

Bathurst Defeat Summerside In Opener 6-5

First Period Scoring Splurge Gives Visitors Edge In Title Series

Bathurst Papermakers last night defeated the Summerside All-Stars in the first game of a home and home, total-goal series for the N. B.-P. E. I. intermediate hockey championship at the Crystal Rink 5-5. The second game will be played at Bathurst next week.

The Papermakers dominated the play in the first period and rolled up a four to one count before the Summerside team really got clicking. In the second and third periods the home team outscored the visitors two to one.

Chamberlain netted the first goal for the Papermakers, firing a screened shot from behind the bulky frame of Steele as the defenceman advanced to take him out of the play. Gerard Bernard evened it up, taking a nice forward pass from Trainor. Less than a minute after the Bathurst aggregation made it two to one, MacKay coasting in from left wing after accepting a pass from Pitre. The visitors' plays were beginning to click with a vengeance and three minutes later, at the seventeen minute mark Branch took a relay from Gammon and spotted number three from directly in front of the net. Less than a minute before the bell, Pitre realized on a very smooth three-way passing effort.

The Papermakers made it five to one near the three minute mark in the sandwich session, MacKay being the marksman after a fine exhibition of spot passing. Steele shot what many in the west end of the rink thought was a goal, but Doucette, New Brunswick arbiter, over-ruled the goal judge and called the goal back, claiming the puck had not gone through Hicks. Grant made it five to two a little over the halfway mark, catching the upper left hand cast. Bradshaw slammed one past Hicks just before the bell, setting a relay from Woodside.

The third period was the fastest session of the evening as the Sum-

Clarence T. Black, owner of Pleasant Dale Farm, Berryville Va., is advertising two former owned Maritime stallions for service, Calumet Fingo 3, 204 and Watchlin 206. The fee of each horse is \$100 to insure a live foal.

Among the good pacing prospects that have shown up this winter is Richard Budlong, owned by Richard Connolly, Upper Pownal St. He is a seven-year-old gelding by Calumet Budlong 204 3-4, and his dam is Nellie, by Dingy 205 12 by Expedition. His granddam was by Commodore Ledyard and his great-granddam by Harry C. The granddam of Richard Budlong was a full sister to Bob Mac 211 1-4, in Fred Cameron's hands the fastest Maritime bred pacer of his era. We understand that Ray Acorn had considerable to do with fashioning the footwear that caused Richard Budlong to win one race and a heat in another in 32 seconds, losing the next heat through a broken hoppel.

Our friend George D. Oland, Sydney and Coxheath, gives us the latest news from Cape Breton—"George Lewis and Harry Hirsch left last week by plane for Ontario. There is a talk around that they are bringing in some new ones, possibly purchases at the Pine Ridge stable dispersal sale. There is a rumor that Johnny Campbell may cross the border with a string of horses this season. Mr. Hirsch, who you probably heard, sold Chuck Worthy 204 1-2 that raced so creditably the last two years. Rannie MacDonald called at our stable this week. He is wintering at the Sydney track with six head. Dinah G. Betty Budlong, Peter-at-Court, Bob Long and a couple of green Buddies, one out of Dinah G. and the other out of a Lee Harvester mare. He has staked both of them in Dave Niemi's thirty class stake at Blue Acres. We also had a visit from Charlie Sweet. He is wintering a Simcoe Harvester colt owned by Syl Phalen.

"Charlie as you know raced some pretty fair ones, Tommy Cotter and Tonita C. were a couple of his best. I was in Halifax when he won with Tonita C. in 2:15. That was considered at in those days and a thousand dollars was offered for her but refused. When I first knew Charlie he worked for Angus McGillivray of New Glasgow and trained Bonny K that Angus bought on the Island. Islanders will remember Jimmy Dee from New Glasgow, who bought so many horses from them. Angus McGillivray was driving Bonny K. and he saw Jimmie on the sidewalk drove up and said, 'This is a kind, good, race horse, good driver and will work in anything you can put a horse in.' He and Jimmie were in opposition selling horses, although they were friends they were always having some fun with each other and so Jimmie gave him this answer—"Yes, Angus, all the Barriers are good workers", the reference being to the report that Bonny K. had some Clyde blood in his veins.

