

LOOK OUT FOR YOUR LIVER

Back it up right now and feel like a million!

Your liver is the largest organ in your body and most important to your health. It pours out bile to digest food, gets rid of waste, supplies new energy, allows proper nourishment to reach your blood. When your liver gets out of order food decomposes in your intestines. You become constipated, stomach and kidneys can't work properly. You feel "rotten"—headachy, backachy, dizzy, dragged out all the time.

For over 35 years thousands have won prompt relief from these troubles—without drugs. So can you now. Try Fruit-a-Tives—you'll be simply delighted how quickly you'll feel like a new person, happy and well again. 25c, 50c.

CONFEDERATION LIFE INSURANCE. L-9789

THE ENGAGEMENT is announced of Helen Malcolm, daughter of Mr. and Mrs. George L. DeBios to Mr. J. Andrew Lacey of Victoria, B. C., son of Mr. and Mrs. Frank J. Lacey of the St. John, New Brunswick. The wedding will take place after Easter. L-399-3-24-11.

JOINS R.C.A.F.—Calvin Russell, Charlottetown man, leaves this morning for the mainland where he will be attached to the motor transport division of the R.C.A.F. Before leaving he was presented with the usual gifts of cigarettes and socks.

PARADE TODAY—Local detachments of the army and navy accompanied by the Light Horse Band will leave the Armouries at 11:30 this morning for a parade of the streets in connection with the opening of the campaign for the War Services Fund. The line of march will be the following streets, Kent, Queen, Richmond, Market, Grafton, Great George and Victoria. Armoured cars, the War Services have decorated a truck which will follow the parade. The city schools will close at noon to enable the pupils to see the parade and the display to be put on by the Canadian Airways Limited. It is hoped there will be a large turnout of citizens to see the parade. In the Legion drive last year the Island had the distinction of being the first province in Canada to reach its objective. Let that record be reflected in this great united drive.

VARIETY CONCERT AND BOX SOCIAL

On Monday evening, Feb. 24th a very successful concert was staged in Stanhope-Covehead Community Hall, under the auspices of the Stanhope W. I.

The main feature of the program was a one act play entitled "The Old Maid's Club." Very antique and varied costumes added much to the interest of the play. Those taking part were: (the ladies) Mrs. Ray Carr, Mrs. Thomas McCabe, Kathleen McCabe, Stella Horgan, Kathleen Watson, Mrs. William Myers, Helen Lawson, Mrs. Warren Marshall, Mrs. Lloyd Shaw, Phoebe Blondin, Etha Misen, Albert Ross, Mabel Robinson, Mrs. George Ross, and the gentleman, Patrick Horgan and Jack Myers.

The remainder of the program consisted of: Step dance by Charles O'Brien; Duet: Stella Horgan, Caroline Myers; Solo: Joseph MacAulay; Step Dance: Caroline Myers; Comedy Act: Joseph MacAulay; Solo: Joseph Myers; Instrumental Music by Joseph and Bernard Myers.

The accompanist for the evening were Mrs. Percy Douglas (organ); Mrs. Joseph Myers (guitar).

At the conclusion of the program the boxes were auctioned off by Mr. Joseph Robson (Sr.). The concert was in aid of the Red Cross and a very neat sum of money was realized. The singing of the National Anthem brought the concert to a close.

Enliven Camps Fortify Ports, Add Airforces

UNCLE SAM HAVING BUSY YEAR IN NEW ENGLAND PUTTING HIS DEFENCES ON WAR BASIS.

By JOHN PILLSBURY
Canadian Press Correspondent

BOSTON, March 20.—(CP)—This summer the north-eastern section of the United States known as New England will see its greatest mobilization of manpower and naval and military armament since First Great War Years.

Both the War and Navy Departments have pressed their preparations for defence in this great industrial area. Of the army concentrations the largest forces will be in Massachusetts, where the major New England posts, Fort Devens and Camp Edwards, are situated. The smallest mobilizations will be at Fort Ethan Allen, in Vermont, nearest of any post to the Canadian border.

The set-up of key military and naval bases in the five New England States follows:

CONNECTICUT

More than 1700 men will be stationed at the new army air base at Windsor Locks by early summer. This 1700-acre field, situated near Hartford, will be used as a base for the army's 5th Pursuit Group, Long Island Sound harbor defences stationed at Fort Wright on Fisher's Island, and at Fort Michie. The latter will be garrisoned by 300 men.

The Navy's North Atlantic submarine base is situated in New London in addition to the Coast Guard Academy. In the event of war the men trained at this school would become a part of the United States Navy in automatically taking over the Coast Guard.

