an successful here or not I will miss the Maritimes and especially Old Home Week. I expect Mr. Palin here January 24th and of course that will relieve me of considerable responsibility. My best regards to horsemen friends and all others. Joe." Joe enclosed a booklet published by Heaven-On-Earth Club, San Diego, California, which reads: "Where nature keeps you healthy, where you live longer and where the climate is refreshingly cool in summer and deliciously warm in winter."

Owners of sixty-nine colts and fillies have made $250.00 payments recently for the Hambletonian Futurity for three-year-old trotters. It looks as though it will be the richest stake ever raced for because if at least fifteen of them make the final payment it will have a value of $62,000. Only twice since its inaugural in 1926, when it was won by Guy McKinney and in 1928 when Spencer won it had it a greater value than that. The probability is that more than fifteen of the 69 will make final payments and that the stake will reach a value of well over $70,000. The increase in the number of eligibles this season is due to the fact that there was no outstanding two-year-old trotter last year except one and he is not eligible. Nineteen sires have representatives in this year's list, nine of them having records of from 1.57¼ to 2.00. Volomite 2.03½ leads the list with 16 sons or daughters, Spencer Scott 1.57¼, champion trotting stallion and winner of the stake in 1940 has 13. Spencer Scott, it may be mentioned, has been taken out of the stud service because of an internal rupture. This is a tremendous blow to the breeding industry. There are no Maritime owners appearing in the list but we note where S. A. and Wendall Wathan have colts entered.

We had a call from our friend Ernie McKenzie, Pictou, well known representative of high class shoes who is calling on his customers here. Ernie handed us a copy of the Pictou Advocate in which appears a picture of a six horse hitch to a Concord stagecoach and the driver we note is the late Spurgeon Gammon, who developed, trained and raced some of the best performers on Maritime tracks. The coach is being gotten ready by Charles Gammon of River John, who plans to make a trans-Canada trip from Halifax to Vancouver next summer. This will bring a lot of publicity to Nova Scotia and to the enterprising firms who sponsor the trip.

✦ ✦ ✦ ✦

The old coach is full of history as it carried King Edward 7th when Prince of Wales from Truro to Pictou during his visit in 1860 and was used by Hiram Hyde in the 1850's as a mode of conveyance between Halifax, Truro and Pictou. Years ago it passed into the hands of William Gammon who ran it between River John and Pictou until 1890. Afterwards it was in the Green Hill museum where it is on display. Its last appearance before the public was at Pictou's Natal Day parade August 29th, 1930.

The Victoria Driving Club of this city have accepted the invitation of the Halifax Driving Club and the Dartmouth Driving Club to race February 14th and 15th. It is expected that ten or twelve horses will carry the Club's colors in the above inter-Maritime events. The local Club is handicapped somewhat by not having opportunity to race on account of weather conditions. It is known that Halifax and Dartmouth have the best performers this season they have ever had and our local Club will have a hard time to wrest honors from them. The return racing dates at Charlottetown have not been decided on but will likely be the latter part of February.

✦ ✦ ✦ ✦

In the olden days the life of a pacer was a hard one as they were rather looked down upon because of their gait. Almost all breeders concentrated on producing trotters and one trotting enthusiast advocated the castration of any stallion showing an inclination to pace. Johnston, the first horse to pace to a really fast record, was bred in Wisconsin and he was barred from the races after he had set the pacing standard at 2.06¼. The advent of the bike sulky in 1892 brought about the first quarter registered in a championship mile better than thirty seconds. The pacer Mascot in his mile in 2.04, which was then a world's record, covered his third quarter in 29¼ seconds, and Flying Jib the next year went a quarter in 30 seconds but both stepped their miles in 2.04 and this time equalled the time of the trotting champion Nancy Hanks. By the way, Nancy Hanks was the granddam of the trotter Golden 2.12, raced here some years ago.