"You will see by the news from Dufferin track that Roy is racing a pretty fair mare called Miss Alice Guy. She won a couple of even the days she is a bit erratic but very fast. He also has a full sister to her that has no record. I was much interested in your write-up of Tommy Murphy. I have always considered him the greatest reinsman that ever rode a bike and he was able to secure the best patrons and buy the great horses. Another thing I remember about Murphy was that when he let a horse go the horse was all through. Lots of other reinsmen let horses go for a trifle and they afterwards turn out to be the fault with the second greatest reinsman, Walter Cox. You will remember when he traded two horses with Captain Dave Shaw and gave him \$250 to boot. The horses he traded away were Lee Axworthy and Prince Loree. I never saw Murphy drive a race, but reading about his methods and his great finishes, Joe O'Brien reminds me an awful lot of him.

Great Racing At Summerside Meet

(Continued from Page 6)

Summerside's two day horse racing meet concluded yesterday after producing some of the best racing seen on the harbour in many years. Six well filled classes rounded out the afternoon's racing, which saw Bright Spot win the Free-for-All, Le Brewer the Class B. Trot, and Hazel Set take honours in the Class B. Pace.

All horsemen were unanimous in paying tribute to veteran drivers such as Tyndal Semple with a record of forty-eight years driving race horses, and Mr. M. Sobey over 70 years of age who drove Carl Aubrey to victory in the colt race and took the prize for that class. Coming in with the mystery horse, Buddie Scott, owned by Mr. Ellis of Northam, R. H. Phillips, veteran reinsman won the Class C. Trot and Pace.

Hawks Seeking Replacements

SYDNEY, N. S., March 12—(CP)—Moncton Hawks today appealed to the Maritime Amateur Hockey Association for a replacement for three injured players.

Ten days ago they were permitted to bring in Charlie Phillips from Glace Bay Miners after that team was eliminated in the Cape Breton Senior Hockey League playoffs.

However when one of Hawks injured players returned to take part in a game against Saint John Beavers who were eliminated by Hawks in the Maritime Senior Hockey League race, Beavers protested. The protest was upheld and a seventh and deciding game ordered for Thursday night. Hawks again defeated Beavers, this time without Phillips.

Hawks management claims the M.A.H.A. wrongly upheld the protest on the word of two Saint John doctors who said Gene Polier, one of the three injured, was capable of playing. The Moncton club doctor declares the badly deformed injuries would keep him out for the rest of the season although he took part in the sixth game against Beavers.

President Charles Campbell, of the M.A.H.A., said tonight the Moncton appeal was "under consideration by the executive of the M.A.H.A."

particularly in his ability to judge distance at the finish and get the last effort out of a horse in the last hundred feet, also to know where to start his drive. The worst thing I can wish for Joe is that some day he will be as great a man as Thomas W. Murphy."

Maybe you have noticed one of the slickest and handsomest colts of a long, long time driven on our streets by Earle Semple. It is Glib Hanover, and the name fits perfectly. He is a three-year-old by Squire Hanover 208, co-holder with Watchlin of the Summerside track trotting record. His dam is Lady Watson by Watson Peter and he is owned and being driven by Earle Semple of this city.

Another three-year-old that fills the eye is Anyway, bought at Gainsway Farm sale in Kentucky in 1946, and owned by Roy Bevan, Austin, Texas. He is as fast as butter and slick as a kitten's ear.

ing. They were still in good shape but Dingswell said they had thinned down quite a lot in the past week. The status of the Hungarian partridge is too uncertain at the present time to make any estimate as to what percentage will be available for breeding stock this spring, but a fairly accurate census will have been compiled by the first week in April... maybe before this dead line.

The Murray Harbour line passes through some good rabbit covers between the City and Vernon and this columnist kept his eyes open as the train sped along. I came to the conclusion that rabbits are scarce... I saw surprisingly few tracks. I also talked to a number of Indian trappers. They informed me they thought rabbits were scarce at the present time. They reported that a lot had been killed and eaten by foxes and owls this winter. Such a situation was to be expected. Field mice, the natural food of the fox, have been protected most all winter by four or five feet of crusted snow.

Foxes and owls like other creatures must eat to live and if they can't get one kind of food they'll take something else.

With reference to a recent discussion I note a retraction has been made for asserting that there was no fine attached for retaining trout under six inches... Mr. Larabee, Supervisor Fisheries for Prince Edward Island, saw to that.

Another misrepresentation was made as follows: "This would prove conclusively that those men who were fined last year for taking trout under size should get their money back and that game wardens do not know their laws."

