Scout News and Notices

WITH CHARLOTTETOWN TROOP

The first regular meeting of the 5th Charlottetown Troop was held in Zion Church on Tuesday, January 10. There were sixteen members in attendance. Mr. MacBeath, the Scoutmaster, received a cordial welcome on his return to the troop after the Christmas holidays spent at his home. Messages of thanks were received from one of the Scout mothers to whom the troop sent flowers while in the hospital during the Christmas season; also from a family whom the boys remembered with a well-filled hamper of Christmas cheer. Greeting were read from the 1st Glenside Troop of Saskatchewan, of which troop Mr. MacBeath was formerly Scoutmaster.

Believing that each Scout should have an objective, the boys have decided to make an honest attempt to pass their Second Class tests before the end of March. A definite routine of work has been made, and it is hoped that each boy will be successful in attaining the required goal. A hike is planned for during the month of January when each Scout will have an opportunity of building his own fire and cooking his own meal according to the regulations laid down in the Scout Manual. The boys are eagerly looking forward to this demonstration. Mr. Rodd will continue his lectures in First Aid during the winter. This is a most practical course in this subject and is proving especially interesting and attractive to the boys. Mr. Stavert, the Assistant

Scoutmaster, continues to give instruction in Semaphore signalling and already some of the boys have shown marked proficiency in flag drill. Rev. G. C. Webster and Mr. Murdoch Ross visited the Troop at their Christmas meeting and extended their good wishes for a successful and pleasant season of Scouting during 1933. For their visit the boys wish to express their appreciation and to bid them "Call again!"

FIRST SCOUT LAW

"A Scout's Honour is to be Trusted," this means that, unless a boy's honor is to be trusted, the fact of his wearing a Scout uniform and of carrying out Scout practices will not in itself make him a Scout. The ten Laws are worded as facts. The chief tells you what a Scout is. A Scout is a boy who is honorable, loyal, useful, a friend both to human beings and to dumb animals, courteous, obedient, cheery, thrifty and clean.

A boy who is not trying to be these things is not a Scout, however many badges he may wear on his arm. This should be made clear to every boy in the movement on his first becoming a Scout. When the Chief wrote the 1st Scout Law he had, no doubt, a vision of a world filled with a new race of boys and men who had no secret schemes hidden away, no secret thoughts kept in the back-ground, no secret sins unknown.

Everything would be open, straight and clear as the day, for the brotherhood of men would be a brotherhood of Scouts, and a Scout's Honour is to be Trusted.

Gasworks Doctor (medically examining applicant for job): "Humph! 'Frud you won't do. Your teeth are too bad."

Amazed Applicant: "Teeth too bad! Well, what's it matter? I'm going to shovel coke—not chew it!"

A little girl, aged seven, was asked to state the difference between pride and vanity.

After considerable thought, she replied: "Pride means, I don't think much of you; vanity means, What do you think of me?"

SUMMERSIDE and Prince County

—BUY horse meat, beef tripe, beef hearts and boneless beef at Brace's. 7622-1-13-21.

—FOR SUCCESS in fox-ranching, feed Imperial Fox Biscuits regularly during the winter season. 7646-1-14-31.

—IMPERIAL-fed foxes hold record for largest litters of healthy pups and greatest number raised to maturity. 7646-1-14-31.

—EVEREADY radio A. B. and C batteries, new low prices and fresh stock at Brace's. 7622-1-13-21.

—FEED WHOLE IMPERIAL FOX BISCUITS dry during winter season. When feeding with ground meat ration, use Fine Ground Imperials. 7646-1-14-31.

—HOCKEY AT KENSINGTON Jan. 16th at 8 p.m. Cape Traverse Bloodhounds vs. Kensington Granites. Admission 25c and 15c. 7654-1-14-21

—BEDEQUE BAPTIST CHURCH—Rev. A. G. Crowe, Pastor, January 15: 10.45 a. m. Subject Why go Forward?; 11.45 a. m. Sunday School; 7.30 p. m. Subject: Facts in Genesis.

