—Miss Jean Boswell, teacher at Valley, returned from Charlottetown where she attended the meeting of the Camp Committee Y.P.U. at Trinity Church.  
—Mr. Charles Johnston, Hillsburgh, has returned from an extended visit to friends and relatives in the United States.—S.  
—Mr. Eddon Hickey has returned to Summerside from an extended visit to Toronto and Montreal.—S.

**WASHINGTON, March 2 (AP)**—President Roosevelt ordered a sweeping streamlining of the entire United States War Department today, giving the army air forces equality with the combined ground arms.

After the German model, military functions were grouped into three basic units, the army ground forces, army air forces and the services of supply, each with its own commander under the chief of staff.

Involving a general revamping of cumbersome peace-time machinery set up 20 years ago, the President's executive order was made effective March 9 for the duration of the war and for six months thereafter. It abolished bureaus and commands of a half dozen or more generals.

**10,000 Moros Swear To Drive Out Japs**  
WASHINGTON, March 2 (AP)—Ten thousand Moros in the Philippines have sworn a solemn oath upon the Koran never to lay down their daggers and swords until the invading Japanese are ejected. Gen. Douglas MacArthur reported today.

MacArthur transmitted to the President a message signed by Alberto Sultana of Zamboanga and a member of the Philippine Senate that 10,000 Moros of Lanao Province on the island of Mindanao had sworn the oath and that more fighting men are being sworn every day.

**In Memoriam**  
MR. ERNEST M. DIXON

Citizens Wednesday learned with regret of the unexpected passing of Mr. Ernest M. Dixon, a well known and highly respected resident of this city for the past twenty-five years.

Born in England in 1888, the late Mr. Dixon spent some time on the mainland and shortly after his arrival in this city, opened up the first dancing school in the province. By his courteous and gentlemanly manner and pleasing disposition he was not long in building and maintaining a successful business.

About five years ago ill health forced him to retire when the classes were as successfully conducted by his son Louis, until he enlisted in the 2nd Medium Battery and is now serving overseas.

The late Mr. Dixon was a great lover of horses and for a number of years drove a spirited animal, which at times was seen on the race track, although never in competition. He was also an expert gunner and when occasion offered spent his spare time in the woods with gun and dog.

He was a faithful member of the choir of St. Peter's Cathedral in which he took a great interest. Shortly after arriving in this city he was joined by his wife, who is left to mourn the passing of a kind and loving husband and a devoted and her absent son, the Guardian with numerous friends join in extending heartfelt sympathy.

**5 Canadian Navy Men win awards**

OTTAWA, March 2 (CP)—The Navy announced tonight the award of decorations to five members of the Royal Canadian Navy in connection with the successful encounter with a Nazi submarine by the Canadian Corvette Chabmy, announced last November.

The decorations, approved by the King, were:  
Distinguished Service Order, Acting Cdr. J. D. Prentice, Halifax and Victoria;  
Distinguished Service Cross, Lieut. Edward T. Simmons, Victoria;  
and Lieut. John A. O. Allen, Winnipeg;  
Distinguished Service Medal, Chief engine room artificer W. Spencer, Sarnia and London, Ont.;  
Signalmen Hugh E. Tobin, Hamilton.

Mentioned in dispatches were: Mate A. F. Pickard, Halifax and South Porcupine, Ont.; and Able Seaman L. P. Lehtu, Sioux Lookout, Ont.

At the same time the navy gave out additional details of the sinking of the German submarine U-501 which was forced to the surface by depth charges from the Chabmy.

"While engaged in independent manoeuvres with another Corvette (the Moose Jaw) Cdr. Prentice's vessel came upon the German U-501 lying in wait ahead of a heavily attacked convoy, carrying out the well-known wolf-pack tactics," said the navy.

"Depth charges forced the enemy to the surface and a running pursuit developed. Gunfire from the Canadian Corvettes and the danger of torpedo discharges from the stern tubes of the fleeing German enlivened the chase.

"After some miles the German captain lost heart and surrendered his vessel to the Canadians, jumping aboard one of them in most abject manner as she lay alongside."

**Vigorous Denial Of Responsibility By Inspector-General**

VANCOUVER, March 2 (CP)—Maj.-Gen. William Griesbach, inspector-general of the Canadian armed forces for Western Canada, said today in an interview that he had "no executive or administrative authority whatsoever."

