# IRELAND'S FIRST NAVAL STATION.

The British admiralty has decided, after some hesitation, to create an important naval station at Berehaven on Bantry Bay, in Ireland; and the erection of strong forts on Bere Island, opposite the town, has begun. The determination is of importance in that it will provide in Ireland a naval station of high class, which will be almost a day's journey nearer the American coast than any naval station now existing in the British Isles. The New York Sun, to which we are indebted for this information, supplies the following interesting historical data about the location:

Bantry Bay lies on the southwest coast of Ireland, in County Cork, and is some twenty-four miles long, and from four to six miles wide. The railroad does not reach Berehaven, which is one of the least accessible places in the British Isles, and only recently has been extended to Bantry, at the head of the bay. For its inaccessibility Bantry Bay has been chosen in bygone days as the place for hostile descents, or rather for attempts at hostile descents. In 1899 the French fleet defeated the British fleet under Admiral Herbert in Bantry Bay; and in 1798 another French fleet tried to land some men. One historian says scornfully: "A French fleet anchored here with the view of invading Ireland, and landed eight men, who were immediately taken prisoners."

In December, 1801, there was an mutiny on the squadron under Admiral Mitchell, maintained in Bantry Bay to prevent incursions from France, and eleven of the mutineers were hanged at Portsmouth in January, 1802. Those who were not hanged can hardly have congratulated themselves on receiving two hundred lashes apiece.

Of recent years the bay has become noted as the rendezvous of the British fleets engaged in the annual maneuvers—generally of the "hostile" fleet whose attack was to be repulsed if possible.

The bay is landlocked and affords secure anchorage at all points; so it will make an excellent naval station. The officers of the navy who are liable to be stationed there are not looking forward to the completion of the work with any eagerness, however. The railway will be extended to Berehaven, undoubtedly; but even that will not add greatly to the attractiveness of the town as a place of residence. It is likely that within a few years after the station is completed the first roughness of life will be smoothed away and details there become desirable. There must be good fishing in the neighboring streams.

# Rheumatism.

Is Uric Acid in the blood. Unhealthy kidneys are the cause of the acid being there. If the kidneys acted as they should they would strain the Uric Acid out of the system and rheumatism wouldn't occur. Rheumatism is a Kidney Disease. Dodd's Kidney Pills have made a great part of their reputation curing Rheumatism. So get at the cause of those fearful shooting pains and stiff, aching joints. There is but one sure way—

# Dodd's Kidney Pills

# CANADIAN PACIFIC RY. TOURIST SLEEPERS

# SOME PEOPLE.

The Prince of Wales makes a practice of having every letter he receives answered with as little delay as possible. For this purpose two secretaries are kept busy nearly all the time.

It is reported that the Pope has decided to celebrate personally at midnight on December 31st, and with the utmost solemnity, the last Mass of the century.

Lord Salisbury, in speaking of the social side of English political life the other day, said that there was really very little of it. He has never so much as spoken to John Morley, and never even saw Mr. Farnell.

# A QUEBEC CONTEST.

Lumbago Driven Out Promptly by Dodd's Kidney Pills.

QUEBEC, Nov. 19.—Although Quebec is called "the Gibraltar of America," and well deserves the name, it is by no means invulnerable against the assaults of Kidney Disease. Fortunately the inhabitants have an ally in Dodd's Kidney Pills that succeeds in driving the enemy out, every time it gains an entry. Some time ago Mr. John Ball, of No. 57 Little Champlain Street, was attacked by Lumbago. He suffered for two years without getting relief from any of the medicines he used. Then he tried Dodd's Kidney Pills and the first box he used helped him. He used only three boxes, and is now well and strong in every way.

# Coming Events.

**G. H. Wilson**  
This signature is on every box of the genuine Laxative Bromo-Quinine Tablets. The remedy that cures a cold in one day.

# FAIR PLAY

An item is being printed in the papers headed "Do Not Misquote Figures," referring to the comparative strength of baking powders and claiming to quote from the Dominion government report, is misleading and incorrect. The figures given as the test of Dearbon's "Perfect" are far from correct and not according to the report. The total carbonic acid has in the samples tested, according to the report of the chief analyst, is as follows:

Dearbon's Perfect.....	18.7
Royal.....	18.4
Imperial.....	10.8

The above figures are correct and are given on page 26, table II, of the Inland Revenue Department report No. 68 and is the only government report which gives a test of Dearbon's "Perfect" baking powder.

# Washing Compound.

We have secured the agency for the Island of the above named Washing Compound which has been pronounced by the ladies of Canada to be the greatest labor saver of modern times and a real treasure on wash day.

It washes clothes and is guaranteed not to injure the most delicate fabric.

The properties possessed by this compound are those of loosening and separating the dirt without injury to the fabric, instead of eating up the dirt and rotting the cloth as is the case with many articles now on the market which claim to wash everything. By the use of this Compound no rubbing is required, thus saving the wear and tear on clothes, to say nothing of the labor. Simply boil and rinse. For flannels it has no equal and Ladies will find it particularly good for washing Lace Curtains as there is positively no rubbing required. 1 cake will wash 2 large bolers of clothes and the cost is a mere trifle. 2 cakes 5c. 25c per doz as all grocers.
