DOUK LEADER IN HALIFAX

Mounted Police On The Job Fearing Interference From Doukhobor Agents.

(Canadian Press)
HALIFAX, Feb. 3.—Fearing interference from Doukhobor agents, Mounted Police tonight moved cautiously as they brought Peter Verigin to Halifax to be deported to his native Russia.

The banished spiritual leader, weary after his long journey across Canada, was whisked from the Ocean Limited at Fairview, on the outskirts of the city, and transferred to an automobile. The automobile sped toward the city, according to residents of the community who saw the transfer being made but did not know the identity of the prisoner. The report that he had been taken off the train

GHASTLY CRIME PERPETRATED IN QUEBEC

Mutilated Body Of Wealthy Farmer Discovered By Police.

(Canadian Press)
MONTREAL, Feb. 3.—Slain in his own barn, his body hacked by axes and pierced with pitchfork prongs, Emery Langevin, wealthy farmer of Ste. Genevieve, was hidden under hay for about a week, then thrown into a river near his property. This today did provincial police reconstruct the murder of the 51 year old widower.

Bloodstained pitchforks, axes, planks and a large steel mallet were found by Chief Jarral of the Provincial Detective Force today in Langevin's barn. Hay and straw was stained red. Motive and perpetrators of the crime remained untraced tonight.

A mysterious taxicab ride is hoped to furnish a clue. On the last day he was seen alive, Jan. 15, last, Langevin was known to have entered a cab in which were three

U.S. TARIFF PLANS FALL THROUGH

WASHINGTON, Feb. 3.—(A.P.)—Plans of United States Republicans for higher tariffs against depreciated currency countries tonight appeared lost in the blind alley walled in by March 4 and the end of the Congressional session. The blockade was designated pointedly today by Speaker John N. Garner, who said:

"There will be no foreign depreciated currency legislation enacted at this session of Congress. It is unnecessary if not foolish to undertake such a large problem at this time with the Senate in the condition it is."

Then he predicted that a majority of the House of Representatives would not support the Republican motion which comes to a vote February 13, to force consideration of the Crouther bill for automatic tariff boosts against countries whose currencies have depreciated. If necessary, Garner added, the Democrats will caucus to block the effort.

The influence of the Chamber of Commerce of the United States was thrown behind the move to check imports from countries with depreciated currencies by Henri I. Harriman of Boston, President of the Chamber.

Senate Votes M. P.'s Eligible As Trustees

OTTAWA, Feb. 3.—(C.P.)—By the casting vote of the Chairman, Rt. Hon. George P. Graham, the Senate Railway Committee today defeated from the railway bill the section which prohibits appointment to the Canadian National Board of Trustees of members of the Senate, the House of Commons, Provincial Legislature, political candidates and government employees. A number of amendments had been suggested to this section, but one blanket amendment, aimed at eliminating the section altogether, was put to a vote and found the count 22-11.

Mr. Graham cast his vote in favor of the amendment, and the section was removed from the bill.

House Discusses R.C.M.P. Powers Under Game Laws

Criticism Of Powers Exercised By Police Made By Liberal Member

(Canadian Press)
OTTAWA, Feb. 3.—Amendments to the Migratory Birds Convention Act occupied the House of Commons this afternoon. The amendments are not of great significance, but members expressed some criticism of the provision of the act under which Mounted Police officers are authorized to exercise the powers of a Justice of the Peace.

AMENDMENT IS REJECTED BY SENATE

WASHINGTON, Feb. 3.—(A.P.)—The Senate by a vote of 57 to 18 today rejected an amendment which would have exempted Canadian woodpulp and other raw materials from the proposed ban on foreign goods purchased by the government departments.

Considering Further Pensions Legislation

OTTAWA, Feb. 3.—(By The Canadian Press)—Enquiry was made in the House of Commons today if the Government would introduce legislation this session based upon the findings of the recent enquiry into the working of the Pension Act. Hon. Murray MacLaren, Minister of Pensions and National Health, replied that the matter was under the consideration of the Government.

The question was asked by Dr. Peter McGibbon (Cons., Muskoka).

AMHERST, N. S., Feb. 3.—Sixty acres of ground have been cleared for the Amherst airport, and in the near future the aviation committee of the Amherst Board of Trade will present details on the construction of the airport before the town council.

Stewart Government Receives Cheque For Education Endowment

Exchange Situation Raises Value Of Payment Received Yesterday To Nearly \$88,000 In Canadian Funds — Interest Will Provide Courses In Economics And Sociology At Prince Of Wales College And St. Dunstan's University.

DR. THE HON. W. J. P. MACMILLAN, MINISTER OF EDUCATION IN THE STEWART GOVERNMENT, REPORTS THE RECEPTION YESTERDAY OF A CHEQUE FROM THE CARNEGIE FOUNDATION OF \$75,000 FOR THE ENDOWMENT OF A CHAIR OF ECONOMICS AND SOCIOLOGY IN PRINCE OF WALES COLLEGE AND ST. DUNSTAN'S UNIVERSITY.

THE CHEQUE IS PAYABLE IN AMERICAN FUNDS, ON WHICH THERE IS A PREMIUM OF 17 PER CENT, WHICH MEANS AN ENHANCED VALUE OF BETWEEN \$12,000 AND \$13,000 IN CANADIAN MONEY.

