TORONTO, Dec. 7.—(By Wire)—Hon.

WAS TROUBLED WITH Weakness and Palpitation OF THE HEART.

Through one cause or another a large majority of people are troubled, more or less, with some form of heart trouble. Little attention is paid to the slight weakness of the heart, but when it starts to beat irregularly or intermittently palpitate and throb, skip beats, beat fast for a time, then so slow as to seem almost to stop, then it causes great anxiety and alarm.

Mrs. John I. Downey, New Glasgow, N.S., writes: "Just a few lines to let you know what your Milburn's Heart and Nerve Pills have done for me. I was troubled with weakness and palpitation of the heart, would have severe choking spells, and could scarcely lie down at all. I tried many remedies, but got none to answer my case like your Pills. I can recommend them highly to all having heart or nerve troubles."