"In connection with this reference to game wardens I quote the following amendment to The Game Act in 1944 as Section 14... "All members of the Prince Edward Island Fish and Game Association, all members of the Royal Canadian Mounted Police and the Chairman and Secretary-Treasurer of each School Board in the Province are hereby appointed Game Wardens, without pay, for the enforcement of the Provisions of this Act."

Members of the Game Associations being thus game wardens under the Act, are at liberty to speak for themselves in connection with the statement that game wardens do not know their laws, but the thirty odd members of the Royal Canadian Mounted Police stationed in the Province are included in this sweeping statement. It reflects on the ability of this highly trained Force to enforce the laws of this Province. Methinks a withdrawal is in order. Think it over, gentlemen.

St. Mary's Juniors Defeat Sydney 8-1

SYDNEY, N. S., March 12—(CP)—St. Mary's junior hockey team from Halifax took up tonight where they left off last year as they walloped Sydney Sunbeams 8-1 in the first game of the best-of-three series for the Nova Scotia junior title.

Rangers Adding Two Amateurs To Roster

NEW YORK, March 12—(AP)—New York Rangers are adding two amateurs to their roster for their important hockey series this week-end with Montreal Canadiens.

The Rangers announced today that Larry Kwong, 24-year-old Chinese-Canadian from Vernon, B. C., and Rottis Rove will be in uniform at Montreal tomorrow night. New York plays Montreal here Sunday night.

The Rangers need one more point to assure them of an undisputed playoff berth.

ahead to a 5-4 score, but again the game had to be stopped as the "lines-wymmin" had to undergo repairs with many helpful hands offering assistance. Then when this was settled, the fat man slid to the ice and could not rise. Mathematical instruments were brought out to compute the size of the crane to raise him, and also to measure the depth of the hole in the ice. Finally he was propped to a standing position and the game continued. The kids, out to see up the game, made a driving shot but were robbed by the goalie who turned his skate crossways, completely blocking the net. Then in the dying minutes of the game, the Panama playboy pulled off the most sensational hat trick of the evening. As the rubber neared his stand at the boards, he bent, poked it up, and with a beautiful out-drip curve reminiscent of big league pitching, he fired the puck into the twines to tie up the score at 5-5, ending the game and a wonderful night of entertainment for all the spectators.

Aces Shunt Royals Out Of Playoffs

MONTREAL, Que., March 12—(CP)—Quebec Aces, underdogs all the way, pulled the major upset of the Quebec Senior Hockey League season when they shunted the defending Allan Cup champion Montreal Royals out of the playoff picture in three straight games in the quarter finals, taking the third game here tonight 2-1 before 13,000 disappointed Forum fans.

Aces now meet the winner of the Valleyfield-New York series in a best-of-five semi-final.

St. F. X. Hoopsters To Play Mt.

ANTIGONISH, N.S., March 12—(CP)—St. Francis Xavier University varsity basketball squad, winners of the Nova Scotia inter-collegiate title, will meet Mount Allison University, champions of New Brunswick and Prince Edward Island, in the first game of the Maritime title series here Monday night.

Second game of the total-points series will be played in Moncton, Saturday, March 20.

Midget Practice

There will be a practice for the Midget Ables at the Charlottetown Forum, Sat. March 13th, at 11:00 A.M. All players are urged to make a special effort to be on hand in preparation for their forthcoming game.

MONTREAL, March 13—(CP)—Don Gallinger of Boston Bruins has formally applied to president Clarence Campbell of the National Hockey League for an appeal against his suspension from hockey as a result of the League president's recent inquiry into charges of gambling connections by League players.

Moncton Team Wins Opening Game Of Maritime Finals

MONTON N.B., March 12—(CP)—Moncton Hawks, playing three games in as many nights and with only two defencemen to carry the load, tonight defeated Sydney Millionaires 6-2. It was the first game of a best-of-five series for the Maritime Senior hockey crown. The teams meet here again tomorrow night.

Millionaires never were in the scoring picture after taking a two-goal lead in the first period while Hawks were laying back, observing the Henry, Hayes-coached Sydney squad's style of play.

For Hawks it was a tactical as well as moral victory. Playing Coach Les Ramsay used his defensive line of Agnew, Gresko and Gagnon most of the second period conserving his scoring lines for the final period drive.

However, Hawks broke through for three goals in the second frame to grab off the lead. Then they came roaring back in the final frame with three more markers to complete the rout.

Outstanding performer for the Hawks was big Raymond Leger, playing his first year as a senior. He shared the defensive role with Dick Bessette and between them they played the entire game without replacement. Two other Hawks defencemen, Carl Besterache and Gene Polier are out for the balance of the season with injuries.

