball they need not be ashamed of. They had the edge on their opponents as far as combination was concerned but did not have the necessary scoring ability on close in shots, however, they scored some beauties on long shots.

For the winning team they positively owe their win to their shooting, when underneath the basket, in any case they played excellent ball and although their win was by a narrow margin they deserved it.

The standing of the league now is such that Rovers may defeat the Stars in their game next Wednesday night in order to tie the Anchors for the winners of the league, so all are looking forward to a playoff between the Rovers

MIDGET LEAGUE.

Rovers—34, Stars—23.

In the fourth game of the league the Rovers defeated the Stars by a score of 34-23.

W. Henry doing the bulk of the scoring for the Rovers, capturing 23 points. For the Stars J. Squarebriggs scored 13 points.

SAINT JOHN, MONCTON AND SUSSEX IN SOUTH LEAGUE

Campbell, Bathurst, Chatham and Fredericton Will be in Northern Sub-Division; Marysville's Application For Entry Rejected.

TRURO, N.S., Dec. 6.—At a special meeting of the Maritime Amateur Hockey Association held here today, the New Brunswick section of the association, consisting of northern and southern sub-sections was formed, several changes were made in the playing rules of the association and approval was expressed of a resolution recently passed by the Halifax City League to the effect that Halifax and Dartmouth be considered one as regards hockey and that an interchange of players between the two communities be allowed.

An application from Marysville, N. B. for league admission was rejected. Eligibility of individuals to play under the "residence rule" came up for discussion. The interest in the by-laws touching eligibility was that absence from home for the purpose of obtaining temporary employment should not bar a man from playing with his home town.

Province Divided.

On recommendation of the New Brunswick delegates to the meeting and after considerable previous open discussion, the meeting decided that the Maritime should be divided into a southern league consisting of Moncton, Sussex and Saint John and a northern league consisting of Campbellton, Bathurst, Chatham and Fredericton.

St. Stephen, it was decided, would be eligible, in the event of not being admitted to either the

question of permitting Dartmouth to use Halifax men in the Halifax City League was pleaded by W. C. Bishop and A. C. Pettipas of the Dartmouth club. The recommendation that the Maritime Athletic Union be asked to suspend the "residence rule" for hockey in its relation to these two communities was unanimously supported, it being declared that such a suspension would be in the best interests of the sport and promote the development of amateurism in the two centres involved.

Dreyfuss Plans To Prevent Stalling

PITTSBURGH, Pa., Dec. 6.—President Barney Dreyfuss of the world's champion Pittsburgh Pirates has a plan he will submit to the magnates at the December meeting whereby games once started and stopped by rain will be played out from the point at which they were interrupted.

Dreyfuss said that the general public and owners had become disgusted with the action of players in games where a downpour of rain is expected. "Every means of delaying the games is resorted to," he added. "Under this new ruling nothing would be gained by stalling."

By-Laws Fail to Pass.

By-laws recently passed by the Canadian Amateur Hockey Association regarding a new defence arc of 40 feet instead of 20 feet as heretofore and requiring the width of goal tenders' pads to be reduced from 14 inches to 12 inches, were not adopted.

Rule 17, "playing rules of the game" as adopted at the annual Canadian meeting was amended at today's meeting to read "The goal-keeper may stop the puck in any way or manner he pleases. When caught the puck must be dropped without delay either in front or at one side of the net, or cleared by throwing directly back of the net."

Rule Suspended.

The question of permitting Dartmouth to use Halifax men in the Halifax City League was pleaded by W. C. Bishop and A. C. Pettipas of the Dartmouth club. The recommendation that the Maritime Athletic Union be asked to suspend the "residence rule" for hockey in its relation to these two communities was unanimously supported, it being declared that such a suspension would be in the best interests of the sport and promote the development of amateurism in the two centres involved.

RACING STAR WILL STAGE COME-BACK

New Driver Plans to Start Veteran Roy Roy Grattan in 2.12 Pace.

FREDERICTON, Dec. 6.—Roy Grattan 2.01 1/4 which cost the Caribou driving club almost \$10,000 when the craze for fast record pacers was at its height in Arcootook several years ago has been sold to John Kelly, of Bangor, Maine, some of whose horses were in the stable which Harry Short, of Columbus Ohio campaigned on the Maine and New Brunswick circuit last season with Valley Day 2.08 1/4. At Standish, of the American Horse Breeder staff brought the news here from Maine today.

Roy Grattan was bought by the Caribou driving club when Colonel Bidwell 2.02 1/4 failed to measure up to expectations and when Caribou sportsmen were widely searching for a pacer to beat John R. Braden 2.02 3/4 in the free for all. He had remarkable speed but it was a troublesome job to get him ready for the race and when the former Grand Circuit star could not stand the vigorous campaign. Last season Mont Gerow had him at Lewiston, Maine, but he could not stand training.

