THE handsome collection of photos in the window of G. H. Cook & Co. is worthy of the most favorable mention and the many complimentary remarks. Most prominent in the collection is a handsome India ink finished picture of the little daughter of E. E. Crosbie, Cape Traverse. The work on the photograph which is an excellent one was done entirely in Mr. Cook's studio. Shown in the window are groups of the non-committed officers of the No. 2 Co. C. A., and the degree team and orchestra. The smaller photos shown are on the celebrated blank mount, one of the latest and best out.

SUNDAY last the remains of the late Fred Clark and Hattie his sister were laid to rest in the Cape Traverse, Methodist cemetery. It was indeed a sad sight to see a brother and a sister buried together in one large grave. Never did we see before such beautiful and costly burial cases which were covered with wreaths and all kinds of elegant flowers, some of which came all the way from South Carolina where poor Fred fell sick and died. The attendance was very large. The service was conducted by the Rev. Mr. Dawson, Tryon, and his remarks and references to the deceased were very appropriate and splendidly chosen. In fact we could hardly say anything too good about the Rev. gentleman. We now realize why Tryon loves their minister. At the conclusion of the service Rev. Mr. Wightman led in prayer.—Com.

John Fletcher Found Dodd's Kidney Pills and Lost his Lumbago and Kidney Disease.

GRANTON, Ont., May 4th.—(Special)—"I am glad to let the public know that Dodd's Kidney Pills have cured me of Lumbago and I am now perfectly sound." Such is the statement of John Fletcher of this place and there is no uncertain sound about it. And Mr. Fletcher has more to say.

"I had been troubled for a year with Lumbago and Kidney Troubles. My urine was a very bad color and I could get nothing to help me.

"One lucky day I decided to try Dodd's Kidney Pills. Almost from the first they gave me relief and now my Lumbago is gone; my Kidney Complaint is gone and Dodd's Kidney Pills did it all."

Lumbago is caused by uric acid in the blood. If the Kidneys are right they will extract the uric acid from the blood and there can be no Lumbago.
