

Average Potato Crop For Province

Though the recent dry weather has adversely affected the growth of all root crops in the Province, it is not too late yet, given sufficient moisture, for an average potato crop.

Swimming Classes

Girl Guides at the Holland Cove Camp were very successful in swimming tests on Tuesday.

Romania

It should not lose her importance as a power in the Mediterranean.

Mr. Molotov said that the Romanian Government has listed the total claims of Romania as \$25,503,000.

He said Russia wanted to "wreck" development of this new democratic Romania.

These words contrasted sharply with the Russian criticism of the democratic Romania.

Mr. Molotov said that the Italian Premier had failed to condemn Fascism when he presented Italy's case.

He failed to make a single remark against the work of Mussolini.

He failed to make a single remark against the work of Mussolini.

He failed to make a single remark against the work of Mussolini.

MEALS SERVED at 101 Westmount St., 8:30-10; 11:30-1:30; 5:30-8.

THE ROGERS Hardware Co. will be closed on Thursday afternoon in addition to all day Wednesday.

HENDERSON & CUDMORE's men wear store will close today and Thursday at 12 o'clock noon.

OPENS MISSION IN GEORGETOWN—Rev. Fathers Gullery and Murphy, C. S. S. R. Charlottetown will open a mission in St. James' Church, Georgetown, Sunday, August 18th.

CAR COLLIDES WITH POLE—Going north on Cumberland Street a car, driven by a lady visitor to Old Home Week, collided yesterday evening with an electric pole snapping it off. The car received comparatively little damage.

PARKING SPACE COMPLETED—The parking space recently constructed on the south side of the Law Courts Building by the County Construction Company is now open for the accommodation of approximately 100 cars.

HENDERSON & CUDMORE's men wear store will close today and Thursday at 12 o'clock noon.

INVESTIGATING QUALITY OF MILK SUPPLY—Dr. H. A. Ansley and Mr. L. G. Herman of the National Department of Health and Welfare, Ottawa, are in the city conferring with provincial and local health authorities regarding the quality of the fluid milk produced and marketed within the Charlottetown area.

WINNERS OF LOTTERIES—The winners of the 1000th St. Patrick's Church, Grand River, drawn on Aug. 7 are as follows: 1st prize, Miss Annie McGuirk, Waban, Mass.; 2nd prize, Miss Mary McInnis, Roxbury, Mass.; 3rd prize, Mrs. George Fisher, Grand River; 4th prize, box of assorted articles, Lorne Padden, Boston, Mass.; 5th prize, pair of towels, Mrs. Adelaide McInnis, Grand River.

HENDERSON & CUDMORE's men wear store will close today and Thursday at 12 o'clock noon.

POLICE OFFICERS BUSY—Chief of Police Britwell's staff is supplemented by three special police, were busy men yesterday afternoon in the vicinity of the Esplanade and the Esplanade grounds. Several visitors were heard to comment on the busy officers kept the traffic moving smoothly and without accident.

RURAL SCHOOLS REOPEN—Officials of the Department of Education were unable yesterday to give any statement as to the approximate number of country schools which have secured teachers for the coming school year.

Mr. G. S. Levy, M.B.E., left by plane for Ottawa, Saturday morning after spending a pleasant holiday in the Baltic, the guest of Mr. Bruce and Mr. John Levy.

Mr. and Mrs. Earle R. Suddaby of Montreal are guests at the Charlottetown Hotel and are enjoying the beauty of the country-side and the beaches. They speak very highly of the natural scenery of the Province and have made many friends here.

Noted in the City among other visitors are Dr. and Mrs. P. L. Farrell of Boston, and Mrs. Roy Johnson of Greenfield, Mass., and Dr. Fred W. Christopher of Belmont, Mass. all of whom have spent the past week with the horse racing program for many years.

Miss Norma Bernard, youngest daughter of Lt. Gov. and Mrs. Bernard has been spending a few days in the city, and while there she is fishing recently at Black Marsh had the experience of landing over twenty mackerel from a boat in ten fathoms of water. Miss Norma is entering Charlottetown City Hospital shortly to take a course in nursing.

19 PRETENDERS—At least 19 persons at one time simultaneously claimed the title of Roman emperor.

Police Use Tear Gas On Rioting Strikers

VALLEYFIELD, Que., Aug. 13—(CP)—Property damage estimated in hundreds of dollars and countless bruises and scratches were surveyed tonight in the wake of today's labor disturbances outside the huge industrial plant of Montreal Cottons Ltd., during which police used tear gas in efforts to restore order.

A three-cornered flare-up involving the striking union—The United Textile Workers of America (A. F. L.)—workers who returned to the plant which had been strike-bound since June 1, and municipal police, broke out on several occasions as the company took steps to break the 74-day-old strike.

No arrests were made and no persons were reported to be seriously injured, but hundreds of windows were smashed in the north side of the plant bordering Dufrere Street and the low wooden fence in front of the home of W. G. E. Aird, vice-president and general manager of the company, was torn down and broken by stones.

The plant, which normally employs 3000 workers, had been shut down until last week, but following a referendum by mail the company announced that the plant would reopen at seven o'clock Monday morning for those willing to return to their jobs.

From 50 to 150 workers returned yesterday and were pelted with eggs and tomatoes as they left for lunch and returned later, and also at the six o'clock closing, as a crowd of about 1,000 clustered about the mill entrance.