✦ ✦ ✦ ✦

The first pacer to enter the charmed circle was Star Pointer, when he paced in 1.59¼ at Boston, August, 1897. It was not until six years later that the trotter Lou Dillon, over the same track and in the same month, trotted in exactly two minutes.

Moncton Hawks Win From Crescents 7-4

MONCTON, Jan. 23 — (CP) — Moncton Hawks moved two points nearer the league-leading Truro Bearcats tonight by blasting out a 7-4 victory over third-place Halifax Crescents in another of the fast-skating, hard-hitting performances that have marked their Maritime Senior Hockey League meetings here this season.

A change in lines, discovered accidentally last week when Mike Demchuk went out of action with a charley horse, again paid off for Hawks tonight and appeared to have sharpened their scoring punch.

Swede Paulsen replaced Demchuk on the first line with high-scoring Buck Whitlock and George Bell, and Demchuk, now recovered from his injury, moved back to work on a line with playing coach Les Ramsay and Roger Jodoin.

Both combinations carried the brunt of the Hawk attack and scoring honors were evenly divided between them.

Heavy bumping by big Phil Metcalfe of Crescents highlighted the rugged play but the opposing forwards also used their bodies to good advantage. Leniency of the referees held whistles to a minimum and although seven penalties were handed out they did not influence the scoring and play was lightning-fast most of the way.

Hawks win tonight cut to four points the lead held over them by Truro Bearcats.

Summary:

First Period

1—Moncton, Paulsen (Bell, Whitlock) 1.49
2—Moncton, Jodoin (Ramsay) 3.20
3—Halifax, Hannon (Robertson, Powell) 10.42
4—Halifax, Gray 13.05
Penalties: Gagnon.

Second Period

5—Moncton, Jodoin (Demchuk, Ramsay) 2.59
6—Halifax, Charlton (MacGregor) 4.07
7—Moncton, Poirier (Whitlock) 6.30
8—Moncton, Bell (Whitlock) 7.00
Penalties: Gresko (2), Metcalfe, Powell.

Third Period

9—Moncton, Ramsay (Jodoin) 10.01
10—Moncton, Whitlock (Paulsen) 13.47
11—Halifax, Sullivan 14.21
Penalties: Metcalfe, Agnew.

SYDNEY, N. S., Jan. 23—(CP)—Tying their first game under coach Gordie Drillon, North Sydney Victorias, involuntary bootlickers in the Senior Colliery League, emerged with a 2-2 draw against Sydney Millionaires here tonight.

In addition to a new coach, Vics sported a new goalie, Albert Timori. Ex-Crescent Mickey Stanan appeared on defence.

The Hunter's Corner

a mess of trout for breakfast. As one poet so aptly put it: "...far from the madding crowds ignoble str.fe. . ."

The snow-shoe tramp took in all one day and covered a stretch of approximately 6 miles that followed a line roughly a mile from any farm dwellings. Rabbits were plentiful in spots. One would come across certain areas where the snow was criss-crossed with their trails and then travel for a half mile or more without seeing more then the odd track.

Fox tracks were abundant and they appeared to be giving the rabbits quite a going over. This winter of deep snows and frozen crusts does not bother the rabbits. Even if the snow is not crusted they are equipped by nature with snow-shoes and can hop at ease over the fluffiest of snow. In fact they find food more abundant when the snow is deep. I found numerous spots where they had dined royally on tender juniper tips that if it were not for the depth of snow would be fully 5 feet out of reach.

The field mice are about the only rodents that benefit by deep crusted snows. Foxes are unable to dig out the nests and runways and are therefore forced to feed on rabbits or whatever offal they can find such as the carcasses of farm animals that have died and been hauled to the woodlot. It's a good job they have the rabbits to fall back on. If they hadn't they'd take it out on our partridge and other feathered game and farmers poultry.

Up until January 6th the Hungarian partridge were coming along fine. I flushed two covey's from spruuce swales that thundered to wing with energy to burn.