THIS MAGNIFICENT SUM OF NEARLY \$88,000 STANDS TO THE CREDIT OF THE PROVINCIAL DEPARTMENT OF EDUCATION AND WILL PROBABLY BE INVESTED IN DOMINION OF CANADA BONDS, THE INTEREST OF WHICH WILL PROVIDE FOR ALL TIME FOR THE SALARY OF A PROFESSOR IN ECONOMICS AND SOCIOLOGY, WHOSE SERVICES WILL BE AVAILABLE TO BOTH THE LEADING EDUCATIONAL INSTITUTIONS IN THE PROVINCE.

Hon. Dr. MacMillan, naturally, was jubilant yesterday at the prompt manner in which the Carnegie Foundation grant had been paid, and the fact that the enhanced value of United States funds at the present time has resulted in such a large increase in the amount anticipated.

It is not likely, he said, that the new courses will be inaugurated until the beginning of the next college season. In the meantime, the money stands to the credit of the Province.

As stated when the announcement was made of the voting of

this fund by the Carnegie Corporation, the endowment of a chair of Economics and Sociology will give Prince of Wales College the status of a first-class Junior College. The fact that the grant will provide for instruction in these subjects at St. Dunstan's University will also be a matter of general satisfaction.

There remains yet to be received the grant of \$60,000, which was voted at the same time by the Carnegie Foundation for library service demonstration in the Province.

Hon. H. H. Stevens, Minister of Trade and Commerce, and Liberal member for Bruce North, asked the Minister (Hon. H.

EX-KAISER UNLIKELY TO RETURN

(By Louis P. Lochner, Associated Press Staff Correspondent)
BERLIN, Feb. 3.—Unless Germany asks Wilhelm II to return from Doorn as Emperor, the erstwhile powerful ruler will not come back to the land of his fathers.

This was emphatically reiterated today by Wilhelm's personal adjutant, Baron Ulrich Von Sell.

"Wouldn't even consider returning if the present government of national concentration were to invite him, say as an honored guest?" he was asked. The questioner had in mind that the Cabinet of Chancellor Adolf Hitler certainly would not oppose his return, but, on the contrary, in consonance with his policy of revering everything connected with Germany's military past, would conceivably show him the same respect and honor which the former Crown Prince is shown whenever he appears at Nationalistic functions.

MIN. OF TRADE REACHED IN EXPLAINS RY. DISPUTE SOVIET OFFER

Hon. H. H. Stevens Answers Queries Re Trade With Russia.

(Canadian Press)
OTTAWA, Feb. 3.—With the exception of coal, lumber, pulpwood and furs, any person in Canada may import from Russia to any extent they desire, subject to the statutory import duties, and may export to Russia to any extent they may arrange, so far as the Canadian Government is concerned. This was the statement of Hon. H. H. Stevens, Minister of Trade and Commerce, replying to queries directed at him during consideration of the estimates in the House of Commons tonight.

Dr. Thomas Donnelly, (Lib., Wil- low Bunch), asked the Minister if Canada was doing anything at all to secure trade with Russia, and if any trade commissioners had been sent to that country. He referred to the announced policy of Franklin D. Roosevelt, President-elect of the United States, which included a lowering of tariffs and trade with Russia.

The statement of the Prime Minister, made in the House earlier this week on the subject of trade with Russia, had fairly covered the situation, Mr. Stevens said. Several facts should, however, be born in mind.

All imports and exports to and from Russia were under state control.

ESTIMATES IN COMMITTEE

U. F. A. Suggestion Of Trade Commissioner For Russia Replied To By Hon. H. H. Stevens.

(Canadian Press)
OTTAWA, Feb. 3.—For the first time since the House of Commons reassembled, parliamentary estimates came up for consideration in committee of supply this afternoon. Appropriations for the Department of Trade and Commerce were before the committee, and two small items were passed with little discussion.

An appropriation of \$693,487 for Canada's Commercial Intelligence Service was then encountered and it proved the subject of lengthy criticism.

Hon. James Malcolm, former Minister of Trade and Commerce and Liberal member for Bruce North, asked the Minister (Hon. H.

SETTLEMENT REACHED IN EXPLAINS RY. DISPUTE SOVIET OFFER

New Agreement Being Drafted For C. N. R. Engineers And Foremen.

(Canadian Press)
MONTREAL, Feb. 3.—An amicable settlement of their dispute was reached today by engineers and firemen of the Canadian National Railways who had clashed over a rule under which demoted engineers may become firemen. A board of conciliation, under Mr. Justice Kingsford, Toronto, announced the settlement.

The new agreement is being drafted. It is understood engineers have agreed to reduce their minimum mileage from 3,200 miles per month to 2,700 miles per month for

By-Election To British Commons

LONDON, Feb. 3.—(A.P.)—A by-election in East Fife, necessitated by the death of Sir J. D. Miller, resulted today in the election of J. H. Stewart, also a member of the Liberal Nationalist party. The result makes no change in the party standing in the House of Commons.

Martial Law In Rumania

BUCHAREST, Rumania, Feb. 3.—(A.P.)—The government was empowered tonight by the Parliament to declare martial law in Rumania in order to curb unrest and agitation "of perilous dimensions."

Premier Vaida Voievod, declared that the measure was necessary to prevent riots in the Ploesti oil district, which he said were engineered by Communists, and to a "passive resistance" strike in the Government railway shops here.

WOODSWORTH GROUP SCORED IN COMMONS

Charge Of Communism Laid Against C. C. F.

OTTAWA, February 2.—Capitalism is on trial, cried members of Canada's newest political party, the Co-operative Commonwealth Federation, when they led the House of Commons today into a scholarly economic debate.

And from a far corner of the Conservative benches came the reply—it is democracy on trial, not capitalism, said J. E. Lawson, member for West York.

With Conservatives pounding their desks and Liberals mildly approving, the West York member as-