An auxiliary field at Groton will serve an important function in New England's defence strategy as a base for pursuit planes.

MAINE

More than \$1,600,000 is expected to be spent at the Bangor Air Base in the construction of two-mile long runways for the Army Air Corps. The 63rd and 64th bombardment squadrons, the 13th Reconnaissance Squadron, and the 8th airbase group, totalling about 2100 men will be stationed here.

The army estimates that 3200 men will be stationed in the Portland Army Defences by the middle of June. Coast artillery and anti-aircraft units are now at Forts Levet, Preble, McKinley and Williams.

Naval trial ground for shakedown cruises of new ships is off the coast at Rockland.

MASSACHUSETTS

Second largest military camp in New England, situated at Ayer not far from the New Hampshire border, Fort Devens will have a quota of 23,000 by July 1. Fort Devens is the home of the First Division, newly streamlined and motorized. The New England selective service trainees are sent here for their introduction into army life and from this base recruits are sent to permanent stations elsewhere in New England and even outside.

The former National Guard Camp Edwards in Bourne on Cape Cod is now the largest military reservation in New England. It is the home base of Massachusetts' 20th Division, inducted into Federal service only last month. Camp Edwards will house 28,000 men by early summer.

The Worcester Field, in Chicopee, the new Northeastern Air Base of the United States Army, occupies 4,300 acres of this western Massachusetts city and will not reach the post until about June 15.

The harbor defences of Boston are situated at 10 forts—five of them on islands and five on mainland. Headquarters are at Fort Banks in Winthrop. Other forts are Revere, Health, Dawes, Rockman, Warren, Strong, Andrews Duval and Stanish. Army estimates place 4,400 men at these forts by the middle of June.

At the big municipal airport of East Boston the 101st Observation Squadron, formerly of the Massachusetts National Guard, is stationed and an army hangar is also maintained.

The Boston Navy Yard at Charlestown in one of the largest on the coast. Plans for expansion of this yard and of developing drydock facilities here and across the harbor at South Boston, would make the yard equal in size to any in the United States.

More than \$15,000,000 is being spent to modernize and expand the naval air base at Squantum. Plans for the base, which is in the City of Quincy a few miles south of Boston, include a huge seadrome for hydroplanes. The base covers 400 acres.

NEW HAMPSHIRE

The Portsmouth Navy Yard, usually in Kittery, Me., across the river, is one of the busiest spots

on the Atlantic coast with the submarine construction activities. Portsmouth Harbor defences, at Fort Constitution, Foster, Stark and New Reservation, composed of members of the 22nd Coast Artillery, are already engaged in firing practice. By June 15 about 1,800 men will be stationed here.

The new army air base at Manchester is expected to be completed in April. Plans call for sending three squadrons of the 45th Bombardment Group to the new base. Each squadron has 18 planes and is augmented by transport and supply planes. More than 1,800 men will be assigned here.

RHODE ISLAND

Newport, known as a society resort, also boasts the Naval War College, a naval training station and a torpedo station.

At Quonset Point the navy's \$25,000,000 northeastern air base is being completed. This base will be the largest naval air station nearest a possible invasion point from Europe. A fleet of planes are now operating from this point on the neutrality patrol.

A new army military base is being established at Port Judith, to be named after General Nathaniel Greene of the Revolutionary War. The state airport at Hillgrove, just outside Providence has been used as a base for the 182nd Observation Squadron of the National Guard. This unit will be transferred to Fort Devens but the airport may be used as a base for pursuit planes in defence manoeuvres.

Narragansett Bay defences are at Fort Adams, Getty, Greble and Wetherill and will be manned by 3,000 men in June.

VERMONT

By June 15th, 3,500 men will be encamped at the northern New England base of Fort Ethan Allen. The 1st Field Artillery Brigade, with the 18th Field Artillery Regiment, all of the New York National Guard, and the 1st New York National Guard, are now at Fort Levet, Preble, McKinley and Williams.

Production of creamery butter, 3,908,455 pounds, showed a decrease of less than one per cent. The cheese output increased 10 per cent and ice cream production 42 per cent.

Despite unfavorable weather the crop yield was reported fairly well up to the level of the previous year. Potatoes had an increased acreage of 3,400 and an increased yield of 1,877,000 cwt.

Wheat, barley, turnips, hay and clover also showed a greater yield while buckwheat, oats and fodder corn declined.

