CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this province. J. O. Hyndman, city, was a passenger to Montague yesterday afternoon. Mrs. Wallace Leitch, city, has returned from spending the winter in Boston. Rev. T. H. Trainor has arrived from Cashe Bay, Ontario, to spend a month in this Province. Work was commenced yesterday on the surveying of the city streets. City Surveyor Nicholson beginning on Pownall Street. Gordon Irving, Vernon River, was among the passengers to his home yesterday afternoon, having returned from McGill College, Montreal. Hector McDonald, of the P. E. I. R. carpenter shop, leaves tomorrow morning for Vancouver, B.C., to join his sons and daughters who now reside in that city. Joseph Dudier, of St. Louis, Prince County, has undergone a very serious operation in the City Hospital, it being necessary to amputate his right leg. He is reported to be doing very well. The City Council met yesterday morning at ten o'clock and passed the rates of assessment and discount for the current year which had received a third reading the evening previous. James Goss, of the P. E. I. Telephone Co., city, was a passenger on Elliot's yesterday afternoon. Mr. Goss, who has been laid off with blood poisoning in his hand, will pay a short visit to his former home. Yesterday afternoon a woman who was engaged in scrubbing at James Callaghan's tailor shop, Queen St., was arrested on a charge of theft. A piece of cloth was found on her which the proprietor has claim to. The case will come up this morning. George Prowse has received from Ernest Rice, the agent for the Canada Cycle and Motor Company here, a brand new racing wheel. Mr. Prowse for years has been riding an Iver Johnson, an American wheel, on which he has been winning his fame. He gave the wheel a trial and speaks in the highest terms of the machine, claiming that he can go faster on it than on the Iver Johnson. Mr. Prowse intends taking part in the Canadian championships this year at Waterloo, Ont., where he will be up against the best riders in America. In the Los Angeles Daily Times of May 2nd, under the heading "With the County Club," appears an elaborate description of a house warming to Wm. J. and Mrs. Orr, who had built a beautiful home on North Vega Street, Alhambra, a fairy tale home where all one's dreams of entrancing color schemes and priceless furnishings have come true. Among the guests were Mrs. S. D. Fitzgerald and her son Edward Mitchell, formerly of Charlottetown, but now of Alhambra, California. Harold Stanley, city, who has just completed a brilliant first year course at McGill College, will spend the summer months in Montreal and will work under Prof. McLeod, Vice-Dean of the Faculty of Science. "Hal" will run this year under M. A. A. colors and will undoubtedly show great development as a disciple of the cinder path. His work in the Abegweit field team of last year marked him as a coming man and it is expected that Hal will this year do to himself and the old real and black as much distinction in athletic as he has won in his first year's studies. With the advent of the warm weather and the dry fields the Abegweit A. A. officials have commenced to bestir themselves. With the memory of the big things accomplished last year the Abbies are beginning a new season with the keenest anticipations for a most successful and at all times active summer in the athletic realm here. Following up the good work done last year in improving their grounds they are still adding to the facilities for healthy recreation for club members there. The latest is an agitation for another tennis court, the two at present half off being insufficient for the increased membership of the A. T. C. In the ground being performed in the levelling, grading and seeding of that plot. In the centre of this is being dumped load after load of clay and when levelled, rolled and seeded will be the finest football gridiron in Canada. Other changes are being proposed and it is expected that this year the Abbies will have a fine quota of representatives of the brawn and muscle of the Province to uphold the honor of their club in inter-Maritime and other Canadian athletic meets. The club will afford ample facilities for training—the athlete does the rest.
