

Two Interscholastic Records Are Smashed

Interscholastic Athletic Meet Closely Contested

George Ayers and Maurice Lodge Break Records in High Jump and Mile—Summerside High Led in Points—Many Districts Largely Represented.

Two Maritime Interscholastic records went by the boards at the Provincial Interscholastic Athletic Meet held at the Abegweit Grounds last evening when Maurice Lodge, city, representing Prince of Wales College, won the mile run in 4:57 1-2, bettering the existing record by about ten seconds and a half, and George Ayers, city, also representing P. W. C. cleared the bar in the running high jump at 5 feet 4 1-2 inches. The latter record was broken twice, first by Kenneth Beer, 16 year old Montague lad competing for Prince of Wales College, in the intermediate event, who after holding the championship for about half an hour was dethroned by Ayers.

The Summerside team led with 73 points, West Kent coming second with 71, followed by P. W. C. with 49, and S. D. U., with 36. George Ayers was the winner of the senior all-around championship, Kenneth Beer of the intermediate, and Bob Clark, Summerside of the junior.

Prominent among the contestants and carrying off a large number of firsts was Emmet Donahoe, Souris, representing S. D. U. This young athlete is the son of the late Dr. Robert Donahoe famous all-around athlete of a number of years ago. Most spectacular of all events was the winning of the mile run by "Sparky" Lodge in record time. The long smooth stride, the steady and unwavering gait, and the brilliant finish combined to make the event one of the most pleasing to watch of the events contested last night.

The crowd in attendance was very large, but the absence of parents of many contestants was a matter of regret. Great interest was taken in each event.

His Worship Mayor Prowse at the close of the meet presented the winners with their prizes.

The rain, which was threatening all day, held off till the last event was completed. The track was in excellent condition.

LETTER OF SYMPATHY

Dear Mrs. Haslam:—We have been thinking of you in your hour of sorrow and feel we cannot let this opportunity slip by without expressing our deep sympathy. We realize what a sore heart you must have in the loss of a dear sister. It is hard enough to bear when we stand by their bedside and watch for death, but it was not so with you; it was a sudden shock. However we cannot always tell why these things come into our lives but we hope some day that we may understand. We can only direct you to the great Burden-bearer who alone can give strength to comfort those who mourn and who alone can lighten the burden of grief.

We, the undersigned, extend to you and your family our tenderest and loving sympathy and may God grant you may all meet in an unbroken family circle at His right hand.

Signed on behalf of Springfield Women's Institute,
MRS. EVERETT HASLAM,
MRS. J. MORRIS SINCLAIR,
MRS. J. E. SINCLAIR,
Springfield, Lot 67,
June 16, 1930.

MRS. E. D. McPHAIL

The death of Mrs. E. D. McPhail, Cornwall, which occurred early Thursday a. m. after an hour of acute indigestion will come as a shock to her many friends. She had been about in her usual health on Wednesday and had not complained of feeling ill before retiring. She leaves to mourn one son, C. M. Cox of the Pure Milk Co. The funeral will be held from Cornwall Church, Saturday, Interment Peoples Cemetery. Service beginning at 3 p. m. Standard Time.

A. Horne & Co. Used Car Sale

One of the busiest local centers of automotive interest is the used car department of the A. Horne Company which has revised prices abruptly downward for the period of its Golden Opportunity Used Car Clearance Sale. The sale has as its objective the reduction of used car stocks in preparation for expected new car business during the summer months.

Used car sales are increasing daily, according to Mr. H. H. Horne of the A. Horne Company.

"Indications are," he said "that our Golden Opportunity Sale will establish a new used car sale volume far exceeding that of any month in the company's history.

"Public confidence in the used car as sold today by reputable dealers has grown to a point where more used cars than new cars actually are sold each year. This, of course, is due to the fact that automobiles today are so well built that they usually pass through the hands of several owners before finally being discarded. This increasing used car volume is due in large part to the faithfulness exercised by responsible dealers in completely reconditioning and guaranteeing cars taken in trade before offering them for re-sale. In reconditioning our used cars we leave nothing to chance. Expert mechanics check every detail, replace any worn parts, make necessary adjustments and, in short, place the cars in condition to deliver thousands of miles of trouble-free transportation.

"The average new car has what the life insurance men describe as an expectancy of not less than six years. And the average owner usually trades this car in on a new model after only one or two years of driving. The shrewd used car buyer thus purchases the remaining four or five years of transportation at a tremendous discount." Liberal time payment terms are offered to those who prefer to purchase their cars from income during the Golden Opportunity Sale.

Paleface Second In Feature Event Of Truro Racing

TRURO, June 19.—The Central Nova Scotia Racing Circuit opened here today with one of the best horse meets in the history of the town. Twelve hundred excited fans saw some of the classiest horseflesh of the Province in action and all classes went three heats to decide the winner.
