

# P.E.'s GREATEST CLOTHING STORE Our Claim to Sell Clothing Cheaper

Than any other store in this city is now becoming a well known fact.

Shoddy goods and two prices are not to be found in our store.

Compare our all wool suits with some of the so called cheap suits and overcoats advertised round town and we are quite satisfied you will give our goods the preference and remember our prices are the same to everybody.

Come try on one of our new overcoats and if you wish any little change made on it to meet your fancy, we are the Boy's that can do it and free of charge.

## ALL NEWS OF LOCAL INTEREST

The most gratifying news comes from St. John respecting the "Black Knights" services. The York Theatre was booked on Sunday afternoon—many were unable to gain admission. Look out for him next Sunday and two following nights.

Rev. E. Bosworth will speak in the interests of the 20th Century Missionary Fund on Sunday the 29th at Hazelbrook at 11 a. m. at Alexandra at 3 p. m. and at Prince Street Baptist church, Charlottetown at 7. All should avail themselves of the privilege of hearing him. Collections in aid of M. F. will be taken.

GRAND concert and banquet social will be held in Brookfield Hall on Thursday 13th of November. Proceeds in aid of repairs to hall. Doors open at 6.30, concert to begin at 7.30 sharp. Admission 10c. Ladies with baskets free. Brookfield has long been noted as the place of places for an entertainment of this kind and the committee are determined to make this the best ever held there. An excellent program, consisting of reading dialogues, recitations, songs and solos, is being prepared. So, come one! come all and bring your best girl, for if you don't you will regret it.

A YOUNG man named Leslie Ramsay belonging to Summerside was badly injured Saturday afternoon by falling from the roof of F. O. Patterson's new house on Whitney Avenue to the ground. He was employed in painting the building and was walking along the gutter at the edge of the roof and lost his balance while tearing off a bracket, falling to the ground and receiving injuries across his chest and about his face. It was at first thought that his injuries would prove serious, but this morning he is doing well and the doctor expects he will be around again in a week's time.—Sydney Record

WHEN seen to-day Mr. Scanderv, secretary of the Carnival Association, a man that the carnival had been a success in all its objects. Word had been received from different merchants around town that the carnival had done a great deal for their business and some of them employed 10 or 12 extra hands. The business men of the City came forward generally and assisted the committee as much as lay in their power. The management has profited by their experience of this carnival and there is talk of another being arranged for next year. The excellent sports and the admirable manner in which they were conducted were greatly appreciated, while the music of the 5th Garrison regiment found great favor among all lovers of music. At present prospects are bright for another carnival but as yet nothing definite has been decided upon.—St. John Gazette.

PRICE Webber, Manager of the Boston Comedy Co., closed his series of dramatic performances at Alberton on Monday evening before the largest audience that ever greeted him at that place during his visits of fifteen years. This we may judge as no meager demonstration of the public confidence which he is rapidly obtaining by giving the most up-to-date and high classed performances, which is the best solicitor for retaining large crowds as he does from evening to evening. On Friday evening the scene was laid in Yorkshire, England, entitled the "Golden Plough" which was admirably performed. A scene in New York entitled, "The Hidden Hand" was put on Saturday evening "Temple, Tiel and True" which is thought by a large number as the most fascinating of all was performed on Monday evening. Those plays which are new ones will hold the closest attention of any audience and at frequent intervals call forth bursts of laughter. The performers are certainly adapted in their parts. Their visit next season will be happily looked for.
