THE MORNING GUARDIAN

SATURDAY, JANUARY 17, 1903.

THE WEALTH OF NATIONS.

The statistician who tabulates the figures which show the wealth of nations takes no note of undeveloped natural resources. He deals with the value of those things which serve a useful or desired purpose and which cannot be acquired without a sacrifice of labor, capital or time. Thus we say, the man who takes a wilderness lot of little or no value, and makes of it by his labor, or capital or both, a valuable homestead worth, say four or five thousand dollars, has created so much wealth and has added so much to the potential wealth of the country in which he lives. So wealth is created in the workshop, in the factory, in the mine, and in a thousand lines of human activity by the application of labor and capital. And the sum of the value so created in a country represents the wealth of the country, at least for statistical purposes.

The United Kingdom was for a long time the wealthiest of the nations. It was during the nineteenth century passed in the race by the United States, which has now nearly twice the population of the Mother Land. Some of our readers may not be aware of this fact, and may desire to know further of this subject. A table published in the Daily Mail Year Book estimates the wealth of the leading civilized countries as below:

United States	$ 81,650,000,000
United Kingdom	59,030,000,000
France	48,450,000,000
Germany	41,260,000,000
Russia	32,125,000,000

From the above it is quite easy to show the relative wealth of the nations just named per head of their population. It is as follows:

United Kingdom,	per head	$1,422
France,	" "	1,258
United States,	" "	1,071
German Empire,	" "	715
Russian Empire,	" "	257

Here it will be seen that the order of precedence is changed, the United Kingdom holding the first place, with France second and the United States third, Germany fourth, with just about one half as much wealth per head as Great Britain, and Russia last with less than one fourth of the wealth per head possessed by the United States. But these are after all but partial views of the wealth of nations. Take for instance the Russian Empire as a compact body with no possessions beyond the seas, and the United States with almost its entire wealth centered in North America, or even Germany and France which have considerable colonial possessions, and note how strongly they contrast with the British Empire, the great bulk of whose population is beyond the seas.

The United Kingdom alone is by far the richest nation in the world excepting only the United States, but if we take the British Empire, with its four hundred millions of population in the British Isles, India, Canada, Australia, Africa and the islands of the sea, we have an aggregate of national wealth which is easily first among all the great states of the earth. And who doubts that it must long continue to be, not only first in wealth as in power but also first in the beneficent influence which it exerts among the nations of the world.

HEALTH AND HOPE.

"He who has health and hope; and he who has hope has everything". But hope flees at the approach of kidney disease with the dreadful pains which accompany it. With the flesh gradually failing, the back aching, and the despair which often comes to victims of this ailment, only the use of Dr. Chase's Kidney Liver Pills will restore hope, confidence and health. One pill a dose, 25 cts a box.

The history of representative institutions has a thousand times demonstrated that the member of Parliament who is seeking office for himself or it may be a fat contract or an office for some member of his family is practically powerless to guard the interests of his constituents.

Did it ever occur to the intelligent reader of the Island's only independent journal that in the disabilities of which we complain we are largely the victims of the party system? The Laurier Government is made up of Ministers who know very well that whatever they may do or neglect to do Messrs Farquharson, McKinnon and Hughes will vote for and speak for them while Messrs. Lefurgey and Hackett will oppose them. How different it might be if we had independent representatives who would be in a position to talk to the Government in this fashion "Give us our mails and transportation for our freight and passengers as regularly as you give them to Ontario, Quebec, New Brunswick or Nova Scotia; give us a telegraph service during the same hours and at the same rates as prevail on the mainland and we will support you; otherwise we will vote to turn you out." Such an attitude on the part of our five representatives would soon bring about a change for the better.

Sick Headache Cured in 20 Minutes

By using Yasai Zutoo Tablets, (Japanese Headache Cure) a strictly vegetable compound. No cure, no pay. Price 25c.

Chamois Vests For Ladies' And Gents

As the season is advancing and we do not wish to carry over. We will sell present stock at cost prices.

Average sizes in stock. Solid comfort for winter weather.

The Square Druggist.

Sunnyside.

The "Liner" of the Future.

Every cabin will be situated in the best part of the ship and will be fitted with two chests of drawers, a bathroom, a corkscrew, and a muscle-developer. Ladies will be given special facilities for curling their hair, and setting the ship on fire at frequent intervals during the twenty-four hours. In the event of encountering bad weather, four quartermasters will be told off to stand at each corner of the ship to hold her steady. Hanging tables will be provided for playing billiards and ping-pong, and a dance will be held every night on the quarter-deck. The meals will consist of Chotah hazri, early tea, coffee, chocolate, plain soda, breakfast (commencing with porridge and ending with Bombay ducks), light luncheon, heavy luncheon, afternoon tea, cocktails, dinner, coffee, cigars, nightcaps, etc.

Special arrangement have been made whereby neither the captain, nor the doctor, nor the purser have any official duties, but each is able to devote his entire time to flirting with the lady passengers. No officer is admitted into this service until he has produced a certificate of good looks, dancing and flirting capacity, a gift for acting and reciting, and a talent for playing the banjo.

It has been found by experience that passengers always know very much better than the captain and officers what ought to be done in the case of any emergency, and they will accordingly be carefully consulted, and the decision of the smoking-room will be taken as final. No delay will ever be caused by such a thing as quarantine or the necessity of obtaining pratique, and the ridiculous claims of Custom House officials will be entirely ignored.

Womanly Troubles

SHOULD NOT BE ALLOWED TO UNDERMINE HEALTH AND BEAUTY, BUT SHOULD BE TREATED AT ONCE BY FERROZONE.

It is impossible to go into details on this subject, but the experience of many a poor women who is crippled for life, just because she did'nt use a good remedy in time, should be a warning to others.

When the first stages of womanhood appear in a young girl, a great deal depends upon getting her over this critical stage, so that in years to come she will not develop green sickness or consumption.

As soon as she complains of flushed face, headache, bearing down feelines, give her at once a course of Ferrozone treatment, which will carry her past the crisis.

In the adult woman if any irregularities occur, Ferrozone will be found a remedy of remarkable potency and power.

Ferrozone is the ideal regulator for the monthly periods and causes all organs of the body to perform their work properly, and at just the expected time.

It purifies the blood, tones up the nerves and vital energies. The stomach is strengthened, and digestive and assimilative processes are improved by the good work of Ferrozone. It regulates the bowels, cures constipation and piles, and replaces disease and decay by health and strength.

There is nothing better for the complexion than Ferrozone. It removes the dark circles from under the eyes, removes and cures all manner of skin eruptions, gives brightness and brilliancy to the eyes, a rosy tint to the cheeks, whitens the teeth and developes a well rounded plump and handsome form.

Ferrozone is the ladies' favorite, and should find a place in every household. It is prepared in the form of a chocolate coated tablet, convenient and pleasant to take. Price per box 50c., or three boxes for $1.25. Sold by all druggists, or by mail from N. C. Polson & Co., Kingston, Ont.

DIGBY'S MAYOR RESIGNS

DIGBY, Jan. 13.—Digby's Mayor and Town Councillors resigned in a body last night, on account of alleged difficulties with the Stipendiary Magistrate.

VALUABLE ADVICE TO MOTHERS

If your child comes in from play coughing or showing evidences of an approaching attack of Grip, Sore Throat, or sickness of any kind, first thing get out your bottle of NERVILINE. Rub the chest and neck with Nerviline, and give internal doses of ten drops of Nerviline in sweetened water every two hours. This will prevent any serious trouble. No liniment or pain reliever equals Polson's Nerviline, which is a necessity in every household. Large bottles cost only 25c.
