THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

It pays to buy in this Province.

Mrs. W. A. Stewart, city, spent the week-end with Rev. Major and Mrs. McIntosh, Bedouque.

J. B. Gaudet, the Provincial representative of the Rock Island Tobacco Ltd., is registered at the Queen Hotel.

James Trainor, city, has just completed a deep well of one hundred and twenty-two feet for George McDonald, Cornwall.

At the police court in this city yesterday S. Coyle, who failed to appear before the court on a charge of drunkenness, had his bail bond of \$10 forfeited.

The will of the late William H. Stewart, city, has been probated. All the property, real and personal, is left to his daughter, Miss Amelia H. Stewart.

The city market was well attended yesterday, but produce was not moving very briskly. The only change in prices was that of pork which was quoted at 7 1/2 and 7 3/4 cents a lb.

In the Guardian of Saturday last a typographical error appeared in the poem contributed by A. A. Charlottetown. The last line in the second verse should begin with the word "shone."

The many friends of Russel Jury, who has been with Dr. F. S. Lodge, City, during the past two years will be pleased to know he has secured a good position with Dr. Saunders, Calgary, and that his brother Horace who has been in the employ of Paton & Co. City, has also a position with McLeod Bros. formerly of Charlottetown.

Gladstone McDonald, of the Telephone Co., at Edmonton, who spent several days among friends in New Glasgow and vicinity, was in town on Monday en route to Charlottetown. He has many friends in St. John's, who were delighted to find him look so hale and hearty, and enjoying the best of health. From Charlottetown he continues his journey back to Edmonton.—New Glasgow Ex.

October 31st Monday was Thanksgiving day and for the first time this day and Halloween came together. In most of the city churches, some on Sunday and some yesterday, Thanksgiving services were held while the offices were appropriately decorated with the harvest products of the season. In the evening the youth of the city were not nearly so much in evidence as on former Halloween nights, their demonstrative spirits having evidently been efficiently curbed by last year's experience.

The Y. M. C. A. is about to introduce some new features in connection with the work here this winter. The committee on educational work have been at work on plans for some time, and are ready to announce several classes which it is expected will be started in a short time. The first class will be one in Mechanical Drawing and will meet on Tuesday evenings. Mr. McNair, of the firm of Bruce Stewart & Co., has been secured as teacher and the course will be made especially attractive to men in the mechanical department of shops. Application can now be filed with the Secretary. The tuition fee will be low and within the reach of all. The second class in Salesmanship and Advertising is one in which a large number of young business men should be interested. The success of the class is assured when it is stated that D. J. Bonnell will instruct in advertising, and that John Gordon will be associated with him in the salesmanship lectures. The Association is also offering classes in show-card writing and Free Hand drawing. For the younger boys who have not advanced far in the public schools, and who are now at work, a class will be formed in common school subjects and the boy will be given an opportunity to start where he is able to read to go on. The same of the instructor will be announced later. Not only these classes but any other which the Association finds there is a demand for, and for which ten or more applications are received will be started.

Our Emulsion of Cod Liver Oil with Guaiacol and Hypophosphites contains 50 per cent. of Cod Liver Oil and is much stronger than most of the Emulsions sold. The taste of the oil is so disguised as to make it as pleasant to take as any cough mixture. We highly recommend it for Bronchitis, chronic coughs and all lung affections. 40c. a bottle. E. A. Foster, Central Drugstore, Sunny-side.

Miss Audrey DeBlois, city, has returned to New York.

Mrs. John McLeod, Uige, is visiting at the manse, Springton.

Mrs. Alex. McCannell, city, has returned from an enjoyable month's visit to Boston.

John P. McLeod of Valleyfield has been appointed Deputy Attorney General of the Province of British Columbia.

Among the outward passengers from this city yesterday were: H. J. McLeod to St. John, and E. C. Peters to Montreal.

Any person who has seen a row-boat, painted white, which drifted away three weeks ago from North River, will oblige by advising The Guardian Office.

The marriage of Miss Flora McPherson of O'Leary to Michael Curphy of this city took place in Cornwall, Maine, on the 24th of October. The bride looked very pretty in her wedding dress of white Tulle silk, and carried a bouquet of lilies of the valley. She was attended by Miss Jennie McPherson, who wore a very pretty dress of pink silk and carried a bouquet of orange blossoms. The many friends of Mr. and Mrs. Curphy wish them a long and happy wedded life.

Doctor Evans Robertson visited his father lately and all were glad to see him back again, Dr. Robertson having secured the degree as doctor of Medicine and C. M. went to Edinburgh and took a post graduate course there hence going to London, England, was nearly twelve months in the Infirmary there perfecting his studies. A young man of uncommon abilities he is at home on all subjects. His remarks are really entertaining and his sentences so concrete and full of meaning he is himself always and everywhere real and substantial. His home is in Mobile, Alabama, he is the only son of George Robertson, Farmington, and a nephew of W. B. Robertson, Comptroller of customs this city. The Robertsons are brainy, common sense men, and his superior talents come to him by heredity.

Commencing Monday the 2nd of May the S. S. Northumberland will leave the Company's wharf daily, except Sunday, at 8.20 o'clock a. m. Returning will leave Pictou about 4.20 o'clock, p. m.

Your Old Enemy Rheumatism

CURE YOURSELF RIGHT NOW WITH "FRUIT-A-TIVES"

There is just one thing that causes Rheumatism—Uric Acid in the blood. Uric Acid is formed when either the bowels, kidneys or skin fail to rid the system of waste matter. This waste, or Urea, remains in the body and is changed into uric acid. It is this uric acid that poisons the blood, inflames the nerves, and causes Rheumatism, Sciatica and Lumbago.

Liniments and ordinary rheumatic remedies won't cure Rheumatism, as none of such preparations go to the very root of the trouble—the blood, and the vital organs. "Fruit-a-tives" is the greatest cure for rheumatism in the world. And we will tell you why.

"Fruit-a-tives", by its action on the bowels, kidneys and skin, prevents the formation of an excess of uric acid. "Fruit-a-tives" causes the bowels, kidneys and skin to throw off the waste of the body, and thus keeps the blood absolutely pure.

If you have suffered with Rheumatism, and dread a return with the coming of cold weather, start in at once to take "Fruit-a-tives" and that defeat your old enemy. See a box, 6 for \$3.00, retail size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

GREAT FRUIT SHOW

ST. JOHN, Nov. 1.—The progress of New Brunswick apple growing was strikingly illustrated last night at the opening of the New Brunswick Fruit Growers' Association's sixth annual Convention and Fruit Exhibition in St. Andrew's Hall.

The show is, by all odds, the finest of the kind ever seen in the Province, and it was the opinion of expert fruit men that nothing finer has ever been shown in Canada.

THE EXTRADITION OF DYNAMITERS

WASHINGTON, Nov. 1.—Immediate steps will be taken by Secretary of State Knox for the extradition of the three men held at Acapulco, Mexico, on a charge of dynamiting Los Angeles Times Plant a month ago.

One of the most effective whetstones that has been noticed in the city for some time is the "whettery" window that Messrs. Moore & McLeod show. The window is very tastefully draped in mulberry shades of many varieties of the dress fabrics carried by this firm, and illustrates the thorough method followed by Moore & McLeod in carrying complete ranges of each popular shade.