Failure of the Maritime Amateur Hockey Association to grant a Moncton request for permission to use big Charlie Phillips, ex-Glace Bay defenceman, as a replacement, left the Hawks with only two rearguards available for action tonight. Eleven penalties were handed out, all for minor infractions of the rules. Four went to Moncton and the remaining seven were imposed on the Millionaires.

Dick Bessette scored the winning goal at 19 minutes of the second period. Other Moncton markers went to Frank Imonti, Babe Gresko, Les Ramsay, Buck Whitlock and Paul Gagnon.

Webster scored both Sydney goals, the first from Boyer and the second from Myketyan and Gagnon.

First Period
1—Sydney, Webster, (Boyer)..... 9.26
2—Sydney, Webster, (Myketyan, Gagnon)..... 17.11
Penalties: Imonti, Boyer, Watts, Ramsay.

Second Period
3—Moncton, Imonti (Ramsay)..... 8.04
4—Moncton, Gresko, (Agnew)..... 12.00
5—Moncton, Bessette..... 19.00
Penalties: Boyer, Hayes.

Third Period
6—Moncton, Ramsay, (Jodoin)..... 1.04
7—Moncton, Whitlock, (Poulson, Jodoin)..... 9.00
8—Moncton, Gagnon, (Leger, Agnew)..... 19.00
Penalties: B. MacDonald, Gallagher, Poulson, Watts, Gresko.

Clean Sweeps Defeat Hi-Y In Basketball

The P.W.C. Clean Sweeps defeated the Hi-Y last night in a hard-fought basketball game in which the Hi-Y led throughout the first half. At half-time the score was Hi-Y 8, Clean Sweeps 7.

Charlie Ballum got six of the Hi-Y points in the first half.

In the second half the Clean-Sweeps roared back to take the lead and hold it throughout most of the half, until the final three minutes when Hi-Y came back to regain lead 11-10. But G. MacLennan was then fouled out of the game and Clean Sweeps made another comeback with Bob Anderson sinking a foul shot and then a field goal to win the game.

This was the third game that these two teams have played; the Clean Sweeps have won two, the Hi-Y one.

Cerdan Winner By Kayo Over Roach

NEW YORK, March 12—(AP)—Marcel Cerdan's experience and rugged punching power proved too much for 22-year-old Lavern Roach tonight as the Frenchman stopped the Plainview, Texas, boxer in 2:31 of the eighth round at Madison Square Garden. Cerdan weighed 166 1/2, Roach 156.

The European champion dropped Roach seven times before referee Arthur Donovan stopped the contest with the Texan in helpless condition. He had been down three times in the last round. Cerdan almost knocked out his game foe in the second round when Roach was on the floor for about 15 seconds while the referee and official knockdown time keeper had a difference of opinion. Donovan thought it was a knockdown and Jack Watson, who did the counting, insisted the Texan had slipped to the floor.

After seven or eight seconds, Donovan looked anxiously toward Watson and finally started counting himself. Roach got up at seven.

Most ringers agreed that it was not a clean knockdown as the two battlers had tangled like a pair of wrestlers just before the incident. Both went down but Cerdan scrambled up in a second or two and hurried to a corner. Roach, still groggy from an earlier nine-count knockdown, was in no hurry to get up.

A surprisingly large turnout of 15,900 paid \$80,000 to see this bout which had been expected to be one of the best of the winter.

As a result of the victory Cerdan is expected to clamor more loudly for a chance at the world title, now "in abeyance" in this state.

Plan Re-organization Of Cornwall Rink

It is quite some time since the name Cornwall rink appeared in print, yet if a movement now underway reaches its objective we may again have a rink at Cornwall.

This winter, in spite of heavy snowfall, has seen local hockeyists travelling as far as Victoria to play. This has shown what modern winter travel can do in enlarging the area served by a rink.

It is only a matter of time until secondary roads will be modernized, allowing winter travel by car thus bringing surrounding centres such as North River, Kingston, New Haven, etc., within easy reach.

The operation of a league composed of rural teams with all its friendly rivalry would give both young and old an opportunity to enjoy good clean, wholesome fun during the slack winter season.

The Institute is sponsoring a concert and basket social on Monday night as a start in the drive for funds. They extend an invitation to the many who enjoyed the good times at Cornwall rink in the past, to help out now. Let everyone get together and put up a modern rink at Cornwall.
