LETTER OF SYMPATHY

Mrs. John Carter and Family
Dear Mrs. Carter:-
We the members of the W. M. S.
of Winsloe North, wish to convey
to you our heartfelt sympathy in
your recent sad bereavement.

Although your mother was get-
ting up in years, and had reach-
ed the allotted span, yet we know
the parting gives you loneliness and
sorrow.

Any words we may use, or any
human sympathy we offer, is power-
less to comfort you, but we com-
mend you to that great burden
bearer and physician of the soul
who has said - "I will never leave
thee nor forsake thee."

And may you consider it but an-
other link in that great chain, draw-
ing you toward your "Heavenly
Home" where partings are no more.
Signed on behalf of the members
of the W. M. S. of Winsloe North.

Mrs. P. Chandler, Vice. Pres.
Mrs. John Cudmore, Sec. Vice.

64 Golfers Teed Off On Saturday Last

On Saturday afternoon, sixty-
four golfers teed off for a most de-
lightful afternoon of golf. The
match was a mixed foursomes one
and was enjoyed greatly by all.
Prizes had been very kindly do-
nated by Messrs J. P. Clarke, Ernest
Sellar, W. E. Cotton, Russel Chan-
dler and Wilfred Taylor.

In the first section of the match
Mr. W. K. Rogers and Mrs. E. W.
MacKinnon were first with a net
score of 75. Second place was won
by Mr. K. M. Martin and Mrs.
Grant Gregory with a net score of
79.

In the second section Mr. E. F.
Sellar and Mrs. Noel DeBlots won
first place with a net score of 69,
while Mr. W. E. Cotton and Mrs.
E. F. Sellar were second with a net
score of 79.

At the request of numerous play-
ers, the Games Committee plan on
putting on another mixed four-
somes match next Saturday. Several
prizes have already been donated
and any members wishing to help
along a good work by donating
prizes, please phone any members
of the Games Committee.

To avoid a lot of unnecessary
work the chairman of the Games
Committee would ask all members
who wish to play next Saturday to
phone their names to him not later
than Thursday.

The golf season is nearly over so
act at once, phone in your names
and let us have a large turnout on
Saturday next.

Below will be found a brief syn-
opsis of telegraphic reports receiv-
ed at the Head Office of the Bank
of Montreal from its Branches. The
Branch Managers have complete
and intimate knowledge of each
local situation and are in close
touch with crop conditions in all
sections of the districts mentioned.
The map overlaid indicates the ap-
proximate extent of the districts
referred to in the report.

CROP REPORT

GENERAL

Outside the Prairie Provinces the
harvesting of satisfactory cereal
crops is approaching completion
and heavy crops of later staples are
expected. In the Prairie Provinces
grain cutting has been completed,
with the exception of 10 per cent
of the wheat and 25 per cent of the
coarse grains in Northern Alberta,
where frost has caused slight dam-
age to standing crops. Threshing
has been completed in the southern
areas of the three Provinces, with
the exception of Southern Alberta,
where 25 per cent of the grain re-
mains to be threshed. A large per-
centage of the crop in the northern
areas of Alberta and Saskatchewan
is unthreshed. Heavy rains are de-
laying operations and will cause
damage to the unthreshed crops. In
Quebec harvesting has been com-
pleted of good average cereal crops,
and good crops are promised of
roots, corn and tobacco. In Ontario
there are heavy crops of corn, to-
matoes, grapes, apples and tobacco.
In the Maritime Provinces average
crops are anticipated. In British
Columbia heavy rains have delayed
threshing and in some districts
have seriously damaged grain, a
large proportion of which can be
used only for feed. Details follow:

