

THE LEGISLATIVE DEBATE ON GUARANTEE OF COLD STORAGE COMPANY BONDS

Tuesday March 8. THE SPEAKER took the chair at three o'clock. MR. DOBEY inquired what action had been taken by the Government to carry into effect the resolution of the House respecting the Meat and Canned Goods Act?

attachment. It might turn out that Davis and Fraser as principal shareholders would be doing a profitable business while the limited liability company was a mere empty shell. With the federal bonus they would get a property of \$35,700 without putting in a dollar themselves. If the business was prosperous Davis and Fraser would get the profits. If it failed the loss would fall on others.

would be one of the most useful enterprises ever introduced in the country. It was not for any sinister object that it was undertaken. The Steam Navigation Company had put in cold storage chambers in their boats, which were comparatively useless because there was no cold storage on this side. With cold storage here we would get cold storage cars on the railway as they have on the I. C. R. and meats and other products would go through to their destination in cold storage. He was surprised at the opposition developed in the House.

NEW STEAMSHIP SERVICE SHORTLY

Special to The Guardian. MONTREAL, March 8.—The inauguration of New Steamship service between Canada and New Zealand and Australia will take place on May 15th with the sailing of the first steamer from this port. Two steamers will give a monthly service. St. John will be the terminus in winter.

TELEGRAPHERS TO GO ON STRIKE

Special to The Guardian. TORONTO, March 8.—The Canadian Pacific telegraphers have decided to ask for an increase in wages and stop all Sunday work except where men must be on duty and where Sundaywork is necessary, despatchers to receive double.

FEWER DROWNINGS THROUGH THE ICE THAN USUAL

BOSTON, March 7.—Fewer people than in any recent year were victims of this ice in the inland waters of New England, the Maritime Provinces of Canada, and Newfoundland during the winter season now closing. Nearly a score short of the annual average, the total for this season is thirty-seven persons. Of this number, twenty-four were seventeen years of age or under, and most of them lost their lives while skating, while lumbermen claimed several of the older victims.

BODIES OF WORKERS BEING RECOVERED AFTER SNOWSLIDE

Special to The Guardian. VANCOUVER, March 8.—The snowslide rescuers say the snow may have caught the workers unaware as many found have picks and shovels in their hands in the act of working. Up to date twenty-one bodies have been recovered, twelve of whom are Japanese. Most of the thirty-six missing who are supposed to be dead were thrown into Bear creek fifteen hundred feet below, at present inaccessible. Rotary plows are forbidden by the company as they mutilate the bodies in the snow.

THE IRISH PARTY PRIZE LIST OF GEO TOWN FAIR

Special to The Guardian. LONDON, March 8.—The Cork Accent, Wm O'Brien's paper, says there are violent and irreconcilable differences between the Irish party Dillon and O'Connor being against Diamond and Devlin on budget questions. The Bishop of Lincoln is dead.

PREPARING FOR THE SEED FAIR

In Summerside—The Coming S. S. Convention—Police Court. Special from Guardian Branch. SUMMERSIDE, March 8.—Yesterday the town of Summerside presented a busy appearance everything being put in readiness for the big Seed Fair which opens today. The entries are fully up to other years and those of Queen's Co. and Charlottetown surpass. The silver cup and special prizes presented by Hon. John Richards, Frank R. Heartz, Carter & Co. Ltd., Steam Navigation Co. C. B. C., and Holman and Brace, McKay & Co. Ltd., Summerside, are attracting much attention and altogether the Fair promises to be most instructive and helpful.

A TRAGIC DEATH AND A SUICIDE

Special to The Guardian. ABERDEEN, S. D., March 8.—Huddled in an abandoned sleigh, two women and a child were found frozen to death in a blizzard. Mrs. Mahor, her mother-in-law and son, were overtaken by a blizzard eight miles from home. They turned the team loose and huddled in the sleigh to wait for the storm to pass. They slept and never awoke. OWEN SOUND, March 8.—James Watson, 70 years old, a farmer, committed suicide by hanging. He was despondent because he could not meet his rent.