Space does not permit the recounting of the numerous tragedies and other incidents written on Nature's black board. Suffice to say that rabbits are taking quite a beating from foxes and owls. I saw places where 3 rabbits had given their all to foxes on account of the meat shortage. Gunners who are bewailing their lot because the deep snow kept them out of the woods this winter should be thankful that normal hunting pressure has been removed from the bunnies as far as we humans are concerned.

Howeved, even the remote rabbit "Banks" are not exempt from Nature's meat eaters and the pennies in them will be scarce enough by the time the snow disappears.

Weather conditions effecting Hungarian partridge have worsened considerably this past week. Farmers and their families have responded wonderfully to the birds need. So many are feeding the covey's I hate to single out any names for mention. I do know of three farmers who live in the area across (in different districts) the Hillsboro river who are feeding regularly over 100 Huns between them.

Sportsmen have been busy bagging and dropping feed and grit by plane for several days. Results have been better then generally suspected. The general consensus of opinion appears to be that this method of distributing is not practical enough to be instituted as a regular procedure but that the money spent to date has paid good dividends insomuch as, apart from the direct help to the birds, it has had the effect of making the general public, wildlife conscious and that a lasting benefit will result therefrom.

Since we are on this line of thought many trappers are expressing concern over the scarcity of muskrats and are recommending a two year close season on those valuable furbears. This matter will be touched upon in a later column. Furthermore, it is evident from complaints reaching game officials that the law respecting snaring is not being observed. Rabbits may only be legally snared during the month of November. The season on rabbits and foxes closes on January 31st.

In closing I wish to thank Mr. W. Marne Kennedy, O'Leary, P. E. I. for his nice letter in the Guardian and will assure him that the King of Sports will have its innings shortly . . . including news of the Pownal fox hunters . . . not omitting "Hawk-eye" and Buddy of the Mt. Albion contingent.

Star Pointer was of the famous Brown Hal family of Tennessee, a clan that have engraved their names in the Hall of Fame.

We are very proud of being remembered by our good friend F. H. Copp, M.P.P., Port Elgin, N.B., whose mill produces the finest in pure wool blankets and yarn, and whose fox ranch breeds champion silvers and mutations, and whose farm is stocked with the finest in Guernseys.

In the "Harness Horse" for Jan. 14, there is a photo of Joe O'Brien holding Flying Song, brother to world's champion, Victory Sing, 4 1.57 3-5. It was taken at the Delmar Calif. race track.

Weber To Meet Spider Armstrong

BOSTON, Jan. 19—(AP)—Jackie Weber of Pawtucket, R. I., New England lighweight titlist, today replaced Phil Terranova as the opponent for Jack (Spider) Armstrong, veteran Toronto feather weight, in one of the 10-round bouts at the Boston Garden Jan. 26.

Terranova was reported to have twisted an ankle doing training roadwork.

SPECIAL REVIVAL MEETINGS are continuing at The Salvation Army Citadel, Great George Street, conducted by Captain and Mrs. John Zarfas, of Amherst, N.S. Both the Captain and Mrs. Zarfas are outstanding evangelists and the meetings to date have been well attended. A special invitation is extended to all to attend the week-end meetings, Saturday at 8 p. m. and Sunday at 11 a.m. and 7 p.m. There will be plain pointed preaching and old fashioned revival sing. Plan to attend.

RETURN FROM VISIT — Mr. and Mrs. H. A. Stewart have just returned from a very pleasant holiday and visit with their daughter and son-in-law, Mr. and Mrs. Gordon Baty at Amherst, N. S. They spent Christmas and then went on to Halifax, N. S., and had a nice visit with Dr. Chester B. Stewart, their son, who is a professor at Dalhousie University, and works in the Public Health Clinic and U. B. Stewart who is in 1st year medical school also at Dalhousie.