PRAIRIE PROVINCES

Alberta - Throughout the Provin-
ces wheat will average about 16 bu-
shels No. 1 to 3 Northern, and oats
25 bushels. Feed is plentiful, pas-
tures having benefited by recent
rains. Alberta Northern Area -
Threshing has commenced and
wheat is yielding 20 to 25 bushels.
Alberta Southwestern Area - Wheat
is averaging 7 bushels and grad-
ing largely No. 1. Alberta Western
Area - Threshing is 75 per cent com-
pleted in the Southern section, but
elsewhere has only just commenced.
Wheat is yielding around 10 bushels
in the southern section and 20 to
25 in the northern section. An av-
erage crop of good quality sugar
beets is being harvested. Saskatch-
ewan Northern Area - With 40
per cent to 50 per cent of the wheat
crop threshed, harvesting opera-
tions have been delayed by contin-
uous rains. Early threshed wheat
is yielding up to the expectations of
a fair average crop and is grading
No. 1 and 2 Northern. Pastures are
good. Saskatchewan Southern Area
- Harvesting operations are almost
completed. A large portion of the
grain was cut for feed. Late-sown
coarse grains have made good
growth, and have improved the
feed situation. Manitoba - Heavy
rains will cause damage in the
northern area, where considerable
grain remains to be threshed.
Wheat that has been marketed is
grading high. It is estimated that
the average yield for the Province
will be - wheat 11 bushels, oats 18
bushels, barley 16 bushels. Wheat
yields in the south and west av-
erage 5 to 7 bushels, northern and
Red River Valley areas, 17 to 19
bushels, central 9 to 11 bushels.
Much of the coarse grains will be
used for feed. Rains have helped
pastures and fall ploughing.

PROVINCE OF QUEBEC

A god crop of potatoes is expect-
ed, but rot is in evidence in some
places. Other root crops promise
well. A heavy crop of good quality
corn is being cut. Cutting of tobacco
is completed: the crop is above
average in quantity and is of good
quality. Rains have imposed past-
ures. Fall ploughing has begun.

PROVINCE OF BRITISH COLUMBIA

Potatoes and onions have com-
menced to move, and in both cases
crops are estimated to be above
average and of good quality, other
root crops are satisfactory. It is now
estimated that 50 per cent of the
tomato crop will not be owing to
the reduction in canning opera-
tions. Macintosh apples are now
being shipped, the crop is estimat-
ed at 80 per cent of average and
of excellent quality. Growers in
Southern Okanagan suffered heavy
losses owing to a recent gale, and
approximately 20 per cent of the
Macintosh crop was damaged in
that district. The yield of plums
and prunes were about 95 per cent
of average and that of peaches 75
per cent. These crops have practi-
cally all been marketed. The yield
of pears is estimated at 90 per cent
of average, they are moving satis-
factorily. Hop picking is almost
completed, the yield is slightly be-
low average. Pasturage has greatly
benefited by recent rains.

PROVINCE OF ONTARIO

Heavy rains throughout the Provin-
ce have materially helped root
crops, and have improved condi-
tions for ploughing and fall wheat
seeding. Cutting of an exceptionally
heavy corn crop is under way. To-
matoes are plentiful and above can-
ners' requirements. The harvest-
ing of a very heavy grape crop is
progressing satisfactorily. Late ap-
ples are sizing and colouring well
and promise better than an aver-
age crop. Over 75 per cent of a
heavy tobacco crop is safely housed,
with the leaf heavy and of good
quality.

MARITIME PROVINCES

Rain has delayed grain harvest-
ing, but not much damage has yet
been done and an average yield of
cereals is anticipated. The potato
crop, however, has been adversely

AT ROTARY

At the Rotary Luncheon yester-
day the speaker was Mr. S. A. Mac-
Donald, who gave an interesting
talk on some of the high lights of
his trip to Hudson Bay and to Re-
gina where he attended the annual
meeting of the Canadian
Chamber of Commerce.

The greater part of his address
dealt with the Hudson Bay part
of the trip.

He said that next year the Cana-
dian Chamber of Commerce will
meet in Halifax, and the delegates
will make a pre-convention visit to
Charlottetown, arriving here in the
morning, having luncheon at the
Canadian National Hotel followed
by a banquet in the evening and
returning to the mainland by boat
the same evening.

Rotarian James Robertson was
in the chair. Rotarian H. A. Scarth
was present after being absent for
some weeks, having been laid up
as the result of an accident. As
he entered the room today on
crutches he received a very hearty
welcome from his fellow Rotarians.

Mr. Scarth who is Manager of
the Canadian Bank of Commerce,
resumed his duties yesterday.

It was decided to hold Ladies'
Night next Monday, October 5th,
and a committee was appointed to
confer with the Gyros with the ob-
ject of having a joint function.

There was one guest Dr. Stewart,
of London, England, whose father
was a brother of the late Mrs.
Theophilus DesBrisay of Charlot-
tetown.

This is the third visit to this city
which the Doctor has made since
going to reside in England.