FATAL EXPLOSION

Special to The Guardian. CHICAGO, March 8.—An explosion of dry starch powder which occurred in the American Malt Co., at Roby, killed two men, injured twenty-six others, wrecked a three story building and broke windows five miles away.

CANADIAN TRADE HOLDS GOOD

NEW YORK, March 7.—Bradstreet's state of trade tomorrow will say of conditions in Canada: Canadian wholesale houses are busily engaged in shipping out spring orders but new business for future delivery is rather quiet. Drummers in the interior find it difficult to travel because of the poor condition of the country roads. However, the outlook favors excellent business once the spring season gets well under way. Business failures for the week terminating with Thursday, number 22, which compares with 33 in the corresponding week in 1909. R. G. Dun's weekly review of United States trade tomorrow will say: With a somewhat severe winter drawing to a close and with the subsidence of excitement in the financial markets, the industrial trade outlook shows improvement, and the outlook for the spring season is promising. It is an easy matter to pick flaws in the situation, certain among these may be mentioned the decreasing excess of exports over imports.

ASTRONOMER PRIEST AND HALLEY'S COMET.

SPOKANE, Wash., March 7.—Forecasts by so-called scientists in various parts of the country that the gases in the tail of Halley's comet will presently poison mankind or cause other calamities may properly be termed 'high pressure hot air currents.' Father Adams, S. J., professor of astronomy, at Gonzaga College of Spokane, made the foregoing observation in referring to statements attributed to observers in California and elsewhere. 'Halley's comet has been sizzling around its ordained orbit century after century, just as its creator designed it to do,' said Father Adams, adding: 'Were there any devastating elements in the appendage of the visitor humanity would have been exterminated regularly every 76 years. "It seems that such incidents are earthly affairs would naturally attract some attention. They might even have a slight tendency to affect the increase of population and check the progress of human events generally. Very little suspicion along this line is sufficient antidote for sensational predictions as to Halley's comet, even though they are made by alleged scientists. Father Adams claims he has definitely located the comet, having seen it through a telescope the night of February 22, saying: "The moon is so bright just now that it is difficult to catch the light from anything else, but the comet showed fairly well. There were little streaks out from the edges that judge to be evidences of the tail. The comet may be visible to the naked eye early in March at the speed it is travelling, but not sooner. To locate it, take the line formed by the two lower stars of the constellation Orion and follow it north to a point just above and slightly west of Saturn the comet should be found, but not without at least four-inch glasses."

KING HONORS SHAUGHNESSY.

LONDON, March 7.—The King has sanctioned the following appointments to the order of the Hospitaliers of St. John of Jerusalem: Earl Grey, Lord Strathcona and Sir Thomas Shaughnessy. Asquire C. A. Hodgetts, George Sutton, managing director of W. T. Henley's Telegraph Works Company, at the annual meeting said: "only fly in the ointment" of Canada. There was a good deal of business there which they were unable to do. They could not accept conditions which were creeping into municipal contracts in the great dominion. The particular objection he had to conditions of contract, fixed by Canada was to a clause in which they would put the company's reputation as contractors and their contract money entirely at the disposal of the engineer who was supervising the contract. He had in the last two weeks, with the concurrence of the board, to refuse to tender for important cable work in Canada because they had not felt able to accept the conditions of the contract which provided for no arbitration. Presiding at a meeting of Irishmen in London yesterday, John E. Redmond, leader of the Irish party, said that, "no veto in the House of Commons, but that policy they were not now budge an inch no matter what the consequences might be. LONDON, March 7.—The Times this morning professes to give an outline of the Government's intended bill for the reform of the House of Lords. It states that if the ministers are able to secure the abolition of the Lords' veto of finance and legislation, they will introduce a bill to reconstitute the Upper House on a democratic elective basis. The new chamber would be a small one, having no veto power on financial bills, but many a deadlock of the chambers under any legislation occurred the two Houses would sit and vote together. Thus any Government having a respectable majority in the House of Commons would be in a position to carry its legislative proposals.

