

MONDAY

WEDDING BELLS.—Rev. E.S. Weeks, was the officiating minister in the marriage at Bayfield on March 29th of Mr. Chas. W. Boyd of Borden P.E.I. and Miss Grace A. Mumford of Somerville, Mass.

LAI D TO REST.—The funeral of the late Mrs. Harry Toombs was held Saturday morning from her late residence, Passmore St. to St. Dunstan's Cathedral, where a Requiem High Mass was celebrated by Rev. A. J. McIntyre. Services at the grave were conducted by Rev. R. St. John. The pall bearers were Messrs. J. A. Griffith, Wm. Morgan, Jas. Coyle, Jas. Kiggins, Geo. McQuaid and Esbert Hughes.

RAID ON STILL.—It is reported that a liquor raid upon the proprietor of a "still" in the eastern part of Queens County last week caused a considerable cessation in the district and resulted in some damage to a local custom house official, who, accompanied by two liquor inspectors from the city, succeeded in gaining access to the suspected quarters. In opening the door considerable resistance was offered, the custom house man receiving a nasty blow on the face. A can containing suspected liquor was found and seized.

A SERIOUS LOSS.—The many friends of Mr. and Mrs. W. H. Prowse of this city will sincerely sympathize with them in the loss they have sustained by the destruction of their beautiful home in Murray Harbor, by fire on Saturday night. The house which was one of the finest private residences in the province, has been vacant since November when Mrs. Prowse joined her husband in Charlottetown for the winter, preparing to re-open it again in May. The house contained all their furniture the greater part of which was very valuable including several bedroom suites of old mahogany besides the silver and linen, etc. In addition to their loss was telephoned to Mr. and Mrs. Prowse yesterday morning. How the fire occurred is a mystery. A regrettable feature is the fact that the insurance on the building was allowed to lapse a few weeks ago, the intention then being to renew it when the house would be reoccupied. Mr. Prowse estimates his loss at about \$10,000 besides the loss of many articles of here and there sentimental value which money could not replace.

There passed away at Hazelbrook on April 5th one who will be sadly missed in the home, in the community and by a very large circle of friends. We refer to Mrs. Prudence Wood, wife of Mr. Daniel Wood, who died in her sixty first year. She was a good kind neighbour—a true and steadfast friend—whose hospitality was almost unbounded—at whose home we were many visited and were always warmly welcomed. She was a consistent member of Pownall Methodist Church and always took an active part in its activities. The Sunday School and the Woman's Missionary Society will miss her most for when able she was always in attendance and life for her as for others had its joys and sorrows—her family of three girls all predeceased her and now her husband is left to pursue his way in loneliness and sorrow.

But he is sustained by the Christian's hope that there is a larger and better life beyond and that after death we pass on to meet and know our loved ones who have gone before and to be forever with the Lord. The funeral took place on Saturday April 7th and interment was made in the family plot in Pownall Cemetery. The services at the house and grave were conducted by Rev. George Tilley. The pall bearers were George Wood, Henry Jones, Alfred Brebant, Henry Brebant, James Monaghan and Joseph Haley. So has passed along one who will long be remembered for her many kindnesses and genuine hospitality.

TUESDAY

SPEAKS ON ARMY WORK.—At the Salvation Army Citadel last evening before a large and interested audience Major W. H. Burrows, Divisional Commander, delivered a stirring address upon the work of the Army since its conception. His address was appropriately entitled "The Aeon and the Oak." He contrasted the vast scope of the work today in spiritual and social welfare with its early beginnings. His Worship Mayor Jenkins presided at the meeting and before introducing Major Burrows paid a warm tribute to the work of the Salvation Army. A warm vote of thanks to the speaker, moved by Commandant Higdon, was tendered him unanimously.

STRANGE CASE AT RUSTICO.—Amid the mourning of friends and family over the sudden decease of Mr. Gideon Gallant, an elderly and well known blacksmith of Rustico, strange surmises are being made as to whether or not death has actually taken place. Mr. Gallant, while mixing a glass of soda and water at his home last Wednesday, fell to the floor, apparently dead from heart failure and has since remained in this condition. There are reasons however to suppose that he may be in a deep comatose state. While the body was being prepared and the face shaved for burial, blood was drawn from the cheek and it was thought from other indications that life might not be extinct. Dr. Matheson of Brackley Point was summoned and made an investigation. There was every appearance of death, but in view of the extraordinary nature of the case he advised that the body be kept until signs of decomposition were noticeable. The burial is being delayed until Wednesday of this week.

The annual meeting of the Charlottetown Driving Park and Professional Exhibition Association was held yesterday afternoon. The directors in their report for 1922, while regretting that financially the exhibition of last September was not a success, felt that they could nevertheless congratulate the shareholders on it being one of the best ever held on their grounds. The amount received from the Dominion Department of Agriculture in 1922 was \$2,027.55; or about four fifths of the minimum grant of \$2,500.00. The Local Government have reimbursed the Association for all prizes paid by the association, with the exception of the Special Prizes. A grant was also received of \$500 from the City of Charlottetown. Thanks were due to Hon. W.M. Lea, Commissioner of Agriculture for his efforts in preparing the Prize List and helping along in other ways. The sliding scale in prizes for live stock introduced by him at the 1920 Exhibition and continued each year since, has proved most successful and all exhibitors of Exhibition managers held in Toronto and Ottawa in December and January last, called by Hon. Mr. Motherwell, the Dominion Minister of Agriculture, this sliding scale has been approved of and recommended to be adopted by all exhibitions receiving aid from the Dominion Department of Agriculture. These meetings at which were attended by Secretary Smallwood, will, it is expected, result in much greater assistance to the Exhibition here. The details of how this assistance is to be rendered will be decided at a meeting to be held in Moncton in a few days. The aim will now be to give every encouragement to the breeding of animals most suitable and profitable for sale in the markets of the world.