—NINE ROOM DWELLING for sale or to let, corner of Granville and Harvard. Garage, suitable for boarding house. Apply Box 322, Charlottetown. 7583-1-10-15-21

—BEDEQUE United Church of Canada, Rev. L. P. Archibald, Minister. Services for Sunday, January 15th: Bedeque 11 a. m., Cape Traverse, 3 p. m.; Searletown, 3 p. m.; Borden 7.30 p. m. Rev. J. L. Lund will preach at Cape Traverse, and the Minister at all other services.

—ENGAGEMENT ANNOUNCED.—Mr. and Mrs. William Cain, Summerside, announce the marriage of their daughter Anne to Mr. John J. O'Connell, son of Mr. and Mrs. William O'Connell, Dunstaffnage. Marriage to take place in St. Joseph's Church, Belmont, Mass., Thursday, January 26th, 1933. 7648-1-14-11.

—VISITING MONTREAL — Mr. Joseph Smallman and his daughter, Miss Bessie, left on Friday for a short visit to Montreal. While there they will be the guests of Mr. Smallman's son, Russel and his wife. Mr. and Mrs. Russel Smallman were recently married and spent their honeymoon on the Island.—S

—BURNS CONCERT— Arrangements are being made for the celebration of Burns Anniversary, Summerside, January 25th, his natal day. Mr. James P. McInnis who has taken a leading part in Burns' Concerts in both Charlottetown and Quebec City is responsible for organizing this celebration and anticipates generous support from the people of Summerside and Prince County generally.

—RECEIVED SAD NEWS — Mrs. Samuel Waugh of Summerside, received the sad news this week of the death of her only brother, Robert Little, at his home in Isabella, Keon County, California. No details were contained in the telegram. Mr. Little was 82 years of age and was a native of Clearmont, P. E. I. He left the Island when quite a young man, only returning once on a visit about twenty five years ago. He was unmarried and Mrs. Waugh is the only surviving member of the family. Much sympathy is extended to her in her bereavement.—S

—Mrs. Lowell Compton entertained on Thursday evening for a number of her friends at her home in Summerside.—S

EASTERN GUARDIAN

—*CARDIGAN PRESBYTERIAN—Church, 2 p. m. Rev. Norman MacDonald.

—*SUBSCRIPTIONS to The Charlottetown Guardian may be handed to their Rep. Archie Hume, or left at H. J. Mabon's Drug Store, Montague. 12-13-diff.

—*PRESBYTERIAN SERVICES—Church services for Sunday 15th St. Andrew's Presbyterian Church, Montague, 11 a. m. and 7 p. m. Rev. Norman MacDonald.

—*ADDRESS CORRECTED—In the published list of names of Island students at Dalhousie in the Faculty of Medicine appeared the name of J. E. Donahoe, Cardigan, this should read J. E. Donahoe, Souris West.

THE BACK STRETCH (Continued from Page 7)

shipped to the Florida winter training camp at Longwood in charge of head trainer Tom Berry, is a bay filly, Bertha C. Hanover. This filly will be watched with more than ordinary interest, for she is a sister to three champions, all Hanovers and all with records of two minutes or better, two of them being great futurity winners.

The most noted of the trio is Hanover Bertha, which established a world's record for two year olds of 2.02 in 1929 and that mark still remains best for a trotter of that age. As a three year old she swept the Grand Circuit trotting in two minutes flat and later took a time record of 1.59%, at that time the world's record for three year olds, since lowered to 1.58% by The Marchioness. During her two years racing she won almost \$70,000.

Another sister, Charlotte Hanover, a year younger than the above, was the best two year old of 1930. As a three year old she was pitted against Protector, who usually won from her. However, at Lexington she took a record of 1.59% trotting against time. The third of the sisters was Miss Bertha Hanover, who took a record of two minutes against time, the world's record for four year old fillies.

These sisters were sired by the unbeaten two and three year old futurity trotter, Peter Volo 2.02, a son of Peter the Great and Nervola Belle. It is interesting to record that Peter Volo also sired Protector and The Marchioness, both with records of 1.59%, who displaced the records of the Hanovers referred to above.

The dam of the three Hanover fillies was Miss Bertha Dillon 2.02%, which raced under the colors of A. B. Cox, who was a star athlete at Yale University about a half a century ago. Miss Bertha Dillon won many futurities and was a champion in her day. Her sire was Dillon Axworthy, also the sire of Longset 2.06%, and her dam Bertha C. came very close to winning the Kentucky Futurity more than twenty years ago.