According to a report from a most trustworthy source at Beirut, the British consul there received a message yesterday from the Frepa, stating that a telephone message from Meri Ayun had been received asking that a car be sent to fetch some ladies. A car immediately was sent and returned to Beirut last night with Mrs. Cave one of her servants and the servant's daughter. Miss Cave has lived many years in this region and is well known and respected by all.

When trouble broke out at Hasbeya she bravely declined to leave as she felt she could be of use to the women and children.

She was right. On November 6th the first rebels appeared, and the small garrison of Senegalese withdrew. The rebels immediately set in, all in haste and in a hurry through the town shouting war cries, shooting into the air and greatly frightening the townspeople. The rebels cut the telephone wires, destroyed the government archives and installed themselves in two and went down before she could even flash radio signals.

The theory that she might have fallen the victim of a German submarine was denied by the German authorities. She was last reported in Barbadoe in the British West Indies, where she put in for bunker coal.

She eventually left Hasbeya last Friday on foot with seven Christian women and four children. She was conveyed to French headquarters on the way to Beirut she met French artillery who confirmed the story she had already heard—that the French meant to attack Hasbeya today or tomorrow beginning with long distance bombardment.

Further added the fog was almost as dense, impeding railroad traffic while reports from the channel ports indicate that it was of record thickness there.

WASHINGTON, Dec. 6.—The naval officers, including Captain Frank L. Pinney, the cruiser's commander, have been ordered court-martialed as the result of the collision last September of the light cruiser Milwaukee and the schooner Benjamin Van Brunt, off Hampton Roads.

QUEBEC, Dec. 4.—Dr. L. F. Lemieux, Agent General of Quebec at London this afternoon told the Provincial Government that the English interests were on the eve of entering the northwestern gold fields of Quebec, after sending investigators here who had been satisfied with the guarantees given by the Legislature which might affect them.

A few days before his departure from England Dr. Lemieux had announced that a Company, headed by the Bank of England, which in the present, had been formed to work was to be started as a Provincial Incorporation in Quebec, after sending investigators here who had been satisfied with the guarantees given by the Legislature which might affect them.

Two o'clock physicians were confident that she had a fighting chance for life, but at that hour her temperature and pulse started to climb rapidly the attending physicians gave up hope.

Her assailant, Henito Pasquale, is in the hospital recovering from injuries inflicted upon himself when he attempted to slash his own throat after the attack.

Under this arrangement Horamans was to be the first challenger, with Hagenlacher following in March. Hoppe would attain another chance following Hagenlacher's victory.

Hagenlacher contends that under the agreement his opponent next March must be Horamans and that all others who signed it will have their chance at the title before Schaefer sees another opportunity.

In case Horamans and Schaefer meet again a month from now, he says, he will have to beat Horamans and then Schaefer to gain recognition.

Four Tribes of Indians Vie For Honors In Fox Picture "The Iron Horse"

Pawnees, Cheyennes, Sioux and Piutes Work Hand in Hand to Help Make Screen Visualization of Construction of First Transcontinental Railway.

In handling 800 Indians of mixed breeds on location for "The Iron Horse," John Ford, the director, had the assistance of J. E. Jenkins, Government Indian Agent of the Pyramid Lake Indian Reservation.

There were Pawnees, Cheyennes, Sioux and Piutes in the gathering and each clan kept to itself.

The mixture of tribes was a lucky thing for the director, because it increased the spirit of competition. Each tribe attempted to do better than the other, with the result that all of them performed remarkably well.

The Pawnees were assigned to act as scouts for the railroad builders, just as their ancestors did for the original pioneers on the west coast.

The Sioux and Cheyenne and Piutes were supposed to attack and burn and fight which they did with all the enthusiasm and noise which made the warfare of their forefathers a thing of terror.

Among them were old veterans of the war, some of whom distinctly remembered the first trains crawling across the prairie and had vivid memories of their youthful attacks on the invading whites.

Director Ford was quick to make friends with all of them, under the able guidance of Agent Jenkins who called the old chiefs by their names. While he knew all of them, he was less familiar with the young braves. Among the latter was a liberal sprinkling of college graduates, who in their normal life today are professional men and thoroughly converted to the ways of the "palefaces." The William Fox photoplay "The Iron Horse" comes to the Prince Edward Theatre next Monday for a four day engagement following nearly a year on Broadway.

Woman Tells Of Experiences In Syrian War Zone

LONDON, Dec. 4.—The only English woman who has been within the lines of the warlike Druses, now engaged in desperate fighting against the French, was lucky enough to reach Beirut today with the complete story of her thrilling adventures. She is Miss Cave, directress of the British Syrian mission at Hasbeya.

According to a report from a most trustworthy source at Beirut, the British consul there received a message yesterday from the Frepa, stating that a telephone message from Meri Ayun had been received asking that a car be sent to fetch some ladies. A car immediately was sent and returned to Beirut last night with Mrs. Cave one of her servants and the servant's daughter.
