"3 Mile Limit" Main Question

(Canadian Press)
SAINT JOHN, N. B., Nov. 26.—As the trial of Stephen Burt, of Queen's Harbor, Nfld., skipper of the rum schooner "Telephone," seized off Chance Harbor, N.B., on November 7, on a charge of "keeping liquor for sale," drew near a close in the Fairview police court this afternoon, Magistrate G. Earle Logan made it clear that his decision would be based on whether or not he found the vessel was inside the three-mile limit when authorities seized her, with a \$25,000 liquor cargo aboard.

"He is an admitted rum-runner and the only question we have to decide is whether he was inside or outside the three-mile limit," the Magistrate said, when R. F. Hartley, Deputy Attorney-General, calling senior constable Robert Debou, of the Provincial Police, as a rebuttal witness, sought to prove Burt's connection with William Hicks, of Eastport, Me., alleged owner of the "Telephone's" cargo.

Runs Amuck, Kills Nine

(Associated Press)
DURBAN, South Africa, Nov. 26.—Two Europeans and seven natives were shot dead near the town of Bethlehem by a man who blew his brains out as the police were on the point of capturing him after a motor car chase.

The first victim of the killer was J. E. Darby, a salesman, who had stopped his automobile to give the man a lift. The killing was done with a sport rifle. Driving on in the car toward Bethlehem with Darby's body beside him the man shot and killed five natives. He turned off just before reaching town and slew a European named Prinsloo, who was planting trees by the roadside, and his two native helpers.

By that time police were pursuing the killer in automobiles and just as they caught up with him he turned his gun on himself. His identity was not established.

Dr. Alfred Sze, the Chinese member, was understood to have told M. Briand that his government was particularly anxious about

Rt. Hon. Howard Ferguson's dinner party last night to Premier Bennett and "his large circle of admiring friends" is proof of that. It will rank as one of the really significant social events of the closing months of 1931 and although itself devoid of political purpose will perhaps have political
