Delicate Children

The children cannot possibly have good health unless the bowels are in proper condition. A sluggish liver gives a coated tongue, bad breath, constipated bowels. Correct all these by giving small doses of Ayer's Pills. Genuine liver pills, gently laxative, all vegetable, sugar-coated.

EVERYBODY should see the Big Web Perfecting Press printing so many Guardians at 11.30 a. m. on Monday or Wednesday of each week. A monstrous roll of paper, several miles in length, is pulled through the press at a high rate of speed in a manner similar to that of the largest papers throughout the world. This is the only press of its kind in the province and well worth seeing. tf

E. S. ELLIS & Co., 176 Atlantic Avenue, Boston, are well established wholesale fresh fish dealers of the Hub whose progressive business methods should ensure them a large measure of provincial patronage. They make a specialty of smelts and eels and solicit consignments from Island shippers to whom daily returns will be made. Correspondence is promptly answered and requests for stencils will be quickly complied with. Fishermen will find it to their advantage to write.

FOUR hundred dollars was raised in the Tabernacle Baptist church last evening for the purpose of putting new pews in the auditorium of the church. That Rev. P. J. Stackhouse, the pastor, deserves credit for his excellent work in that church can be shown by the fact that when he first went there in 1899 they had a building worth about $500 and a membership of 140, but now their building is worth about $6,000 and the membership is more than 400. When Mr Stackhouse first started the building of his new church he met with opposition as many thought that the Tabernacle church was too poor to afford it, but at the recent meeting of the city Babtist ministers it was decided that whatever other changes were made in the Baptist churches in this city that on account of the good standing, financially and otherwise, of the Tabernacle church, it should not be affected by the proposed changes.—St. John Telegraph.

A GLACE BAY despatch says: It is announced that in addition to the large new steamer of the Chr. Knudsen type which is to be built in England this winter by Gunner Knudsen, owner of the Chr. Knudsen and which, like the latter vessel, is to be chartered for a period of years to the Dominion Coal Co., there is also to be constructed to the order of Brusgaard, Kjostevd & Co., of Drammen, Norway, owners of the Harald, Hermod, and other steamers well known in this port, two fine new steamers of seven thousand tons capacity which will be specially adapted for the carrying of coal between Cape Breton and St. Lawrence river ports. Both of these steamers will be launched early next spring and will be ready to sail for this port on the opening of navigation, when they will engage at once in the Dominion Coal Co.'s St Lawrence trade, for which they will be specially constructed. It is learned also that the new steamer of the Chr. Knudsen type is to be somewhat larger than the latter vessel, her bows being raised five feet higher out of the water so that the heavy seas will not board her so readily, a defect noticed in the plan of the Knudsen, and the elimination of which will enable her to carry several hundred tons more of cargo without increased beam or draught.

THE following from the Colonial Herald on Oct. 12,1841 gives an idea of the forerunners of our present Provincial Exhibitions:—The Charlottetown fair and catttle show was held on Wednesday last. Although the weather was far from being propitious the town from an early hour was, as usual on such occasions, thronged with country people, many of whom came from a considerable distance, some no doubt with a view to transact business but by far the greater number with evidently no other intent than to make a holiday of it. Although there was a goodly show of horses, bulls, etc little business was done throughout the day and sales that were made were not encouraging to breeders. The number of buyers were in no proportion to that of sellers which rendered the business of the day unusually flat; indeed it was said that it did not exceed that frequently done on other days.

ONE of those very enjoyable gatherings for which Pownal is noted was held on Friday evening Nov 17th, at the Forester House, the home of Geo. and Mrs. Carver, when a number of the elite of Pownal and the vicinity assembled to tender farewell to Miss Mary Moore and Miss Katie Gay previous to their departure from the Island. Notwithstanding the disagreeable condition of the weather the number present amounted to over a score. A very interesting evening was spent and all agreed that music when accompanied by "foot drill" hath greater charms. As the clarion notes of the trumpeter of the morning were beginning to be heard the assemblage was brought to a close by the joining of hands and singing "Auld Lang Syne," "God be with you till we meet again" and the "King." Miss Moore left last week for Woodstock, Ont., where she intends to reside, and Miss Gay leaves shortly to take up a course of studies at Sackville Seminary.

LET YOUR STOMACH HAVE ITS OWN WAY.

Do Not Try to Drive and Force it to Work When it is Not Able or You Will Suffer all the More.

You cannot treat your stomach as some men treat a balky horse; force, drive or even starve it into doing work at which it rebels. The stomach is a patient and faithful servant and will stand much abuse and ill treatment before it "balks", but when it does you had better go slow with it and not attempt to make it work. Some people have the mistaken idea that they can make their stomachs work by starving themselves. They might cure the stomach that way, but it would take so long that they would have no use for a stomach when they got through. The sensible way out of the difficulty is to let the stomach rest if it wants to and employ a substitute to do its work.

Stuart's Dyspepsia Tablets will do the work of your stomach for you and digest your food just as your stomach used to when it was well. You can prove this by putting your food in a glass jar with one of the tablets and sufficient water and you will see the food digested in just the same time as the digestive fluids of the stomach would do it. That will satisfy your mind. Now, to satisfy both your mind and body take one of Stuarts Dyspepsia Tablets after eating—eat all and what you want—and you will feel in your mind that your food is being digested because you will feel no disturbance or weight in your stomach, in fact, you will forget all about having a stomach just as you did when you were a healthy boy or girl.

Stuart's Dyspepsia Tablets act in a natural way because they contain only the natural elements of the gastric juices and other digestive fluids of the stomach. It mades no difference what condition the stomach is in, they go right ahead of their own accord and do their work. They know their business and surrounding conditions do not influence them in the least. They thus relieve the weak stomach of all its burdens and give it its much needed rest and permit it to become strong and healthy.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box. They are so well known and their popularity is so great that a druggist would as soon think of being out of alcohol or quinine. In fact, physicians are prescribing them all over the land and if your own doctor is real honest with you, he will tell you frankly that there is nothing on earth so good for dyspepsia as Stuart's Dyspepsia Tablets.

ISLAND fishermen would do well to write E. Frank Close, commission merchant of 119 Atlantic Avenue, Boston, regarding consignments of smelts and other fresh fish. In these he is a large dealer, as well as in salt and smoked fish, live lobsters, produce, hides, etc. Mr. Close is located in an excellent stand well equipped for the quick handling of consignments sent to him from this province. Exporters will make no mistake in writing him before placing their goods.