These incidents were intensified today as approximately 400 returned to their jobs, and on two occasions provincial police used tear gas in attempts to disperse crowds at the plant gates.

The riotous on both days was for police to escort workers about two blocks towards their homes.

On one occasion, many members of the company's police force were escorting a squad of automobiles containing company guards from the plant area, stones were hurled at the vehicles. It was not learned if any of the occupants were injured.

The strike was called June 1 by the U. T. W. A. to support demands for higher wages, a shorter work week and a labor agreement made by means of circulars passed from door-to-door of the formation of an independent union, called the Textile Workers of Valleyfield, which proposed the settlement of all labor disputes on the basis of justice and charity.

The group of Montreal Cottons employees organizing this union are believed to have been for the back-to-work movement.

REPORT (Continued from Page 1)

the stage where we are virtually isolated from the rest of the world which is either going communistic or socialistic.

Mr. Conroy said, "we are trying to reorganize a form of government in the hope that the masters of our destiny will listen to us, even in their own interest."

The labor representative said in the face of Mr. Gordon's prediction that prices would continue to rise, regardless of whether the wages are given, labor could not compromise on meeting the higher living costs already experienced.

Labor Minister Mitchell also was recalled briefly. Mr. Blackmore said the major criticism was the presentation Mr. Mitchell had made to the committee earlier was that it was made from a negative approach.

Mr. Mitchell said a comparison of increases in living costs now and after the war showed the government had taken definite positive action.

Guest of 3 Presidents

A frequent visitor to the United States, Wells once described himself as a "pro-American."

On later visits Wells was received by Presidents Hoover and Truman, and by the late President Woodrow Wilson.

Wells was in the city on a visit to the White House and the White House Library, and was accompanied by President Theodore Roosevelt's son, Theodore Roosevelt Jr.

Chiang To End One-party Rule

(By John Rodetick) NANKING, Aug. 14—(Wednesday)—(AP)—Generalissimo Chiang Kai-shek today promised solemnly to end the Kuomintang (government) one-party rule and institute a constitutional government.

The statement, issued on the first anniversary of the surrender of Japan, broke Chiang's silence at the height of China's new crisis brought on by months of stubborn civil strife.

It came four days after the United States envoys, Ambassador John Leighton Stuart and Gen. George C. Marshall, announced that general peace for China appears impossible.

Gen. Marshall, special presidential envoy, has been working since last December to bring the Communists and the Government together.

In a lengthy statement issued at the summer capital of Kuling, Gen. Chiang laid down a six-point program for the future.

The extraordinary message did not mention the Stuart-Marshall agreement on the possibility of bringing the two factions together.

Chiang said the government's policy will be: "Firstly, end the present political government without delay, despite all obstacles. The National Assembly definitely will be held on schedule, Nov. 12."

Secondly, abide by the agreements reached by the political consultative council (which laid the basis for the new constitution) and execute them.

Thirdly, enlarge the government's political base, including members of all parties and all groups, and put into effect a program of peaceful reconstruction as adopted by the political consultative council.

Fourthly, abide by the Jan. 10 truce agreement (since violated) and stop all military operations.

Fifthly, continue to use political means to settle political difficulties.

Sixthly, give protection and freedom to the people and their properties, remove any threat to peace and enable the people to live in peace and carry on their daily livelihood.

Chiang sketched what he described as Communist violations of the truce policy of setting peace by military force and transform into a peaceful party.

He pointed out that the Communist party had violated the truce policy by military force and transform into a peaceful party.

Chiang said he would dedicate himself to the cause of the revolution of our country.

He said he would not let the fruits of victory be enjoyed by a few.

He said he would not let the fruits of victory be enjoyed by a few.

Shortage of Hard Coal In Halifax

HALIFAX, Aug. 13—(CP)—The hard coal shortage in Halifax was "never as acute during the war as it is today," said a spokesman of the Halifax Coal Dealers' Association today.

Mr. Foster said that because of the anthracite strike in the United States and the abandonment of the United States Solid Fuels board, which had allocated some coal to Canada, it would be "harder than ever" to get American anthracite in Canada.

He said the steel strike at Sydney, N. S., had also caused a serious shortage of native coke.

HALIFAX, Aug. 13—(CP)—Nova Scotia's hay crop will not be more than 60 or 70 per cent of last year's crop, an official of the provincial agriculture department said today.

He was commenting on reports that a hay shortage in Cape Breton Island and the mainland might force slaughtering of cattle.

Hardest hit by the hay shortage was Cape Breton Island. Only less seriously affected was the eastern mainland of the province but at the present time in Yarmouth county, hay crops were reported good.

For the official member of the provincial government, the situation was not so serious as it would seem because last season's hay crop was normally high and other crops this season would not be affected as seriously as the hay crop.

OTTAWA, Aug. 13—(CP)—The Ottawa Board said today that "in the face of threats to curtail food production" it had been obliged to take "drastic action" yesterday by appointment of a controller for lumber and lumber products in the British Columbia interior, and issuance of directives to ensure capacity production of lumber and lumber products.

B. C. box manufacturers in the interior have appealed a sentence of six months in prison for each of six men who had been convicted of operating their plants at capacity of the available labor and materials to manufacture boxes and shooks.
