ROBBER DESTROYED VICTIM'S MOUSTACHE

NEW YORK, Aug. 17—Three masked men, revolvers in hand, pounced on Stephen Vassassilopoulos in the rear of his ornate stand at Brighton Beach early today and tying him after he had opened the safe, placed one of the number over him as guard. Every guard plucked a hair from the prisoner's moustache, and the more he plucked the more restive the victim became. The result was that when Vassassilopoulos succeeded in freeing himself and reported the \$2,100 robbery to a patrolman, he was minus half his moustache.

According to the victim, who operates a chain of concessions at the beach, he was asleep on a bunk and awoke to see the three men enter. He was forced back on the bed and pieces of adhesive tape stretched over his mouth and eyes. After an unsuccessful attempt to open the safe the robbers removed the tape and forced Vassassilopoulos at the points of their guns to turn the combination. This done, he was again tied to the bed and the hair pulling began. Every time he breathed, the concessionaire told the police, the masked bandit over him would carefully tweak away a single hair. This made the prisoner jump and at that another hair departed. This continued until the cash and \$400 in Liberty Bonds from the safe. The trio then left and drove away in an automobile. It took Vassassilopoulos about half an hour to gain his freedom.

2,000 JOIN THE KU KLUX KLAN

CHICAGO, Aug. 17—More than 2,000 Chicagoans were inducted in the order of the Ku Klux Klan last night in an initiation ceremony conducted six miles south of Lake Zurich. Twelve thousand were said to have been in the automobile cavalcade that wended its way through the rain to the place where the ceremonies took place. There, in a driving downpour of rain, with hundreds of automobile spotlights focusing on a raised dais where sat Colonel William Joseph Simmons, of Atlanta, Ga., imperial wizard, the initiates filed forward, kissed a chance for expression on the United States flag and took oaths of the Ku Klux Klan oath.

Acadians Take Over Plot at Grand Pre

GRAND PRE, N. S., Aug. 18—Kneeling here, this afternoon about the statue of "Evangeline," the heroine of Longfellow's famous poem, on the ground once occupied by the church in which their ancestors worshipped, 300 members of the Acadian national congress blessed the spot and rising, sang with evident emotion their national hymn, "Ave Maris Stella." The occasion signalled the formal acceptance by the Acadian race of a gift of the ground from the Dominion Atlantic Railway. On behalf of the congress, Hon. Dr. D. V. Landry, of Bouctouche, president, formally took possession of the plot and undertook the engagement of building there a memorial church. After an eloquent address by Rev. A. D. Cormier, of Shediac, subscription toward the project was begun immediately on suggestion of Hon. P. J. Veniot of Bathurst.

George Graham, manager of the Dominion Atlantic Railway, addressed the delegates, explaining what improvements that company was about to make in the site of the proposed memorial church, and Dr. Landry then replied in English. He thanked the railway company for its munificent gift and all English speaking Nova Scotians for their sympathy with the aspirations of the Acadians. They might be very sure, he said, of reciprocal French-speaking people.

WATCHING FOR RYE.

DETROIT, Mich., August 16—Michigan state troopers today were watching for a carload of Canadian rye whiskey reported to have reached Windsor from Eastern Canada for shipment into the United States across the Detroit River. No trace of the reported shipment has been found on this side of the river. State officers redoubled their efforts to stop the flow of liquor early today when they made numerous raids in Detroit's suburbs, seizing beer and whiskey and placing several men under arrest. John Corrigan, sr., and John Corrigan, jr., proprietors of a near-beer saloon in Wyandotte, and their bartender, John O'Donnell, were among those arrested. A quantity of beer and whiskey is said to have been confiscated in the Corrigan place. The three men were held without bail today.

State officers today began a check of reports that a large part of the liquor reported as being brought across the river was finding its way to Toledo and other cities by the automobile over the Dixie highway. It was announced today that the law enforcers were to be stopped and searched along the highway. Windsor breweries yesterday reported the largest demand for their product in some time. A report was circulated in the border city that the law enforcers were contemplating enlargement of their output.

MISTOOK HIS WIFE FOR A BURGLAR

DETROIT, Mich., Aug. 18—Mistaking her for a burglar, Howard Swope killed his wife, Lesta, mother of two babies, with a shotgun today in their home, 38 Cora Street, River Rouge. He surrendered to the police, and after telling his story in the prosecutor's office, was released on his personal recognizance.

Swope said he and his wife, about two o'clock in the morning, heard a noise, and Swope got up to investigate, arming himself with a gun. Through the kitchen window he saw a shadow and a hand. He fired, then ran to his wife's room and shouted that he had shot a thief and was going to call neighbors. He then discovered that his wife was not in bed. A neighbor found the body in the yard, the charge of birdshot having entered the back at close range. The police were called, and Swope, in a state of collapse, was taken in charge.

NAPLES, Aug. 17—Increased activity has been shown for several days by the volcano Vesuvius. Enormous columns of smoke which arise from the crater have a very impressive appearance, especially when seen at night by the full light of the moon.