He was referring to charges made in the House of Commons yesterday by J. F. Pouliot (Lib, Temiscouata), that responsibility for the dispatch of Canadian troops to Hong Kong without "adequate" equipment must rest on the inspector-general of the army for Western Canada.

Mr. Pouliot said he was referring to Maj.-Gen. Griesbach.

"By order-in-council of about June 26, 1940, I was appointed inspector-general of forces," Gen. Griesbach said. "My duties are to inspect and report directly to the

### HOW ELDERLY WOMAN ESCAPED BACKACHE

Many people think that backache is a trouble that comes naturally with advancing years, but this woman of 71 proves that it is not.

"I suffered for a long time from backache," she writes, "but put it down to my age (71). Reading your announcement, I thought I would try Kruschen Salts. I have been taking it for some time and have found great relief. I thought you would like to know it has done me a world of good."—(Mrs.) E. R.

When pains in the back are caused by inactive kidneys and failure of the digestive system to throw off poisonous impurities, Kruschen Salts will replace them, setting the matter right. Because Kruschen has a diuretic action which helps to flush your kidneys and liver. By taking Kruschen you get happy again. There's extra value now, if you buy the

### S'side Board of Trade supports Ch'town stand

The regular monthly meeting of the Summerside Board of Trade was held last evening in the town hall.

Mr. A. R. Brennan, president, presided at the meeting. The most important matters to come before the board were the seriousness of the transportation to the mainland and the matter of the new war services set-up.

Mr. J. E. Dalton in moving a resolution to support the Charlottetown board of trade, urging for better transportation between island and mainland, stated that the situation is very serious. He knew of a large warehouse piled to the roof with produce and no cars available to get it off the island. Mr. J. Frank Arnett supported Mr. Dalton and stressed the extreme necessity that something should be done at once.

Mr. Arnett knew personally of merchants in the country with eight to fifteen loads of potatoes ready for shipment and no cars available. Business is badly hampered on account of lack of transportation. The matter is too serious and important to be treated lightly. Should the present ferry be tied up for a week the matter would be very serious indeed.

Mr. C. E. Rogers in supporting the resolution pointed out that he did not think the federal government realised what a serious thing it would be for the air training centres here if the car ferry was incapacitated for even less than a week they could not carry on and the valuable properties put up at such expense would be useless. This point should be brought home to the government. The meeting unanimously supported the resolution to support the Charlottetown board of trade in their resolution with regard to the new car ferry.

There was a good deal of discussion about the new setup of war services. Several members spoke of the matter. Mayor Lidstone felt that the three war services operating in the town at the present time are doing good work. He did not think the government should be money in a reckless manner fixing up new premises when the three organizations in the town are doing so splendidly. The government should be saving its money for guns and ammunition. The proposition of a new building was a waste of money and he thought three organizations should continue to operate.

Mr. J. E. Dalton said that he understood that the government would not support war services in such towns as Summerside and that a citizens committee was to be formed to take over the operation of the war services.

Mr. S. G. Merriam said he understood the representatives of the war services who were in Summerside this week suggested a central place able to accommodate some three hundred men and their families and that the government was willing to fix up a place but it would be purely up to the citizens to take care of its operation. It was understood that the money obtained from salvage was to take care of the operation and the government officials suggested that \$2,000 could be got from salvage in Prince County. Mr. Merriam expressed the view, which was endorsed by others that after the expense of properly grading the salvage there would be very little left. He thought that Summerside had contributed a larger amount to the war services drive than had been expended in the town and that the town would be better off by taking care of its own war services.

Mr. Brennan informed the meeting that he had been asked by Mr. Pfeiffer that the government limit its amount to be expended to \$4,000.

It was moved by Mr. H. T. Holman and seconded by Mr. Gorill that the executive of the board get information on the matter and submit it to a citizens meeting.—S.

### Amazing revenue And expenditure

HALIFAX, March 3 (CP)—The public accounts revealed an "amazing" amount of revenue and an "even more amazing" expenditure in the province last year, Conservative House Leader Biols said today at the Nova Scotia Legislature resumed after a week-end adjournment.