A curious thing regarding the members of the above family is that the males have not been so successful in the speed line as the females referred to above. Sandy Flash, which as a two year old evinced tremendous class, broke down and never got to the races and is now being utilized as a sire. Dillon Volo, another trotter, took a time record of 2.11% but did not get to the races.

The 1930 foal of Miss Bertha Dillon is by Guy McKinney 1.59%, and strange to say has shown no indications of speed, but owing to her marvellous breeding will be continued in training with the hopes that her speed is only latent. Her sire, Guy McKinney, won the Hambletonian Stake as a three year old which was then worth \$73,000, and was the world's champion four year old with a record of 1.58%. He has been in the stud for the past few years but his get have not been so precocious with speed as the other great trotting sires such as Peter the Brewer, Guy Axworthy, Peter Volo, etc.

It is now given out that Mc I Win (3) 1.59%, sold at the Old Glory for the estate of the late C. F. Crowley of Cleveland, Ohio, is the property of Dr. H. M. Pashall, who trained and drove him to victory in fifteen races, the greatest campaign ever made by a three year old. It will be remembered that while travelling with Dr. Pashall to Bellefontaine, Ohio, to witness the performance of Mc I Win against time, the automobile in which Mr. Crowley and Pashall were riding, skidded and struck a post, killing Crowley, Pashall escaping without injury.

The winter ice racing programs which are an annual feature at Dufferin Race Track, Toronto, have finished and the different performers have dispersed to various parts. These races have been productive of great consents and usually one or two stars result from them. Among those who have graduated from the ice races at Toronto may be mentioned Jimmie McKerron 2.01%, Battle Axe 2.01%, Louis Grattan 2.00, Widow Grattan 2.00, Jean Grattan 2.02, Grattan Bars 1.59%, Toll Gate 2.00%, and others. These names are famous on both sides of the border and they have had lots of roughing and toughing on ice and dirt but have captured the richest stakes on mile and half mile tracks.

*CARDIGAN PRESBYTERIAN—Church, 2 p. m. Rev. Norman MacDonald.

—*SUBSCRIPTIONS to The Charlottetown Guardian may be handed to their Rep. Archie Hume, or left at H. J. Mabon's Drug Store, Montague. 12-13-diff.

—*PRESBYTERIAN SERVICES—Church services for Sunday 15th St. Andrew's Presbyterian Church, Montague, 11 a. m. and 7 p. m. Rev. Norman MacDonald.

—*ADDRESS CORRECTED—In the published list of names of Island students at Dalhousie in the Faculty of Medicine appeared the name of J. E. Donahoe, Cardigan, this should read J. E. Donahoe, Souris West.

when The Yank was being campaigned the winter of 1923-4 on the ice at Toronto and Mount Clemens, Mich. The Doc at that time owned a pacing mare called Miss Belwin and did not appear to have much chance in the company she had to start with. The Doc had more faith in her than others and paid \$500 entrance in the Kalamazoo Derby. His faith was justified, as he won a heat and stood second in the summary, drawing down into mighty good interest on his investment and Miss Belwin taking a record of 2.03%. Miss Belwin's Boy is a son of the above campaigner and won eight races for the Doc last season.

A half a million dollars in bets was paid on twenty-four harness races over New Zealand tracks in recent months. This shows that although New Zealand butter is selling for fifteen cents a pound in Great Britain there is still plenty of money floating around.

The new stables at the Metropolitan Driving Club recently constructed are now being occupied. They replaced those burned last summer.

Bertha Patch is now the undisputed season's champion on races won, Bertha Patch 2.08% having won eighteen out of twenty-one starts. She was bred and is owned by Harvey Hastings of Brantford, Ontario, and was offered to a Maritime man for \$1,000 one year ago. She is regarded as one of the greatest racing prospects in America and will be pointed for the rich stakes on the Grand Circuit.

Although potato prices have been very disappointing in Maine and Agricultural conditions are in general very bad, yet the demand for race horses and speed continues unabated. Several carloads that were purchased at the December Chicago sale have been distributed and ice racing is talk up there.

Conventions regarding fairs for 1933 show that all or practically all the fairs will be back again as in 1932.