MAN OF LEIPZIG. BUT THE DASH WAS ALL GONE FROM THE CANADIANS, WHILE THE LEIPZIG MEN REDOUBLED THEIR EXERTIONS OF THE PREVIOUS DAY. AT 23 TIME THE SCORE STOOD 2-1 AGAINST THE MAPLE LEAF, HIGGINS SCORING THE FIRST GOAL. AT THE BEGINNING OF THE SECOND HALF GILLIS EVENED THE SCORE. BUT IT WAS NOT UNTIL WITHIN THREE MINUTES OF THE CLOSE THAT GILLIS, AFTER A BRILLIANT COMBINATION BETWEEN HENRY, OF MANTON, AND HIGGINS, SCORED THE GOAL WHICH GAVE THE CANADIANS THEIR FIRST GAME ON EUROPEAN SOIL. IN THE NEXT GAME CANADA DEFEATED SWITZERLAND, 8-1. BUT AGAIN IT REMAINED FOR THE CANADIANS TO ABSOLUTELY ROTTE ICE TO PLAY A PERFECTLY CLEAN GAME AGAINST THE GERMANS. THE BEST OF FEELING PREVAILED ON BOTH SIDES. CANADA WON 4-0. THE SPECTATORS WHO HAD LOOKED FORWARD TO THE ENGLISH-CANADIAN GAME WERE DOOMED TO DISAPPOINTMENT. AN HOUR AND A HALF OF WAITING FAILED TO PRODUCE THE ENGLISH TEAM WHICH THUS FORGOT THE GAME TO CANADA. NEXT CANADA LINED UP AGAINST BELGIUM. ONLY FOUR TIMES DID THE BELGIANS TRY THE PUCK ACROSS THE HALF LINE, NOR DID THEY EVER SHOOT FOR GOAL. BUT THE PUCK ALWAYS NEAR THEIR GOAL AND SHOWERED WITH SHOTS, THEY PERFORMED THE REMARKABLE FEAT OF KEEPING THE SCORE DOWN TO 7-0. GILLIS, MUNRO, HENRY AND HIGGINS KEPT THE PUCK IN THEIR POSSESSION AND MADE SHOOTING RUSHES UPON THE BELGIAN GOAL WHILE LANCOT, THE LITTLE QUEBECER, PERFORMED PRODIGES OF VALOR. IN THE AFTERNOON GERMANY DEFEATED SWITZERLAND, 8-1, IN A SNOW STORM. THE GAME WAS CLEAN AND SPORTSMANLIKE. THE RESULT OF THE TOURNAMENT WAS A WIN FOR THE CANADIANS, WHO EACH RECEIVED THE SILVER CUPS. THE ENGLISH, THOUGH DEFEATED BY CANADA, REMAIN TITULAR "CHAMPIONS OF EUROPE." FROM GERMANS, SWISS AND BELGIANS, THE CANADIANS HAVE RECEIVED INVITATIONS TO VISIT THEM NEXT WINTER, AND NO DOUBT THE GOOD FEELING WHICH HAS SPRUNG UP BETWEEN THESE TEAMS WILL INCREASE IN THE FUTURE. FROM LES AVANTS THE CANADIANS HURRIED TO LONDON WHERE JANUARY 5TH, THEY DEFEATED ENGLAND, AT PRINCES CLUB 12-1, AND AGAIN ON JANUARY 25TH 5-2, THIS WINNING THE PRINCES' CUP TROPHY AND THE TITLE "CHAMPIONS OF ENGLAND." THE CANADIANS WHO PLAYED ON THE CONTINENT WERE AS FOLLOWS:—A. YATES, McGill '08, British Columbia. Backs—J. Daley, Prince Edward Island; R. Leitch, Prince Edward Island; G. Lanctot, Quebec. R. M. Rive, New Brunswick. Forwards—R. Gillis, P. E. I.; E. A. Munro (Capt), Nova Scotia; H. Henry, Manitoba; J. Higgins, Newfoundland. The Canadian officers were:—Dr. Lunn, Liberal M. P., President. Committee.—R. Leitch, P. E. I., Secretary and Treasurer; E. A. Munro, N. S., Captain; R. Gillis, P. E. I.

