# C. N. R. C. Blank Stars 8-0

Playing errorless ball behind the masterful pitching of George Ayers the C. N. R. C. baseball team shut out the Stars last evening to the tune of 8 to 0.

The Railway team played heads up baseball last night, not a mis-throw being credited to them, and by their win last night are now leaders for second place with the Easterners. These two teams meet again Monday night in a playoff game to decide which nine meets the league leaders, the Rovers, for the championship.

The Stars were below their usual steady game last night, both at bat and at field, failing to hit any men on the bases, and having several errors chalked up against them, but nevertheless are confident of giving the C. N. R. C. the game of their lives when they meet next Monday night.

The attendance last night, was, as usual, very poor. The boys certainly deserve more support from the fans, for let us all get out there next Monday night and help the players along.

**GAME BY INNINGS**

**1st Innings**

C. N. R. C.—Squarebriggs, first base up, thrown out by W. McDonald; Oliver thrown out by S. McDonald; Kane singles to right, steals second and third; Kane scores on passed ball by catcher; Gross walks, steals second; Doyle flies out to Acorn 1 run, 1 hit, 1 error.

Stars—McDonald singles; steals second; Acorn grounds out to Oliver at first; Bolger safe at first on fielders choice; McDonald out at third; Bolger takes second on wild pitch by Gross; Phil McQuaid caught out by Doyle 0 runs, 1 hit, 0 errors.

**2nd Innings**

**THE MARKETS**

(Canadian Press)

**MONTREAL, Que., July 27.** (Produce)—Eggs in cartons were again a little dearer in Montreal today. Following up last week's gains of 11-12 cents to 2 cents per dozen the market generally firmed another half cent. For other than British Columbia eggs cartot quotations were mostly 22 1-2 cent to 23 1-2 cents per dozen for extras; 18 1-2 to 19 1-2 cents for firsts and 16 1-2 to 17 1-4 cents for seconds. A car of British Columbia extras sold at 24 cents per dozen, which is in line with the usual policy of eggs from that province selling one cent above other eggs. Receipts were on the light side, 327 cases arriving. Sales were being made to retailers, per dozen eggs in cartons, at 30 cents for special brands, 27-28 cents for extras, 23-24 cents for firsts and 20-21 for seconds with loss eggs two cents per dozen less. The butter market was a shade easier at 22 3-8 cents to 21 1-2 cents per pound for cartons of eastern townships No. 1 pasteurized. Demand remained very light, giving an easier tone to the market. Receipts were 1,636 boxes. The cheese market was a shade firmer, Ontario being 12 3-4 cents to 12 7-8 cents per pound and Quebec 12 1-4 cents to 12 3-8 cents per pound. Receipts were 2,444 boxes. The potato market was easy under heavy arrivals. New Montreal district potatoes were selling at a top of 60 cents per 80 pound bags for No. 1 stock with No. 2 stock at 40 cents per 80 pounds. The low prices have stimulated out of town buying with sales as far east as Halifax reported. Ottawa, Ont., July 27.—There is a much firmer tone to the Canadian egg market and as receipts are now getting down to a point where they are barely sufficient to meet the demand prices, particularly on the top grades, are advancing. Toronto.—The demand for extras on this egg market is very keen and prices are advancing. Brokers report sales of Ontario graded shipments to wholesalers at extras 20 1-2-21, firsts 17 1-2-18, seconds 14 delivered. A sale is reported of a car of British Columbia eggs at extras 24 1-2, firsts 22 1-2 pullet extras 20 1-2 delivered to arrive in ten days. Wholesale dealers

**Applause For Conservatives**  
**At Freeland**  
**Success Scored In Recognized Liberal Stronghold By Messrs. Sharp And Ramsay,**

Although a recognized Liberal district, the enthusiastic reception given to Mr. G. Shelton Sharp, and Mr. A. A. Ramsay, the Conservative candidate, at Freeland on Friday last was a strong indication that the tide which turned in favour of the Conservatives last October, when Mr. Sharp, with a big majority gained the first victory in 60 years for the Conservative party, is still running strong in their favour.

The meeting was orderly and well attended, all the candidates being given a good hearing. Mr. A. J. Matheson, who still insists on going the rounds of the 2nd District with the Liberal candidates, in spite of the cool reception he has been given at every meeting, met with more reverses at Freeland, when he started to talk Federal politics. The audience simply would not listen and shouted him down.

Mr. John W. Palmer, capably presided. Mr. C. I. Lidstone, (Lib.), was the first speaker and after a short speech in which he again explained that he was new in politics, gave the rest of his time to Mr. Matheson, who as above stated, tried to talk Federal politics and was obliged to desist.

Mr. Sharp, who received splendid hearing, exposed the weak points in the Liberal campaign, dwelling particularly on their unfulfilled pledges and pointing out that no doubt that was the reason that they were afraid to come out with a platform at this election, because they knew they had not fulfilled the last one. Mr. Sharp also spoke on the road policy of the Stewart Government and their promise to enforce the Prohibition law and do away with this wholesale traffic in liquor. Mr. Sharp's convincing speech was warmly applauded.

Mr. W. H. Dennis, (Lib.), wearied the audience with his usual list of figures on finance, but got a better hearing than he did the night before at Portage.

Mr. Ramsay was in splendid form and his remarks which were to the point, were received with great applause. He spoke chiefly on Old Age Pensions, stressing the fact that Mr. Stewart had promised to make up the 25 per cent that was needed to give the Island people the Old Age Pension in full.—S.

are quoting producers and country shippers for ungraded eggs extras 18-19, firsts 15-16, seconds 12 delivered.