The Brockton Fair, one of the most successful in the eastern states, made a profit of \$5,161.22 last season. The receipts were \$125,742.84 and the expenditures \$120,581.62. The cost of maintenance during the year was \$9,794.03.

Guy Axworthy, sire of Lee Axworthy, 1.58%, etc., etc., is now in his thirtieth year, showing longevity rather unusual. This is probably attributable to heredity. His second dam was 27 years of age when she foaled Lillian Wilkes, Guy's mother.

They are holding a great fair at Tampa, Florida, January 31st to February 11th, and twenty-eight states will have special railroad rates. It will be the greatest show in the eighteen years history of the annual exposition. Tampa it may be remarked, is the home of one of the greatest cigar manufacturing factories in America. The feature of the exposition will be the parade to be staged in the evening under brilliant electric light effects. It is expected to be over three miles in length.

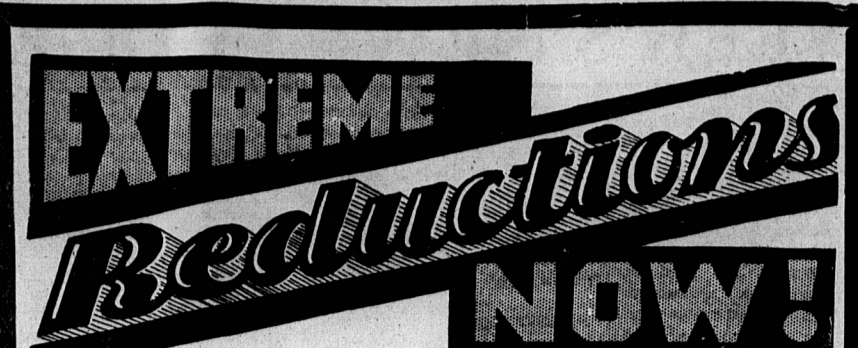

Prior to 1932 only two hopped pacing stallions had reached the two-minute goal, this pair consisting of Bert Abbe 1.59% and Grattan Bars 1.59%. Thus last season a greater number provided with the restraining influences of the straps made the 2.00 grade than in the entire 35 years which have elapsed since Star Pointer 1.59% first started the ultra-select list, they being Cold Cash 1.59%, Calumet Adam, 1.59% and Mc I Win (3) 1.59%.

Lord Derby 2.05% won \$7,625 in 1902 and in consequence ranked as the leading money winning trotter in a single season until 1926, when the inaugural Hambletonian Stake was staged. Guy McKinney (4) 1.58%, by his undefeated campaign and the annexing of the richest of all harness events, the first Hambletonian Stake, earned a grand total of \$68,742.75 this year, and this stands as the high-water mark. And, we will add, is liable to remain so for some time to come.

The race record for trotters—For mares, Tilly Brooke 1.59; For stallions, Protector (3) 1.59%; For geldings, Hollywood Chief 2.01. The race records for pacers—For stallions, Directum 1.56% in 1.58; For mares, Miss Harris M. 1.58%; For geldings, Kinney Direct 1.59.

Uhlan 1.58 is officially credited with a quarter-mile to bike in 27 seconds, a 1.48 clip; and one-half mile to wagon in 56% seconds, a 1.52% gait. His record with running mate is 1.54%, and teamed up with Lewis Forrest 2.06%, he went in 2.03%.

Mc I Win (3) 1.59% is the first two-minute performer sired by a two-minute performer, Mr. McElwyn 1.59%.

PROWSE BROS., Ltd FOR REAL BARGAINS

Anna Bradford (3) 2.00% and her daughter, Anna Bradford's Girl, 1.59%, both made undefeated campaigns as three-year-olds.

Connor 2.02% unquestionably ranks as one of the most consistent campaigners of the double-record group. First appearing, when three, as a trotter, he won six of his eight starts. After two more seasons at the diagonal gait he was shifted to the pace in 1895 and won 10 of his 12 appearances. When eleven years of age he was given a chance with the Grand Circuit crowd and proved the leading money winner of 1900, accounting for 9 firsts and 3 seconds and securing his record. He raced eleven years, starting 104 times, and was only back of the money in ten events, an average of less than once a season.

