Loyalists Launch Counter-attack

Madrid Suburbs Ordered Evacuated In Face Of New "Sweeping Offensive".

(By The Associated Press)

Two Government-held Spanish villages were evacuated yesterday to make way for Government counter-attacks on the insurgent besiegers of Madrid.

The 4,500 population of Getafe, a suburb of Madrid about six miles from the heart of the city, was ordered back into Madrid so new armored cars and tanks could move freely through the area against insurgent troops encamped south of the capital.

The village of Peguerinos, northwest of Madrid, likewise was reported evacuated to facilitate the Government counter-attack on insurgents around strategic El Escorial.

Hallowe'en Is Quietest In Years

Hallowe'en, the bane of sedate citizens and the joy of young people, was the quietest in CharloTTetown for many years police said last night. Apart from an odd post pulled from the ground and signs torn down, little or no damage had been reported.

For the first time in many years students of Prince of Wales College did not carry out the time honored custom of parading through the streets and "bouncing" the professors. In other years the students would gather in front of teachers' residences and shout and sing until the professor would come forth and make a speech after which he would be "bounced" by the students. Students said they called off the parade program in order to co-operate with the authorities in maintaining a quiet Hallowe'en. Instead they attended Hallowe'en parties in the Knights of Columbus Hall and at the Y.M.C.A.

A few students accompanied by a crowd of local youngsters paraded.

Missing Girl Is Located

GLACE BAY, N.S., Nov. 1—(CP)—Missing from her home for almost three weeks, Agnes Deveau, 18-year-old Yarmouth, N.S. girl, was located by police here Saturday night. They said she was safe and well.

Miss Deveau left the residence of the family with which she was employed in Yarmouth with the declared intention of spending her vacation at her father's home at nearby Lake Doucette, but never arrived there.

Premier Sails For Home, Important Parleys Loom

OTTAWA, Nov. 1—(CP)—Two conferences between Dominion and Provincial Government officials are now in the immediate offing, that on company law which opens here Tuesday and the first meeting of the National Finance Committee which has been called for Dec. 9. Tuesday's meeting will be presided over by Secretary of State Fernand Rinfret while Finance Minister Charles Dunning is convener of the Finance Committee which will bring all provincial treasurers and possibly other ministers to Ottawa.

Other features of administration activity this week include official merger of the Departments of Railways and Canals, and of Marine

Rail Traffic Disrupted By High Tides

C. N. R. Trackage Between College Bridge And Dorchester flooded.

MONCTON, N.B., Nov. 1—(CP)—High fall tides in the Memramook River today flooded about 160 feet of main line trackage of the Canadian National Railway between College Bridge and Dorchester, about 24 miles from here, and disrupted traffic.

The Montreal-bound Ocean Limited was held at Crow's Siding until the arrival at College Bridge of the Halifax-bound Ocean Limited about 5.30 p.m. when passengers and mails were transferred. The belated westbound Limited reached here about eight o'clock and shortly afterwards proceeded on its way to Montreal.

It was unknown at headquarters here just when through traffic would be resumed, as subsidence of the flood tides must be awaited before strengthening of the road-bed starts.

Another inundation was reported on the Cape Tormentine branch, near Sackville, but no Sunday service is maintained on that division.

Attempt Made To Dynamite Residence

NEW WATERFORD, N.S., Nov. 1—(CP)—Chief of Police Daniel Graham said tonight an attempt had been made early Saturday to dynamite an unoccupied Roman Catholic parish residence at Linagan, near here.

Ceilings of the house were studded with large wooden splinters, shot through the air by the explosion and bits of frame work were found 20 feet from the house, he said. Windows were smashed.

The blast was reported to police Saturday night. A nearby resident said he had heard two explosions, the first muffled, the second a loud blast. Police said they were able to smell dynamite when they arrived to investigate.

Municipally Operated Cabs For Scots

GLASGOW, Scotland, Nov. 1—(AP)—Municipally operated taxicabs have been proposed in this Scottish city—but there'll nae be tipping.

William Reid, deputy chairman of the Glasgow Transport Committee, proposed that the city operate a fleet of 500 cabs, not for profit, but the service to pay its own expenses.

To Treat King?

