

Whooping Cough This is one of the Children's Complaints where Griffiths' Menthol Liniment is so very valuable. Don't load your child's stomach with cough mixtures. They won't do any good. Just rub Griffiths' Liniment on the throat and chest: night and morning, and the coughing immediately becomes easier. It is pleasant to use.

Griffiths' Menthol Liniment.

Fast Growing Children especially school children, whose brains are much exercised with study and whose strength does not keep pace with their growth, should be given **PUTTNER'S EMULSION**. This preparation contains phosphorus and lime, in palatable form, and just in the best condition to be taken into the system, and supply what brain and nerves require, and to build up the bodily structure; and the cod liver oil supplies much needed fat food.

Be sure you get **PUTTNER'S** the original and best Emulsion.

Mortgage Sale.
Leasehold Property on Lot 33.

To be sold at public auction in front of the Law Courts Building in Charlottetown in Queen's County on Friday, the twenty ninth day of March next A.D. 1901 under and by virtue of a Power of Sale contained in an Indenture of Mortgage bearing date the 14th day of June A. D. 1897 and made between Richard Pickard of Township number thirty-three (33) in Queen's County in the Province of Prince Edward Island in the Dominion of Canada, farmer of the one part and Amelia Janetta Haviland of Charlottetown in Queen's County aforesaid widow of the Honorable Thomas Heath Haviland deceased of the other part which mortgage and all moneys secured thereby have become by the last will and testament of the said Amelia Janetta Haviland vested in the undersigned. All the leasehold interest and unexpired term of 99 years of the said Richard Pickard in and to that tract piece and parcel of land situate lying and being in the parish of Charlotte in the Province of Prince Edward Island and is bounded and bounded as follows, that is to say:—from the South East corner of land originally owned by Thomas Henderson Senior now deceased an 1/2 acre in the possession of Isaac Henderson the Younger, thence North along the East boundary of said land in possession of the said Isaac Henderson the Younger, One hundred (100) chains thence East ten (10) chains thence South to Charlottetown Royalty thence West to the place of starting and is part of Lot or Township Number Thirty-three (33) in Queen's County containing by estimation one hundred acres of land a little more or less together with the buildings and improvements thereon.

For further particulars apply at the office of C. H. Smallwood solicitor Cameron Block Charlottetown.

Dated this 17th day of February A. D. 1901.

THE MORNING GUARDIAN,
THURSDAY, MARCH 22, 1901.
TWENTIETH CENTURY METHODS.

There has been a good deal of talk in the Legislature about the new King and the new century, but so far there is no very great alacrity in adopting ideal or twentieth century methods. We make allowance for the fact that one half the thirty members are new to legislative work. It necessarily takes a little time for them to get acquainted with each other and with their new positions. The forms of procedure framed to prevent too hasty adoption of ill-considered acts, are no doubt also something of a hindrance to the rapid despatch of business.

But after all due allowance is made for these conditions we think more speed might easily be made with the public business than what we see. Most of the members are accustomed to attend to their own affairs at home with activity and energy, to rise early and to work the day through. To men of such habits it would be no great hardship to meet at nine o'clock in the morning. As it is the appointed hour of ten o'clock does not find the House at work. Eleven o'clock and even twelve passes frequently before anything is done, and the morning session sees little more done than reading the record of the previous day's work.

Surely these methods are hardly up to twentieth century business ideals. We know that we express the views and convictions of more than a few of the members when we say that a great deal of time is being wasted. Thirty of the leading men of our Island community are brought together and are in duty bound to stay till the session ends. Their time is valuable to them selves, and to the communities in which they usually live and transact business. By all means let the accounts be passed, the moneys for necessary public services be voted, let any necessary legislation be enacted and have the session brought to an end. "Prompt in the transaction of business" is a good motto for a Legislature as it is for a fraternal society, or a board of directors.

His Majesty King Edward has had many kind things said of him in the discussion of the Address. From what we have read of the King we are led to think him very diligent in attending to his public duties. And inasmuch as the sincerest form of flattery is imitation it might be worth while to follow his example in the matter of diligence. That would also be in a line with twentieth century progress. The average County Council on the Mainland of Canada manages to get through with more business in a day than some Legislatures do in a week. The average length of the legislative session in New Brunswick is not over five weeks, although there are three times as many people to legislate for as in P. E. Island. All of which is respectfully submitted on behalf of the people and of the willing workers in the House.

The Canada Gazette contains a notice from the Imperial authorities of the British Congress on Tuberculosis which is to be held in London July 22nd to 26th, next. Every British Colony and dependency is invited to send delegates while the governments of all Asian, European and American countries are invited to send representative men of science. The Congress will be opened by His Majesty the King.

GLADSTONE'S LAND ACT.
LONDON, March 21.—In the bankruptcy court at Burton-on-Trent to-day, Lord Waterpark appeared for examination and declared his bankruptcy was due to the compulsory sale of his property in Ireland under the late Mr. Gladstone's land-act 1881. His liabilities to the debtor amount to £3,000. His assets are £3,000.

One of the most dangerous and repulsive forms of **KIDNEY DROPSY**
for which Dodd's Kidney Pills are the only certain cure. In Dropsy the kidneys are actually *damned up*, and the water, which should be expelled in the form of urine, flows back and lodges in the cells of the flesh and puffs out the skin. Remove the filth which plugs up the drain. Restore the kidneys to health. There is only one Kidney Medicine

DODD'S KIDNEY PILLS

The Nelson Miner of March 17th tells that Lieut. George S. Beer of that city, second son of Dr. Beer of Charlottetown, has received notification of his appointment to a captaincy in Baden Powell Constabulary in South Africa. He left on the 17th for the East to take passage with the force shortly to sail from Halifax. Capt. Beer has rendered great service in securing the enrolment of men for service the various contingents that have gone to South Africa. Sixty men from Nelson alone are joining the Constabulary, as the result of Capt. Beer's efforts as special recruiting officer. The pay of a Captain in the Constabulary, the Miner says, is some \$3,000, a year. Capt. Beer was given a very hearty send-off by the Nelson Rifle Company on the eve of his departure. Mrs. Beer will follow him to Africa at an early date. Many friends in Charlottetown will be pleased to hear of their present good fortune and will hope for their safe return when this cruel war is over and South Africa is fully pacified.

"WITH BRAINS SIR!"
A great artist was once asked what he mixed his pigments with to obtain such wonderful effects. His reply was: "With brains, sir!"
This would be the real answer to hundreds of people who are all the time asking what Dr. Pierce's medicines are mixed with to produce such marvelous cures. These medicines are the result of Dr. Pierce's thorough professional education; his deep study of the principles of *medicinal* and of the human physiology in health and disease; and above all his unparalleled practical experience.

"I thank God for giving you wisdom and knowledge, and guiding you in making these medicines," says Mrs. H. A. Alsbrook of Austin, Louisa Co., Ark., in an earnest letter to Dr. Pierce. "After five months of great suffering I write this for the benefit of other sufferers from the same affliction. I doctored with our family physician without any good results, so my husband urged me to try Dr. Pierce's medicines, which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets.'"

There is no medicine in the world that has helped and cured so many weak and ailing women, as Dr. Pierce's Favorite Prescription. It was devised solely for that purpose by one of America's most eminent specialists in this particular field of medical practice. Any woman may write to Dr. Pierce for advice which will be sent confidentially and absolutely free of charge.

Dr. Pierce's great thousand-page Common Sense Medical Adviser will be sent for the cost of customs and mailing; paper-bound for 31 one-cent stamps, or cloth-bound for 50 stamps. It is a grand and useful book. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

P. E. I. RAILWAY
