

# If the Drain Pipe in Your Kitchen Clogs

up, what is the result? You must remove the stuff or it will decay and fill your house with evil odors of putrefaction. That's precisely what happens in your own body when you become constipated, and the poisonous matter is taken up by the blood and carried back into your system, only it is much worse, because you are unconscious of the effects, but every one who comes near you literally smells you. I know, slightly, two ladies, both of them amiable and attractive women otherwise, who are veritable walking *charnel houses!* Could I use a more expressive or truthful term? These ladies are so saturated with the poisonous effluvia from their internal economy that they are habituated to it; their sense of smell is blunted. I wonder how their husbands endure them! Both of these women suffer from Constipation; their complexions are muddy and their breaths nauseating to sensitive people. I wish I knew them intimately enough to advise them to try Karl's Clover Root Tea, the most wonderful medicine I have ever known for the regulation of the bowels, purifying of the blood and sweetening of the breath.

My dear sisters, I wish to tell you that your health depends entirely on the state of your blood. Your blood makes you whatever you are, for through the blood every organ in your body is kept in repair. If your blood is poisoned by the waste material that is retained in your body because of your constipation, you are not being built up as you should be.

Karl's Clover Root Tea is a truly wonderful tissue builder. It produces healthy digestive organs, allowing your food to nourish you, and induces sound, refreshing sleep.

Ask your druggist for a sample, or write to S. C. Wells & Co., 52 Colburn Street, Toronto, Ont., who will mail you one. Sold in the United States and Canada at 25c. and 50c., and in England at 1s. 6d. and 2s. 3d.
