Mr. McLeod has the sleigh now ready for the roads, including shafts, a large removable box for passengers, by the removal of which, the sleds are adapted for the hauling of wood, poles, iron anything in the weight class. The different classes were thoroughly examined by the teacher, assisted by Miss Edna Anderson, Miss Charlotte Coffin, Miss Eva MacLaren, Mr. Alex Anderson and Mr. Samuel Garrett and by the ready answers they received in the manner in which the pupils conducted themselves it was plainly seen that Miss Garrett is a teacher of more than ordinary ability. NEW BRUNSWICK BOY HURT IN EXPLOSION

MONCTON, Jan. 9.—Henry Bernard, 11 years of age, was brought to Moncton from Canaan Station this morning for treatment to his

eyes, which it was reported, were injured last evening as the result of an explosion of gunpowder, which had been placed in a cigarette.

It was stated here today that the cigarette had been offered the lad by another boy, Bernard's right eye was severely injured and his left eye received lighter injury.

PARIS, Jan. 9.—Disappointment and scepticism were the chief emotions aroused in France by the Supreme Council Conference in Cannes, judging from the press comment, which is generally

frankly sad. Lloyd George was easily all along the line. A great

credited with representing Premier Briand, says:

"Mr. Lloyd George has spoken the words of the allies follow as a subject follows the hypnotist. As he had announced, he subordinated the question of reparations to that of the reconstruction of Europe, that Germany can find in Russia the money she owes us."

The Franco, organ of conservative opinion remarks:

"The first results at Cannes are frankly sad. Lloyd George wins easily all along the line. A great

financial and economic conference is to be called at Turin or Geneva where the French premier may expect to find the allies follow as a subject follows the hypnotist. As he had announced, he subordinated the question of reparations to that of the reconstruction of Europe, that Germany can find in Russia the money she owes us."

Jacques Bainville, well known writer on foreign politics, comments in a milder tone, but is equally as sceptical over what he says is the inaction of France.