N. B. dairy Products report

FREDERICTON, March 21.—(CP)—Revenue from the sale of dairy products in New Brunswick last year was about \$12,000,000, less than in 1939, according to the annual report of the department of agriculture, tabled in the legislature.

Jervis Bay survivor To wed Halifax girl

TORONTO, March 21.—(CP)—Arthur Damborough, one of the survivors of the Jervis Bay, arrived home in Toronto today with the girl he is going to marry, Miss Blanche Reimling of Halifax. They said the wedding will be soon but the date is a secret.

Damborough has had plenty of experience since the armed British merchant cruiser sank under fire from a German cruiser while protecting a convoy. On his last trip to Britain his ship reached port in the middle of an air raid.

The bombers spotted the ships and bombed them. The ships returned the fire and "even if we didn't get them they didn't come back to bother us again and they didn't manage to sink a ship," Damborough said.

Storms Take Toll Fishermen's Earnings

Lady Luck is a fickle wren. Sometimes she smiles on the fishermen and good catches are the result. On the other hand the fishermen have their share of hard luck too. Fishing is a hazardous occupation and more often than not when stormy seas and high wind come they spell a story of loss to those connected with the fishing industry. Such was recently the case where on one small section of the New Brunswick coast alone a heavy westerly storm caused heavy damage to fishermen's nets.

When the storm had died away six fishermen reported fourteen nets missing. One man lost seven nets, while the others lost one or two each. In value the nets ranged from forty dollars to seventy-five dollars each and total loss was in excess of \$1,460.

This is but one instance of happenings which are not unfamiliar in the fishing industry. Certainly no weather god's whims. Yet adverse conditions and threats of storm and sea fall to daunt the courageous fishermen who wrest annually from the Canadian waters a production which adds \$40,000,000 or so to Canada's national production every year.

Minaard's kills pain.

OUR BOARDING HOUSE

I HATE TO HAND YOU A WET MATCH, MAJOR, BUT SUPPOSE YOUR BALM TURNS OUT TO BE A WILD PITCH? YOU DON'T HANKER TO PLAY FIRST BASE FOR THE SING SING TIGERS, DO YOU?

I KNOW A CHEMIST—WHY NOT LET HIM SNIFF THE STUFF TO BE SURE YOU'RE NOT PEDDLING A LOT OF SLOW TRACK?

EGAD! DO YOU GOFFERS DEEM THAT I HAVE A CAPITAL IDEA TO OBTAIN AN INDORSEMENT?

OH, VERY WELL! BUT YOU WILL FIND MY CHEMICAL KNOWLEDGE AS SOUND AS THE MEDES AND PERSIANS!

OR AS THE LAW OF FALLING BODIES—

WHAT IS THE SECRET — of Ford Truck Leadership?

In 1940, for the sixth year in succession, Ford Trucks led every other make of truck in sales in Canada. They have led in sales in Canada in twenty-two out of the last twenty-six years.

What is the secret of the continued leadership of Ford Trucks year after year? Simply this—Ford Trucks have repeatedly proven their ability to do more work in less time at lower cost.

They give greater value, greater reliability, greater economy, with less time off for overhauling. Ford Trucks haul heavy loads faster and at lower cost because they develop higher torque over a wider range of speeds—speeds at which trucks operate most efficiently.

See your Ford-Mercury dealer, and arrange for a test on your job with your driver.

KILMUIR, PRINCE EDWARD ISLAND

COVEHEAD ROAD W. I.

The Women's Institute of Covehead Road held their regular meeting last Thursday at the home of Mrs. Harry Swan. Roll call was answered by singing a verse of an Irish song or pay a fine.

The unfinished business was discussed and it was decided the members meet at the home of Mrs. E. J. Pearson the following Thursday afternoon to quilt and sew on the Lottery Quilt (most of proceeds of quilt to go to the Red Cross).

The Secretary reported having sent in eleven pairs rifle mitts to the secretary at the meeting.

The correspondence was read and on the basis of the plea from Supervisor for War Savings Certificates it was decided our Institute invest in at least two War Savings Certificates for the time being. One member paid membership fee and two more joined our Institute.

As it had been heretofore decided to hold a bean supper in the Stanhope-Covehead Community Hall our members were asked to help as much as possible in every way.

The Secretary reported having held on the Questionaire papers. The program consisted of a reading by Mrs. Harry B. and Mrs. E. J. Pearson put on a contest which was won by Mrs. Samuel Woolridge. The next meeting is to be held at the home of Mrs. Daniel Reedy. A dainty luncheon was served by the hostesses.

OUT OUR WAY