VIENNA, Nov. 1—(CP-Havas)—Prof. Heinrich Neumann, Austrian ear specialist who treated King Edward during his holiday here a few weeks ago, has been called to London to examine His Majesty again, it was reported here tonight. The report could not be confirmed.

Seven Drowned In Lake Tragedy

IRONWOOD, Mich., Nov. 1—(AP)—Seven persons drowned in Lake Gogebic, 40 miles east of here, today after a motorboat capsized. Five of the seven drowned when a rescue boat overturned.

Seven men and a boy were pitched into the water from the motorboat about half a mile from shore. Hearing their cries, Mrs. Oscar Hendricks, who lives in a cottage on the shore, set out in a rowboat to rescue them.

Five men, she said, clambered into the boat and it overturned. She swam toward the shore and was picked up by a rescue party which also saved one of the motorboat occupants.

Alberta Will Default Bond Issue Today

By J. F. SANDERSON
Canadian Press Staff Writer

EDMONTON, Nov. 1—(CP)—Faced with a money shortage, the Alberta Government will default the principal of a \$1,250,000 bond issue which falls due tomorrow, Premier Abernethy announced over the weekend. Interest at three per cent will be continued indefinitely.

Turned down by the Federal Government and the Bank of Canada in efforts to borrow the money, the Alberta Social Credit Premier said: "I don't see anything else for us but to default. I am sorry, but it is impossible for us to do otherwise."

At the same time, the Premier announced proclamation of legislation validating an order-in-council passed in June which cut interest rates on Alberta bonds from an average of 4.89 per cent to 2 1/2 per cent. Under this legislation the interest on the present bonds was cut from six to three per cent.

Meanwhile, protests came from Alberta bondholders over proclamation of the interest-cutting legislation. R. D. Tighe of Edmonton, chairman of the Northern Alberta Bondholders' Committee, issued a

Airliner Crashes Killing Ten

FRANKFORT-ON-MAIN, Germany, Nov. 1—(AP)—Ten persons were killed and three injured when an airliner flying from Frankfurt to Erfurt crashed and burst into flames today near Tabaz, in the Thuringian forest.

An airforce lieutenant who witnessed the crash pulled the three injured survivors from the burning wreckage.

He was unable to extricate the pilot, mechanic, wireless operator or seven other passengers who were burned to death.

The airforce lieutenant said visibility was poor and might have caused the crash.

Await Decision In "Stork Derby"

TORONTO, Nov. 1—Contestants in Toronto's "stork derby" tonight awaited a court hearing Friday to decide just who is the winner of a \$500,000 fortune.

The last day in the strange contest started by Charles Vance Millar with his death Oct. 31, 1926, passed without any new births recorded by leading contestants, and no new entries. There are 15 mothers claiming 122 eligible births.

Plans Large Increase In Naval Force

Mussolini Offers Pledge of Armed Peace. Lashes out at League.

MILAN, Italy, Nov. 1—(CP)—Premier Mussolini declared today that conflict between Great Britain and Italy would lead to a general European war, offered to exchange pledges to respect each nation's rights and proclaimed an "armed peace" rather than the "illusions" of disarmament and collective security.

Half a million citizens jammed great Cathedral Square to cheer the Fascist Dictator, returned to the cradle of his creed to herald the beginning of his 15th year of power with the declaration:

"What's done is done!"
And for the future:
"Peace with all both near and far. Armed peace!"
"Our program of armaments for sea, land and sky will be regularly developed."

He saw the League of Nations "shipwrecked by Wilsonian ideology" which he asserted was the philosophy inspiring "the illusion of disarmament."

"The League must renew itself or perish," but so far as Italy is concerned "the League may perish" he asserted.

Italy is willing to complete a pact with Great Britain mutually recognizing each other's rights, Mussolini said, but Britain must recognize what has been achieved in Ethiopia and elsewhere.

Any bilateral conflict between the two nations, the Fascist leader continued, would lead to European

Ex-cabinet Minister Slain At Bagdad

CAIRO, Nov. 1—(CP-Havas)—Reports reaching here tonight said Bagdad was excited over the assassination of General Jafar Pasha El Eskari, minister of defence in the former cabinet and onetime comrade of Col. T. E. Lawrence.