HOSPITAL JUNIOR AID — The regular monthly meeting of the Junior Ladies Aid of the Prince Edward Island Hospital was held at the Cundall Home on January 19th. The president Mrs. A.J. Haslam was in the chair. It was decided to supply refreshments for a Valentine Dance for the student nurses. Committees were formed and plans made for the annual fashion show which is to be held in the Charlottetown Hotel. After the meeting adjourned tea was served by Mrs. Earl McLeod, Mrs. James Burden and Mrs. Allen MacMillan.

Y'S MEN'S MEETING — The Y's Men's Club at its Thursday supper meeting heard an amusing and thought-provoking discussion by one of its members, Professor Ralph MacLean, on the marking of examination papers, with particular reference to "boners" found among the answers. Quoting a number of those found in his own experience, as well as more famous ones printed in book form, he said it is recognized that there are three reasons why pupils make "boners." They are the fault of the teacher in not giving proper instruction, misinterpretation of the language used on the exam paper, and the plain stupidity of the pupil, usually due to a lack of general reading and interest in life. Guests of the meeting were Mr. Stan Lancaster, who recently came here from England and who rendered a number of fine vocal solos, and Mr. Leslie Gillespie of Charlottetown. Carr Thompson and Bert Dick were chairmen of the meeting.

Donations To B. I. S. Fire Victims Fund

The Larkin Appeal Fund by the Benevolent Irish Society has reached a total of over three thousand dollars, it was announced yesterday.

Last night the committee in charge of the fund met in the B. I. S. Hall to check and tabulate returns. Volunteer canvassers concluded their work yesterday, but Chairman Roy MacGillivray announced that anyone who has not had an opportunity to contribute to the fund and desires to do so, may make their donation either by writing to the B. I. S. Post Office Box 451, city, or personally contacting one of the members of the committee.

B. I. S. officials announced last night that the fund total had reached $3,500. They said, too, that a board of trustees would be named shortly to administer the fund.

The donations received yesterday are as follows:

New Contract With Union Workers At Maritime Electric

A new contract was signed yesterday between the Maritime Electric Company and Local 1432 of the International Brotherhood of Electrical Workers under which Union workers receive a 15 per cent raise in wages.

Mr. Merrill MacAlduff, secretary of the Local, said yesterday that the negotiations were conducted in a most amicable spirit.

Mr. V.A. Ainsworth, superintendent of the Company, concurred in the statement released by Mr. MacAlduff and added that the discussions between labour, as represented by the Local, and the management were carried on at a high level of friendliness and mutual understanding.

The Local represents the line crews and plant operators of the Company.

Mr. Walter Hyndman Addresses Senior Pupils At Q. S. S.

Yesterday afternoon the senior grades of Queen Square School had a most welcome visit from Mr. Walter Hyndman of this city. He spoke to the pupils on the main features of the insurance business, such as life insurance, marine insurance, and fire insurance. The feeling that a listener had on hearing his remarks was that education is very important in regards to making insurance one's vocation. It was a very great treat indeed to the senior grades to listen to Mr. Hyndman.

The chairman of the meeting was Ralph Drew.

A vote of thanks to the speaker was moved by Wendell Burke and seconded by Billy Guerney. These boys are from Grade IX Jr.

The principal, Mr. MacDonald, was called upon by the chairman and he expressed his pleasure at having Mr. Hyndman as the guest speaker.

The meeting then was adjourned.

Movies For Cubs And Scouts

Over one hundred Charlottetown Cubs enjoyed a program of movies in St. Paul's Parish Hall, Thursday evening as the guests of St. Paul's Wolf Cub Pack.

The program consisted of movies showing a Scout meeting, a super camp in the United States and a color film on conservation of birds and animals.

There will be films for all Charlottetown Scouts in the Kirk Hall, Wednesday evening, Jan. 28th, at 7 o'clock. Arrangements are being made by a group of Charlottetown Scouters to show some films on scouting and we promise a real interesting and instructive evening for Scouts and Scouters if they are there.