Hansa Dillon, 2.07%, the only pacer of the eight better than 2.10 performers by Dillon Axworthy (3) 2.10% foaled by Carevna (3) 2.07%, spent his first campaign getting a liberal education and dodging the then newly devised winrace, he became twice first and eleven times second in his fourteen starts in 1926. The next two seasons, with less tenure on the reins, he accounted for 26 victories in 28 starts, a remarkable series of successes.

The trotter Watson, 2.06% made 10 campaigns and won 10 races, an average of one a season.

Peter Volo, 2.02, and his sister Volga (3) 2.04%, won all of their futurity starts when two and three-year-olds and became world's champions. They are continuing to contribute greatly to the advancement of the industry, Peter Volo being the leading sire of 2.00 performers with five to his credit, while Volga is producing extreme speed with marked regularity, being already the dam of seven better than 2.10 performers and the granddam of three better than 2.05, including Brevete (3) 2.03, a futurity winner both at two and at three.

Lady Maud C., 2.00% and Hedge-wood Boy, 2.01 took part in 160

races and only 10 times finished back of fourth. They topped the summaries in more than half of their efforts.

The stable of H. T. Fulton, Upper Stewiacke, N. S., which was so prominent the past season on tracks in the Maritime Provinces, is in winter quarters in charge of Johnny Conroy, who raced the stable in 1932. The group includes the former Grand Circuit star, Darky Grattan, 2.02%, Tease 2.09%, Calumet City 2.10%, High Toby 2.13%, Scotia, a four-year-old brother to the Maine stars, Peter Pokey and Gwendolyn Aubrey, and Easter Dawn, a two-year-old full sister, Baronet, a three-year-old by Guy Axworthy 2.08%, and the good broodmare, Helena Constantine, dam of Peter Pokey and Gwendolyn Aubrey.

Joan 2.04%, which back in 1910 became the first four-year-old trotter to enter the 2.05 list, is thought to be safe with foal now.

Protector (3) 1.59% and The Marchioness (3) 1.59%, an illustrious pair of champions, each experienced a single defeat as a three-year-old, and by a strange coincidence same were registered at North Randall, which is the spot where the trainer of this famous brother and sister first trod the soil as a youngster. In a sense, somewhat of a hoodoo place for Will Caton.

Prince Alert, 1.59%, paced in 1.59% both when eleven and twelve years of age. Single G. secured his present record of 1.58% when thirteen; raced in 2.01% when fourteen; and 2.00% when fifteen

Huge Skeletons Arrive In London

LONDON, Jan. 13.—Embedded in huge blocks of stone, skeletons of eight prehistoric giants of 60,000 years ago arrived in London today from Palestine. They are specimens of the now famous "Mount Carmel men" discovered last year by The Lore Me-

Crown, young American archaeologist, and later named "Paleanthropus Palestineus," as they belonged to an entirely new type of extinct man. They lived about the same time as the shuffling Neanderthal man of Europe, but were found to be unlike any other fossils in their powerful build, their jutting chins and great awning-like protuberances over their eyes.

The skeletons came from the Cave of the Kids in the side of Mount Carmel, where Arab laborers sweated and strained to put them onto motor trucks bound for the sea coast. Authorities at Jaffa delayed them many weeks before allowing them to be taken out of the country. Today they are lying in wooden cases which will not be opened until British customs authorities arrive to convince themselves the fossils are not dutiable imports.

It will take many months of tedious work by Sir Arthur Keith and his assistants at the Royal College of Surgeons to chip the skeletons out of their stony beds. The blocks weigh about 5,500 pounds each, and dental drills will be used to prevent any damage. Mr. McCown is expected in England in May to help with the work, and it probably will be late summer or autumn before the task is completed.

The skeletons were excavated under the joint auspices of the American School of Prehistoric Studies and the British School of Archaeology in Jerusalem.

Going to the Mainland? Why rise early and rush for the train? Come to Borden the night before, make sure of the Boat, enjoy a comfortable night's sleep. Winter Rate—Supper, Bed and Breakfast \$2.00. ABEGWEIT HOTEL Borden Stanley S. Murray, Prop. Steam Heat—Hot and Cold Water in every room. Rooms with Bath slightly higher. 7587-1-10-mwl-31.
