SERIOUS STREET RIOTS IN DENVER, COLORADO

Two Men Killed, 49 Injured and Immense Property Damage Done. 2,000 Citizens Volunteered to Help.

(Dom. Press Special.)

DENVER, Col., August 6.—Two hundred citizens had volunteered this morning to serve as special officers, following last night's six-hour rioting by street railway employees and sympathizers in which two men were killed, 49 injured and thousands of dollars damage done to property. An appeal was made by the city and state officials for 2,000 volunteers to help prevent riots.

ST. CATHARINES, Ont., Aug. 5.—The body of Margaret Boucock, the little four year old, Thorold girl, who has been missing for nearly three weeks, was this morning found, with the clothes almost torn from her back, covered by a pile of weeds. The spot where the discovery was made is a secluded one in the deep cut on the Welland Ship Canal along the pipe line used to supply construction boilers with water.

David McNeill, who was last seen with the little girl, is being held on suspicion.

No trace has yet been found of six year old Kathleen Beechman, who mysteriously disappeared from her home in Thorold nearly three months ago.

The finding today of what is believed to be the body of the Boucock child, evolved another problem, when the parents of little Kathleen Beechman, missing since May 24th, also claimed the body of the child as that of their daughter.

Mr. and Mrs. Ruben Boucock are quite convinced that the remains are those of their little girl, established identification by the clothing and hair. The remains were so badly decomposed that ordinary marks of violence were not easily determined. The clothing had been severed with a knife but there were no wounds noticeable on the body.

The body was found by a pipe fitter employed on the Welland Ship Canal.

There is clear identification that the child was brutally maltreated. The little dress had been split up the front as with a knife, and the bloomers were cut about the knees. However, there is no knife wound on the body. The body was found face up covered by a pile of weeds that had been pulled up by the roots, obscuring it from view, and weighed down by the branch of a tree. The right hand of the little corpse still maintained a death grip upon the branch of a neighboring shrub.

HON. PREMIER MEIGHEN ADDRESSES IMPERIAL PRESS

Assures Them That Canada Will do her Part in Making League of Nations a Success. Proposes Toasts to the Guests to Which Lord Burnham Replies.

(Special to The Guardian.)

OTTAWA, Aug. 6.—Canada intends to do her full part in making the League of Nations succeed. Hon. Arthur Meighen assured the delegates to the Imperial Press Conference at the banquet given in their honor by the Governor of Canada. "One thing is certain," the Prime Minister declared, "there are things to be done before we have any chance for real peace that the League of Nations may be able to do that no other institution in the world can, by any possibility perform."

If the League of Nations should fail there is a dark outlook for humanity. Mr. Meighen declared

that Canada's only aspiration was equality of nationhood within the British commonwealth. He made it clear that no contractions of the Dominion autonomous rights could be suffered but was equally emphatic that no development of self-government and no problem of the sharing of responsibility could ever be allowed to menace the integrity of the Empire. "Imperialism rightly understood," he observed, "is built upon nationalism rightly understood." The Prime Minister offered some advice to the newspaper men whose motto he said should be "tell the truth and the whole truth." He proposed the toast to the guests and Viscount Burnham replied.