CONDENSED ADVERTISEMENTS

(Two lines for Classification.) FRESH COD, haddock and halibut at Tanton's 3-8313 WANTED, a girl for general housework. Apply at 188 Queen St. 3-9dt. MONEY IN BIBLE, THEN FOUND ALL OVER THE HOUSE.

BURLINGTON, N. J., March 7.—Armed guards surrounded an ancient farmhouse where Miss Elizabeth Hayes had lived alone and in apparent poverty for fifty years, and when she died this week. The little house had never interested anyone before—except perhaps, Miss Hayes. But now curious folk flock thither from all parts of the surrounding country. For the news has down broadcast that the dingy dwelling was a mysterious storehouse of gold coins and bank notes—news almost incredible to those who had always supposed the Libby Hayes was poor. No one knew what treasure the house held until, following the death of the aged woman, a relative lifted the old family Bible from the parlor table. As he did so a \$20 note slipped out of it. He turned the leaves and found that nearly every page in the large volume had a similar bill between them. That started the search, which revealed money in almost every nook and corner of the house. In a pasteboard box, lying, dust covered, in an unused cupboard, was found more than \$1000 in gold coin. Bills were wadded into bed springs or stuffed into old teapots, or folded into table linen. Salt bags, lying in plain sight.

CHICAGO MARKETS.

CHICAGO, March 8.—(Special.)—March Wheat ..... 111 April Wheat ..... 1044 March Corn ..... 62 1/2 April Corn ..... 64 1/2 Minard's Liniment Relieves Neuralgia.

CANADIANS CHAMPIONS

Oxford Canadians won the ice hockey championship at Les Antares, Switzerland. They hold the honor and trophy, but not the title of the "Champions of Europe," as they were forced by England, last year's cup holders, to play "hors concours" about December 18th, a party of 8 Canadians, 3 Americans, 1 Newfoundland and 1 New Zealander, united their forces at Wengen, a small village at the foot of the giant snow-capped Jungfrau, and above the chasmic vale of Lauterbrunnen. And one day the Canadians, with their Maple Leaf jerseys, Swiss sticks and an India rubber ball, used here instead of a puck, might be seen gaily sleighing up the mountain to St. Moritz. The

game was the swiftest ever played in this great winter resort, which winters and prizes have made their winter home. In the first half the score stood 2-1 against the Canadians, and the maple leaves on the prominent side of the first Canadian goal. To his credit for the middle of the second half, Higgins of Newfoundland, evened the score, which remained to the end 2-2. A brilliant save towards the end, saving the game for the Maple Leaf. This game took place on December 27th. On January 7th, at 11 a. m. they appeared on the St. Moritz ice once more, against the plucky Ger-

RECOMPENSE

We are quite sure that he will give us, we are quite sure that he will give us, we are quite sure that he will give us. My lost, my own, and I shall have so much to see together, by and by I do believe that just the same sweet face, but glorified, is waiting in the place where we shall meet, if only I am counted worthy in that by and by. I do believe that God will give a sweet surprise to the stained and dimmed eyes, and that His heaven will be most glad, most tired through with joy for you and me, as we have suffered most. God never made spirit for spirit, answering shade for shade, and placed them side by side—so wrought in one, though separate, mystified and meant to break the quivering threads of heaven. When we shall wake I am quite sure we shall be very glad that for a little while we were so sad. GEORGE KLINGBE.