**Montreal**—Egg receipts here today were 927 cases as compared to 1,471 cases on the corresponding day last year. The situation here is much firmer under decreasing receipts and a brisk demand. Dealers quotations to producers and country shippers for ungraded eggs are extras 20-22, firsts 16-17, seconds 13-14 delivered.

**Winnipeg**—While there has been no noticeable change in the situation on this egg market there is a decidedly firmer undertone. Wholesale dealers are quoting producers and country shippers for ungraded eggs extras 14-15, firsts 12, seconds 9 delivered, cases returned.

**Vancouver**—This egg market is firmer and prices are tending higher. There is a better demand for cartons from the east and prices are advancing. Paying prices to producers for eggs are extras 19, firsts 13. Pull extras 11-12 at the farm in free cases or one cent more delivered. Vancouver. Chicago spot 13, November refrigerators 23 1-8.

**FRANCE SHUTS OUT CANADIAN SALMON**

**PARIS, July 27**—Apparently in retaliation against increased duties on certain French goods, particularly silks and minerals, in the new Canadian tariff, the Government of France has proclaimed what threatens to be a prohibitive tariff against Canadian canned salmon.

The new provision adds one dollar and fifteen cents duty to each case of Canadian salmon. It therefore makes the price in the French market prohibitive and leaves the market practically free to the Japanese, who, although they also suffer from the new decree, yet have a more favored tariff.

Salmon importers told the British United Press that they have cancelled all orders for Canadian salmon.

"In the past," they said, "we bought two hundred thousand cases annually from Canada and about the same amount from Japan. But Japan now has the market to herself. Even when Japanese salmon is exhausted the price of the Canadian will still be too high."

Canadian business men here fear further injury to the Canadian trade with France unless the revision of the Franco-Canadian trade treaty is speedily completed.

**BEDEQUE**

Mr. Walter Mose of New Annan and Mr. Amos Somers of Wilmot Valley, were recent visitors to Charlottetown.

Mr. Stanley Stavert of Charlottetown, is spending a pleasant holiday in Lower Bedeque, the welcome guest of Mr. and Mrs. Wallace Jenkins.

Mr. and Mrs. William MacFarlane, Lower Bedeque, were visitors to Cape Traverse on Sunday.

Mr. and Mrs. Vaughn Campbell, of Charlottetown, were recent visitors to Centreville Bedeque.

**GAINED MOVIE FILMS OF "BLONDE ESKIMOS"**

(Canadian Press)

**EDMONTON, Alberta, July 27**—Describing the experiences of Richard Finnie, son of O. S. Finnie, of Ottawa, Director of the Northwest Territories, upon his arrival at Edmonton after a year's stay in the Arctic region and obtaining 15,000 feet of movie films of the famous "blonde Eskimos" of the Arctic. The Edmonton Journal says:

"Danger and excitement have been crowded into the experience of this young Canadian who dared the rigors of the Arctic belts in the interests of science and government records. He lived at times with the Eskimos in their igloos, pictured them after making friends by an infectious smile, and made valuable records of their habits and conditions of living.

"Mr. Finnie was a member of the Major Burwash party that made the hazardous trip to King William Land last September and found relics of the ill-fated Sir John Franklin expedition. He was with Major Burwash at the time certain relics were found. It will be recalled that Walter Gilbert was the pilot on this flight. On that trip, Mr. Finnie handled the cameras while valuable map work was done by Major Burwash.

"Mr. Finnie left here last July on his trip to the Arctic. He proceeded by the boat to Aklavik and later by schooner to Peterson Bay on King William Land. It was at this point that he was picked up by the aeroplane piloted by Gilbert and carrying Major Burwash for the dash in search of Franklin relics. That trip was extremely hazardous, he points out, as ice was forming on the lakes and it was necessary to return as soon as possible to the base at Peterson Bay. Leaving the machine on returning to the base, Mr. Finnie boarded a schooner which was to carry him to Coppermine where he made his headquarters. The boat was wrecked three days after the trip ended.

"Since last fall, Mr. Finnie has been living among the natives, studying their ways and conditions in order to have accurate information on which to base his report to the federal authorities. He found the Eskimos friendly at all times. No alarm at the sight of the moving picture machine was shown by the Eskimos. It was found advisable to set the machine up, then let it be examined by the natives who, after becoming accustomed to

**VIRTUE ITS OWN REWARD**

(Canadian Press)

**LONDON, July 27**—Well-behaved children know very well that "virtue is its own reward." The best-behaved children of the village of Lydgate, near Tormorden, in Yorkshire, are to receive practical recognition under the will of the late Charles Preston Gibbons, of Cedar Court, Finchley, who left \$225,000. Mr. Gibbon left \$2,500 in trust for the payment of an annual prize alternatively for the boy and girl who has, in the opinion of the local Education Authority, behaved most properly during the preceding year, and to the girl who has sung "In most accurate and spiritual manner," the hymn "Abide with Me."

**MEMORIAL TO WRITERS**

(British United Press)

**PARIS, July 27**—A unique war memorial which in the course of time will be an important contribution to a national work, is a forest of young evergreens which has been planted by a group of literary men to perpetuate the memory of writers who fell in the war.

In a wrist watch, it's guesswork; in a pocket watch, it's the right time.

**For Summer Cooking an Electric Range is Best**

Your kitchen never becomes overheated. When you shut the oven door of a Hotpoint electric range you shut the heat inside and out of the kitchen. Heavy insulation prevents the wasting of heat.

When you set the time clock and thermostat of a Hotpoint electric range you leave the dinner in safe hands. The electricity will turn on and off automatically without your even being in the house.

Electric cooking compares favorably with other methods in cost. In fact, MANY of our customers save money by cooking electrically. Our monthly budget plan will help you to purchase an electric range out of income.
