### A TRIBUTE

### Sage Tea Darkens Hair To Any Shade

Don't Stay Gray! Here's an Old-Time Recipe That Anybody Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grand mother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.

Many Mothers can testify to the virtues of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

I wish to pay a tribute to the memory of the late Mr. D. G. Compton, who died at his residence in Bangor, on March 27th. Mr. Compton in his capacity of manager of the Compton Co. (a thriving and progressive concern) did quite a business with the general public. Though his rare intelligence and refinement together with his conscientious principles, he commanded the respect and esteem of every person with whom he came in contact. The grief occasioned by his sudden illness and death brought to light many hitherto unknown acts of charity performed by him. No person in distress, (no matter what their opinions or beliefs were) ever applied to him in vain for relief. To sum up his character in a few words, he was a combination of the different qualifications which make a good Christian and perfect gentleman. His death is a severe loss not only to his family but to the whole community.

Let us hope that the example of his life may be an incentive to us to strive for his ideals viz a fraternal interest in the welfare of our fellow men.

### A Charlottetown Mother's Experience

Neuralgia, Pneumonia, Bloodpoisoning and Other Ailments Cured.

Sir,—for several years I have been an owner of a Farador and have often put it to the test for various kinds of illness, and always with splendid results.

I was a great sufferer from neuralgia and it effected a complete cure. I also suffered much from jaundice, which it also cured. One of my children was cured of Bloodpoisoning by its use. On account of ill health one of my children got very hard of hearing. By use of the Farador his hearing improved greatly and his hearing is now as good as ever.

One time two of my children were very ill with diphtheria. The Farador was applied with hot compress at the throat. It gave wonderful relief and in a few days they were entirely cured.

Only a few days ago I let a poor family have the use of my Farador for a case of pneumonia. A single treatment gave great re-

lief, and the two children were entirely cured in a few days.

I am sure the Farador is the best friend the sick can have. Not only does it effect grand and speedy cures but also saves much expense.

MRS. A. DOIRON,  
3 Upper Queen St.,  
Charlottetown.

The foregoing letter is addressed to W.E. Enman, Farador Representative 138 Hillsboro St., Charlottetown, Phone 787-J.