Mr. Biols said revenue of \$18,071,586 and expenditure of \$13,978,484 marked an all-time high for the province. The record revenue had been collected from the people during wartime when they were "not only being asked but forced, because of heavy federal taxation, to cut down on their personal spending."

Expenditures had increased in all but two departments—the Labor Department and the Provincial Secretary's Department, he said.

### Transportation And New Set-up For Auxiliary Services Discussed At Meeting.

The regular monthly meeting of the Summerside Board of Trade was held last evening in the town hall.

Mr. A. R. Brennan, president, presided at the meeting. The most important matters to come before the board were the seriousness of the transportation to the mainland and the matter of the new war services set-up.

Mr. J. E. Dalton in moving a resolution to support the Charlottetown board of trade, urging for better transportation between island and mainland, stated that the situation is very serious. He knew of a large warehouse piled to the roof with produce and no cars available to get it off the island. Mr. J. Frank Arnett supported Mr. Dalton and stressed the extreme necessity that something should be done at once.

Mr. Arnett knew personally of merchants in the country with eight to fifteen loads of potatoes ready for shipment and no cars available. Business is badly hampered on account of lack of transportation. The matter is too serious and important to be treated lightly. Should the present ferry be tied up for a week the matter would be very serious indeed.

Mr. C. E. Rogers in supporting the resolution pointed out that he did not think the federal government realised what a serious thing it would be for the air training centres here if the car ferry was incapacitated for even less than a week they could not carry on and the valuable properties put up at such expense would be useless. This point should be brought home to the government. The meeting unanimously supported the resolution to support the Charlottetown board of trade in their resolution with regard to the new car ferry.

There was a good deal of discussion about the new setup of war services. Several members spoke of the matter. ### Sees Beaverbrook Back To Fleet St.

LONDON, March 1 (CP Cable)—Hannan Swaffer, veteran London editor, suggested today in his weekly column in the current World's Press News that Lord Beaverbrook has parted entirely with the government and will re-

turn to his newspapers in Fleet Street.

Swaffer wrote in part "... I do not think he is going to America, but rather that he has parted entirely from the government and he will return to Fleet Street soon to develop by natural stages into a critic, for outside he will see things very differently.

"Churchill dropped him. He had to choose between the Beaver and several other ministers. Already they had whittled down his power as minister of production until he found himself with an impossible job.

"As long as three weeks ago Beaverbrook was telling his intimates 'I have not a friend in the government'...

"Some people consider this is the end of him in practical politics. I do not think so. We shall see in all probability another Downing Street crisis in six or eight weeks. Then anything may happen..."

### U. S. freight Rates increase

WASHINGTON, March 2 (AP)—The Interstate Commerce Commission today authorized rail and water carriers of the United States to increase freight rates and charges in general about six per cent but exempted certain basic raw commodities.

The carriers had asked for a gen-eral increase of 10 per cent.

### Definite Policy Followed in bonus

OTTAWA, March 4 (CP)—Definite policies are being followed in respect to the cost-of-living bonus as laid down in the regulations. Labor Minister Mitchell told the House of Commons today.

The Minister was answering an inquiry by Gordon Graydon (Con. Pech) who said some firms were paying the bonus and some were not, and there was the appearance of no general policy being applied.

After outlining provisions under which the bonus is payable, Mr. Mitchell said workers feeling they were not being dealt with fairly could apply to the national war labor board. There were cases where because of increases in wages since the start of the war employees were better off than if they were enjoying the bonus payments.

### She thought her blouse was white...

... till she saw her fiancé's Rinso washed shirt

You'll never be satisfied with anything else once you see RINSO WHITENESS

TAKE a good look at a wash done with Rinso and you'll realise at once that Rinso not only washes whiter, it gives the whiteness. In fact, you'll say the only true standard of whiteness is Rinso whiteness.

Colors wash best in Rinso, too. It keeps them bright and fresh through many months of washings. Rinso's rich suds float out dirt. They make rubbing and scrubbing unnecessary. That is why you will find Rinso helps

to make all the clothes in your wash wear longer! Whatever your washing experience, you'll never be satisfied with anything else once you've used Rinso. Order some for this coming washday. Get the GIANT package for extra economy.

RINSO KEEPS COLORS BRIGHT AND GAY!