He was reportedly shot by an unidentified assassin in the streets of the Iraq capital.

The report followed announcement by the new cabinet in a communique at Bagdad that former Premier Yassin Pasha El Hashimi and two of the ministers in his ousted cabinet, Nuri As Said and Rashid Ali Beg Effendi, had been expelled from the country.

In announcing the expulsions, the communique said "it is the duty of the government to do everything necessary to preserve peace and order and insure that public tranquility be maintained."

Freight Embargoes

Transcontinental railroad lines yesterday put embargoes on all freight destined to move through Pacific coast ports.

A separate strike of 1,400 warehousemen confronted the San Francisco metropolitan area, embracing a population of about 2,000,000 with food trouble.

Florence McAuliffe, the city's representative in the strike emergency, called for meetings to discuss settlement of both the maritime and warehousemen's walkout.

The community remembered the 1934 strike and ensuing mass walkout of labor here. During that crisis a food shortage developed and restaurants closed. The warehousemen's strike did not affect fresh produce however, and grocery stores said they had a 30-day supply of canned goods on hand.

Alaska and the Pacific Northwest began to feel effects of the strikes. Alaska longshoremen walked out, tying up six ships.

The Government-owned Alaska railroad dropped 75 employees from

Mollison Postpones His London-Cape Town Flight

LONDON, Nov. 1—(CP HAVAS)—Capt James Mollison announced tonight he will not take off for several days on his attempt to better the London-Cape Town record set last May by his estranged wife, Amy Johnson Mollison.

The flier arrived at Croydon Airport from Edinburgh today in a plane piloted by Capt. B-55, whom he has selected as co-pilot for his dash to the Cape.

Mollison dined at Edinburgh last night with his mother. He later attended a party given by his actress friend Dorothy Ward, for whom he named the plane in which he made

Rail Embargoes On Freight To Pacific Ports

Waterfront Scenes Recall 1934 Mass Walkout Which Involved Serious Food Crisis.

SAN FRANCISCO, Nov. 1—(AP)—Conciliators tried once more today to wedge peace negotiations into the spreading maritime strike, which threatened to grip the port of New York and bore down with new force in other United States shipping centres.

Thoroughly strike-frozen, Pacific Coast waterfronts watched manoeuvres involving shipowners, Union leaders and a squad of Government conciliators headed by Edward F. McGrady, assistant secretary of labor.

At McGrady's behest strike representatives debated the question of keeping skeleton crews aboard ships with refrigeration facilities. He expressed the hope this would lead to a resumption of peace discussions between strikers and employers.

The city of San Francisco also sought to bring opposing sides together but police prepared for possible waterfront warfare.

"New Deal" Chief Issue Before Voters

By EDWARD J. DUFFY
Associated Press Staff Writer

WASHINGTON, Nov. 1—(AP)—The all-powerful voter will come into his own on Tuesday, to decide one question foremost for the United States as a whole—should the new deal be retained?—and innumerable lesser questions of office and policy.

After the months of political dispute, it will be his then to say whether Roosevelt policies help or hinder recovery, endanger or protect the constitution, are wasteful or prudent.

Tied in with this broad issue of "the record" in Washington are elections to 33 governorships, 35 seats in the senate, the full membership of 435 in the House of Representatives, and thousands of

Call For Strike

New York awaited the results of a strike voted by 1,000 seamen who overrode their national officers and called for an Atlantic walkout in sympathy with the coast unions. Half a dozen ships were tied up.

Informed sources reported shipowners were considering a plan to ask the United States Navy to put "safety crews" aboard western merchant ships left unmanned in the spreading Pacific Coast maritime strike.

Emergency crews were needed aboard ships for fire and accident protection.

Rank and file members of the Seamen's Union at Houston voted to strike and crews immediately walked from two ships there.

Two ships were tied up in New Orleans and two lines operating to the Pacific Coast announced they could handle no more cargo there for west coast waterfront destination.

Freight Embargoes

Transcontinental railroad lines yesterday put embargoes on all freight destined to move through Pacific coast ports.

A separate strike of 1,400 warehousemen confronted the San Francisco metropolitan area, embracing a population of about 2,000,000 with food trouble.
