*LEGION AUXILIARY DANCE Curling Rink, Montague, Tuesday, August 17th. Don Messer's Orch. extra.

Mr. S. C. Gordon, Wolfville, N. S., is visiting in Brundell, guest of his brother-in-law and sister, Mr. and Mrs. Wm. Dewar.

Miss Ola Hamilton, Charlottetown, spent the week-end in Montague, guest of Mr. and Mrs. R. K. Clements.

Miss Eleanor Drake, Millview, spent the week-end in Lower Montague, guest of Mr. and Mrs. R. K. Clements.

Miss Doris Campbell and Homer Campbell, Charlottetown, spent the week-end at the home of their parents, Mr. and Mrs. Leslie Campbell, Victoria Cross.

Miss Margaret MacLeod, Ontario, is spending a short time visiting her many friends in Montague. While here she is the guest of Mr. and Mrs. Beamin Rourke.

Rev. Joseph Chisholm, accompanied by Mrs. Chisholm and their two children, of Louisville, N. B., recently visited friends in Montague.

Rev. Robert Shaw, Mrs. Shaw and their two children of Milton, N. S., spent a few days in Montague, guests of Mrs. Vernon Shaw.

Mr. and Mrs. Archibald Jackman and their three children, who spent the past week visiting in Lower Montague, guests of Mr. and Mrs. Harvey Ross, left Monday on their return to their home in Moncton, N. B.

Mr. and Mrs. Craig Garvey, New York, are spending their vacation at Lane's Cabins, Montague. This is Mr. Garvey's first visit to Prince Edward Island and he is enjoying his stay here very much. Mrs. Garvey was formerly Miss Ella Wood of Cumberland Hill, where her parents still reside.

Mr. and Mrs. Charles Fraser, Boston, Mass., returned to their home after enjoying a visit in Montague, guests of Mr. Fraser's sister-in-law, Mrs. John E. Fraser, and Mrs. Fraser's brother-in-law, Mr. and Mrs. Duncan MacDonell.

A very pretty wedding was solemnized at the United Church, Boston, on August 4th, when Sadie Pearl MacKinnon, daughter of Mr. and Mrs. W. D. MacKinnon, Brooklyn, was united in marriage to Alwood O'Connor, Milltown. Rev. A. S. Adams officiated. The bride looked lovely in a white street-length dress with white accessories. She was attended by Miss Doris Nicholson who wore a rose street-length dress with matching accessories. The groom was supported by his brother, Mr. Emerson O'Connor. Following the wedding ceremony, the happy young couple motored to the home of the bride's parents where a reception was held for more than one hundred guests. Before her marriage Mrs. O'Connor was guest of honor at several miscellaneous showers at which she received many lovely and costly gifts. They will reside in Milltown.

The reports of the committees were heard and several sick calls had been made. New committees were appointed as follows: Rustico: Mrs. R. G. Fleming, Mrs. M. J. Doyle, Mrs. Leigh Warren; Cavendish school: Mrs. Sterling Stewart, Mrs. Penner Stewart, Mrs. George Gough; MacNeill: Mrs. George Gough.

A report of the expenses for the district convention was heard and it was decided that we send at least three dollars for the use of the hall. It was moved and

seconded that the balance remaining after all expenses of the convention had been paid, be sent to the Provincial Sanatorium. A petition concerning the re-furnishing of Green Gables was read and signed by members and visitors.

Mrs. J. Simpson and Mrs. H. Wyand were convokers for the evening, and each had interesting speakers for the evening. The first speaker was Dr. Zella Clark, retired missionary, who told about her trip to Palestine.

Two young ladies from South Africa were the next speakers and gave valuable information about their country, their climate, people, industry, etc.

Both D. Clark and the guests from South Africa were very interesting and much appreciated. Lunch was served by the committee in charge, assisted by the hostess.

The meeting closed with the National Anthem, Collection \$2.00. Convokers for August: Mrs. M. J. Doyle, Mrs. R. G. Fleming. Place of meeting to be announced.

D.D.T. and Rotenone Still Top Garden Insecticides. Advertisement for insecticides featuring text: 'Freedom gardeners may depend upon D. D. T. and rotenone, singly or combined in either spray or dust, as all around insecticides in both flower and vegetable gardens. No new pest killers have yet proved superior to this team for home garden use. D. D. T. is safe to use, easy to apply, and long lasting in its effects. It kills caterpillars, most beetles, the leaf hopper and flea beetle as well as aphids on peas and on cabbage and its cousins. It falls with most other aphids, and the Mexican bean beetle, and should be used with caution, if at all, on cucumbers, melons, and squash. On these use rotenone alone, or one of the older insecticides. To kill the cucumber beetle, calcium arsenate mixed with 10 times its weight of gypsum (never with lime) is effective. New insecticides have been developed, and found safe on greenhouse crops; but for the home garden they are still experimental. Chlordane, which resembles D. D. T. in action, and has greater killing power on household pests and aphids, may prove to be an improvement for garden use; but it is still in the testing stage. D. D. T. is different in action from the older contact insecticides and stomach poisons, insects had to be hit by the contact poisons, and it was not easy to hit leaf hoppers, for example, which swarmed up and flew away when you approached the plants they were destroying. Stomach poisons only affected insects which ate plant tissues, and left the juice drinkers unharmed. But D. D. T. gets both kinds, by contact; only instead of hitting the insect direct it lies waiting on the plant until the insects walk over it, then with deadly effect it strikes, through the feet of the insect. This "residue" may remain sufficiently on the plant for days, or months, depending on its strength in the first place, and its exposure to sunshine and rain, both of which shorten the toxic period. But in any case it remains effective far longer than the old poisons, requiring fewer applications. Of the herbs which have survived in cooking, parsley is the most popular. Dill is next. Tarragon, which is the favorite flavoring for vinegar, is a tender, perennial, but there is an annual form which gives much the same flavoring. Quick-grown, young vegetables are the best, and only the home garden, where they may be harvested as needed, can provide them. Every hour devoted to a Freedom garden will save at least its current labor-market value on the bill for food this summer. Lettuce seed germinates best in a soil temperature of 90 to 94 degrees. If necessary to sow when temperatures are higher, place the seed between moist cloths and store for several days on ice. Dry the surface of the seed before sowing. By J. R. Williams'
