When the Kidneys Fail

Poisons Remain in the Blood, Which Cause Pains and Aches—Read Here of the Surest Way of Setting the Kidneys Right

Brockville, Ont., Sept. 20.—If you have headaches, backaches and rheumatic pains you have reason to suspect the kidneys. Pain is caused by poisons in the blood, and poisons only remain in the blood when the kidneys are defective and fail to do their work.

This Brockville lady has reported her case because she believes that a great many people are suffering as she did without knowing the cause or cure.

Mrs. Frank Noyes, 9 Stuart Street Brockville, Ont., writes: "For years I was afflicted with kidney complaint. I became very nervous was easily worried and had frequent headaches through the back. I had indigestion, poor circulation of the blood and often was bothered with weak spells. I commenced using Dr. Chase's Kidney-Liver Pills, and had only taken two boxes when I felt greatly relieved. I continued the treatment however, until I was completely cured. In all I took about ten boxes, and have not been troubled in this way since. I highly recommend Dr. Chase's Kidney-Liver Pills and I think also that the Plasters and Ointment can't be equalled."

Here is another letter to show how rheumatic pains disappear when the action of the kidneys is awakened by Dr. Chase's Kidney-Liver Pills: Mr. John May, Walkerton, Ont., writes: "I was troubled with rheumatism in my legs and I became so lame that I could scarcely get around. Dr. Chase's Kidney-Liver Pills were recommended to me, and so I commenced using them. After I had been taking them for awhile I was delighted to find that my rheumatism had left me, and today I am as spry as a bell, able to get around and attend to business. I have made use of Dr. Chase's medicines in many ways for the last forty years, and cannot speak too well of their good qualities."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. You cannot expect such results from substitutes. Insist on getting the genuine.