The dates of the Exhibition this year will be fixed after the Moncton meeting. The financial report showed a small deficit. The directors were re-elected as follows: Mr. J. J. Davies, president; Mr. James Paton, vice-president; Mr. C. R. Smallwood, secretary; Messrs. James Kelly and F. P. Bell, John McLean.

THE CONCERT LAST NIGHT by the Charlottetown Orchestra was greeted with a full house. The performance came up to the highest expectations and was most enjoyable throughout. The program was a fairly long one and through no fault of the performers was lengthened considerably by repeated encores. The soloists, Miss Belle Cheshire and Mrs. Fletcher, sang very pleasingly and were obliged to respond to encores. Mr. Charles Earle led in the part song, "The Deathless Army," and needless to say did it excellently. The saxophone solo by Mr. Green was a very pleasing number. The chorists by the Choir were also rendered in splendid style and reflected much credit on their training. An attractive feature of the entertainment was the community singing during the intermission by the Rotarians who were present in full force. They were led by Professor Fletcher and the audience joined in with great animation. Miss Stultz in her violin solos delighted the audience and was recalled, when she responded, with the old time favorite, "The Rosary." The Anvil Chorus by the Orchestra and Male Choir was a beautiful piece of music and was very harmoniously rendered.

During the intermission Mr. P. W. Turner, President of the Rotary Club, on behalf of the Club presented Professor Fletcher with the insignia of the Order, the Rotary Wheel, which he was requested to wear on his watch chain. After the presentation the audience joined in singing "For This a Jolly Good Fellow." The entertainment throughout was a real musical treat and both in its arrangement and in its rendition reflects much credit on Professor Fletcher, to whose efforts the citizens of Charlottetown are indebted for the splendor of the orchestra and the delightful entertainment. Miss Cheshire, Mr. Green, Mr. Blanch and Mr. Owen Wenning, and Mr. Blanch accompanied the soloists.

He pointed out the great need of an agricultural building on the grounds and that it was impossible to show roots and vegetables, fruit and floriculture without the use of a building and that some step should be taken to accommodate the Fall show. The secretary then read the financial statement for the year, which showed a small surplus on hand. After some severe criticism on the expenditure, especially on the secretary's salary, Mr. H. H. strength of information received from Constable, officers W. McInnis, Bradley and Trainor went to the house of John McInnis, King Street and found the two McInnis lads upstairs. They searched a mistress and found some jewellery. They took the two boys with them to the Station, leaving officer Bradley in charge at the house. Constable confessed to witness that he and Edward McInnis had broken into Mr. Horne's house, had broken the back door, and had taken a number of articles. They had also broken into the houses of Mrs. Williams, and Messrs W. E. and R. L. Cotton, and had stolen jewellery. Officer William McInnis testified that young Constable and Edward McInnis had made a voluntary confession in regard to the robbery at Mr. Horne's house. They said the stuff was hidden in Reddin's Garage, Brighton. Witness went with them to the place and found behind a tire on the first floor some jewellery comprising a watch, a string of beads and other articles (produced). Constable said the rest of the stuff was at McInnis' house. There, three rings and a wrist watch were found in a mattress, and the McInnis boys were arrested.

John, the elder of the McInnis lads, told where there was some more jewellery hidden and witness accompanied him home again and found the articles in a closet.

The Magistrate said it was necessary to go further into the case, as enough evidence had been established to warrant him sending it up to the Supreme Court. The lads were not represented by counsel. After warning them, Honor asked if they had anything to say. The young McInnis boy said: "There were only two of us who went into Horne's. My brother had nothing to do with it." The elder lad said: "I am not guilty of breaking into any house." Edward McInnis and Constable pleaded guilty. The boys gave their age as follows:—John McInnis, 19; Edward, 14; Constable, 16.

What I Have Learned in 47 Years Practice

I HAVE been watching the results of constipation for 47 years, since I began the practice of medicine back in 1875. I am now 83 years old, and though from time to time the medical profession makes some wonderfully interesting experiments and tests, the fundamentals of cause and relief in this particular ailment are unchanged. But the people take greater interest today in their health, in diet, exercise and the drinking of water. Constipation, however, will occur from time to time no matter how one tries to avoid it. Of next importance, then, is how to treat it when it comes. I believe in getting as close to nature as possible, hence my remedy for constipation, known as Dr. Caldwell's Laxative Syrup Pepsin, is a mild vegetable compound. It is made of Egyptian senna and pepsin with agreeable aromatics. Children will not willingly take bitter tinctures. Laxative Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not grip, thousands of mothers have written me to that effect. But the people take greater interest today in their health, in diet, exercise and the drinking of water.
