APPROVES CHANCELLOR'S REQUEST

LONDON, May 8.—(A.P.)—The House of Commons tonight approved the request of Neville Chamberlain, Chancellor of the Exchequer, for authority to increase the exchange equalization account.

Mr. Chamberlain emphatically denied the fund was used to depress the pound rate permanently.

The Government has no intention, the Chancellor said, to attempt to

alter the permanent level of the pound, either by forcing it up or pushing it down.

In his argument for the increase Mr. Chamberlain said it was necessary because there has been a flight of refugee capital to London.

Assuring the House that his request for an increase in the fund had "nothing whatever to do with the circumstance the United States has gone off gold" the Chancellor continued:

"I am sorry to see, in spite of my emphatic statement in my Budget Speech, that some American journals have represented this addition to the exchange equalization account as being in some way directed against that country.

Akron Disaster Remains Mystery

WASHINGTON, May 8.—The cause of the Akron disaster "must ever remain in the realm of conjecture," Lieut. Comdr. Ralph G. Penoyer said today in summing up evidence presented during the navy's investigation of the dirigible's destruction.

Penoyer, presenting his final argument as judge advocate of the court of inquiry, said the testimony presented in the 11 days of hearing was "complicated and confusing."

"This disaster is a part of the price which must inevitably be paid in the development of any new and hazardous art."

R. C. A. Director Resigns

NEW YORK, May 5.—(A.P.)—Owen D. Young today resigned as Director and Chairman of the Executive Committee of the Radio Corporation of America, and as Director of the R. C. A. subsidiary companies, effective at once.

"It is done," Young wrote, "for the purpose of complying with the decree entered in the Federal Court in Delaware which contemplated my resignation either as director and officer of the General Electric Company or of the Radio Corporation of America on or prior to May 5, 1933.

Tignish C. W. L.

The annual meeting of the Tignish Sub-Division of the Catholic Women's League was held on Thursday 27th inst., in St. Mary's hall. A large number of members and visitors were present.

The Rev. Father McNeill, who then addressed the meeting complimented the C. W. L. on their splendid record and expressed a hope that the retiring officers who were now educated in the work would not become indifferent as was so often the history of ex-officers.

In his shop stood a neat coffin. He made it last fall and selected a plot in the cemetery.

a very lovely address was read to the retiring president Mrs. L. J. Murphy, by the newly elected president, Mrs. John O'Brien.

At the conclusion of the meeting

Board Reduces Freight Rate

WENNEPEG, May 5.—(C.P.)—Freight rates on wheat from Port William to Montreal were ordered reduced from 6 1-2 to six cents per bushel by the Board of Grain Commissioners here today.

It is understood a rate of 6 1-2 cents has been charged to Montreal while shipments have been made to Sorel and Quebec at six cents per bushel.

R.C.M.P. PATROL FINDS MEAGRE MESSAGE

OTTAWA, May 6.—(C.P.)—Out of the lumpy icebound islands of polar Canada came a four months old message today which assured the safety of the Royal Canadian Mounted Police post at Bache Peninsula and procured the first news in more than two years of the German scientific expedition headed by Dr. Krueger.

Whereabouts of the German scientist and his two companions, Bjare and Akalos, are as much a mystery as ever but Corporal Stalloworthy, Commander of the Bache Peninsula post found records of their visit to Peary's Cairn on the North West point of Axel Heiberg Island, bearing the date of April 24, 1930.

This three year old note, signed by the three explorers, is the first trace found of them in two years. It was discovered by Stalloworthy on a 3,000 mile patrol of his lonely Arctic beat and indicated the party had intended pushing further north to Meligen Island but decided against the move owing to treacherous ice conditions.

Prepared

ALEXANDRIA, Minn., May 5.—Death, although it overtook him while he was eating breakfast, found John Ljung, 72, a carpenter, prepared.

In his shop stood a neat coffin. He made it last fall and selected a plot in the cemetery.

a very lovely address was read to the retiring president Mrs. L. J. Murphy, by the newly elected president, Mrs. John O'Brien.

FRENCH ENVOY NOVA SCOTIA RETURNS FROM MAN FIGURES WASHINGTON IN CAR RING

Is Radiant With Optimism As Country-men Extend Enthusiastic Welcome.

PARIS, May 6.—(A.P.)—The war debts cast their shadow over the return today of Edouard Herriot from his economic discussions with President Roosevelt in Washington.

The former Premier arrived at Le Havre on the Ile De France and was given a warm welcome by an enthusiastic crowd and by several Cabinet Ministers.

"I went to Washington to get information and I am bringing back to the Government the maximum information," the special envoy said.

He was radiant with optimism and ready to face public doubts and parliamentary misgivings concerning the American tariff truce proposal and the gold problem.

Liquor Profits Lower In Nfld.

ST. JOHN'S, Nfld., May 6.—(C.P.)—Sharp reductions in liquor sales and duties collected are noted in the annual report of the board of Liquor Control, now before the Newfoundland House of Assembly.

Profits from the sale of liquor during the year ending January 31 1933, are shown as \$191,445.51, just \$71,905.98 below the figures for the previous year.

The report states that 639 prosecutions were instituted and 353 convictions secured, which under local conditions is considered "a quite fair proportion."

Referring to "the prevalence of smuggling and rum running on the southwest coast," the report states: "Conditions there have not improved and no improvement is likely until the customs act has been adapted to the situation."

Beer was the most popular beverage during the year, according to the report, sales totalling \$417,745. Rum was next, at \$249,759.

Permits were given to 30 tourist hotels outside St. John's and two in the city, for sale of wines and beer at meals.

WOMAN GIVES U. S. CONGRESS HER VIEWS

WASHINGTON, May 6.—A Chicago woman, who thinks her remedies for ending the depression are better than those being enacted by the U. S. Congress, got up in the House gallery to say so—and comelyly upset more than 300 members who were hearing the inflation plan explained.

"You can go on like you are for 1,000,000 years and you won't end the depression," she shouted. "You can't spend money you haven't got."

Later she said her name was Miss Betty Richmond and that she came from Chicago to tell "them"—bankers and millionaires—"that you can end the depression if you have a moratorium on everything."

CHICAGO, May 5.—On his third birthday Paul Allen Cooper was so busy reading the newspapers he didn't have time to play with toys.

You Can't Fool a BLOOD TEST

On November 14, 1932, a pale, thin girl walked into a physician's office and had her blood tested. The reason for her condition was at once evident.

The physician, who knew the formula of the remedy, told her to take two of Dr. Williams' Pink Pills after each meal and to come back in a month for another test.

On December 14 her blood showed
