—SUMMERSIDE AUXILIARY FIRE DEPT. — If practice makes perfect then Summerside's three A.R.P. Auxiliary Fire Companys should be ready for any emergency. Regularly on Friday nights each company turns out for practice. This has been going on all summer and by now a reasonably high degree of efficiency has been reached, as was proven about a month ago when a serious fire broke out on Holman's wharf threatening the whole town. At that time the A.R.P. Companys proved their usefullness by turning out and protecting nearby buildings. Not satisfied with the equipment furnished by the government they have provided themselves with ladders on which they have constructed reels; this arrangement adds considerably to the speed and efficiency of their response to a fire. Special credit should go to the captains of each company who by their efforts keep up interest in the work and direct the practices. They are: Wilfred Kelly, Elmer Fyfer and Ralph Stillphent. Before his departure the Rev. Wm. Erwood was one of the captains. The Controller is Mr. C. B. Morris and the deputy is Leigh Linkletter. —S

Board Rules Re Ration Cards

OTTAWA, Oct. 5 — (C P) — The Wartime Prices and Trade Board tonight announced that the first two coupons in ration books for tea, coffee and sugar may still be used by any holder who has not already used them.

Coupons one and two were officially valid in the four-week period Sept. 7-Oct. 3.

The Board said coupons three and four may be turned in at any time, starting today, but they are intended to cover the four weeks ending Nov. 2.

Each coupon is good for the purchase of two weeks supply.

The Board has announced that regulations relating to institutions require staff members who regularly eat two meals a day there to surrender two of every three coupons to the institution, and one of three if they regularly eat one meal per day there.

Servicemen living out of barracks and on subsistence allowances will be provided with temporary ration cards, good for 10 weeks. These cards are to be obtained from the most convenient ration office of the board, and not from the military units.

Merchants and trading post managers supplying persons in unorganized areas in which ration books are not issued are no longer required to keep individual records of persons and amounts so supplied.

"BALL OF FIRE"

GAY COMEDY AT CAPITOL

Sparkling with the gayest fun the screen has known in years, Samuel Goldwyn's production of "Ball of Fire" opened at the Capitol Theatre yesterday to score a distinct triumph as entertainment.

Gary Cooper and Barbara Stanwyck, who have the stellar roles, turn in flawless performances in this mirth-packed tale of a staid professor's romance with a night club singer and they are given splendid support by a brilliant group of players who invest their characterizations with conviction and humanness.

Most of the action occurs in an old New York house, where eight professors are preparing a new encyclopedia. Their leader, Cooper, meets Stanwyck while going research for an article on the subject of slang, and the girl comes to stay with the octet to avoid the police who seek her for questioning about a killing in which her gangster boy-friend is implicated.

When the gangster subsequently claims her she has to choose between him and marrying Cooper, who is wildly in love with her by this time. Matters come to a hectic climax, a whirlwind of laughs being mixed in with the suspense of the ending.

Food Problem In Bermuda

OTTAWA, Oct. 5 —(CP)— Dr. L. B. Pett, Director of Nutrition Services for the Pensions and National Health Department, said today on his return from Bermuda that the colony faces a "rather serious" wartime food problem but plans have been drafted to overcome it.

Dr. Pett went to Bermuda at the request of Bermuda authorities to give advice on nutrition problems

The administration plans to meet the Bermuda food problem, he said by limitation of available shipping space to foods of high nutritional value, institution of rationing on a strictly nutritional basis, and an agricultural policy which is to have high regard for adequate acreage of certain crops which are important nutritionally

Bermuda is planning a co-ordinating committee to integrate the import and rationing boards, with the department of agriculture, "in order to co-operate on a planned agricultural production along sound lines," and with the departments of education and health for the purpose of informing the public on the best use of foods.

"Such a co-ordination, plus a reasonable amount of shipping," Dr. Pett said today, "could result in better health for everyone in Bermuda than has ever been known even in peace.

"It would even be a good idea right here in Canada."

R.C. Chaplain Writes From Overseas Post

The following is a portion of a letter received by the Summerside sub-division of the Catholic Women's League from Capt. R. F. MacDonald, chaplain with the Canadian forces overseas. Before joining the army Father MacDonald was parish priest at Indian River and Father Kelly, who is mentioned in the letter was curate at Summerside.

C. W. L.
Summerside, P. E. I.
Dear Friends:

Recently I received your very much appreciated four thousand cigarettes. Shortly after receiving them I treated all the Prince Edward Islanders I could find to a good smoke and gave them some to take with them. Those cigarettes seemed to have arrived at this unit at a very opportune time, as cigarettes appeared to be quite scarce around here for a few weeks. The situation is better now as quite a large mail arrived from Canada a few days ago and is arriving at the unit here day by day.

I am quite busy here and find it difficult to get time to write all the letters I would like to write.

My last leave was spent in Southern and Northern Ireland. Ireland is a beautiful country, the prettiest I have seen. The churches are filled and the people are all praying for peace.

Well I have begun my third year in England. When I came over here, two years seemed a long time to look ahead, but they have passed by and nothing very startling has occurred over here yet. Those have been the shortest years of my life. You have no idea how quickly the time seems to pass here.

Father Kelly is stationed about two miles from me. We assist each other on Sunday. It is remarkable that we are closer than when on P. E. I.

We are all quite happy and contented over here. Many are wishing for action. We don't know when it will come but we all believe now that it will be fast and furious and that when the great drive begins we are confident that it will be only a short time till victory will be accomplished.

My very best regards to all members of the C. W. L., also my most sincere thanks on behalf of the troops.

R. F. MacDONALD,
R. C. Chaplain.

Nazi Radio Claims Victory For Japanese

LONDON, Oct. 5—(AP) — The German radio broadcast claims of a great Japanese naval victory over the United States forces in the Solomon Islands but all other sources—including the Tokyo radio—failed today to substantiate the Nazi report.

The Berlin account quoted Rear-Admiral Hideo Hiraide as saying the United States lost several aircraft carriers, 12 transports and 12 other naval craft in a Solomons battle pictured as still in progress.

Tokyo, however, broadcast a different story.

Admiral Hiraide, the Tokyo naval spokesman, was heard by British listeners to have made a statement in which there was no indication of a new Solomons battle. Instead, the Admiral was heard asking vaguely what had become of several American carriers, 12 transports and 12 other vessels.

Hiraide referred to the U. S. marines in the Solomons as "decoys" and added that the Japanese did not intend to wipe them out quickly because they wanted the United States to send more so Japan could score a bigger victory.

Evidence Is Completed At Murder Trial

ST. ANDREWS, N.B., Oct. 5— (CP) — Testimony at the trial of Tom Roland Hutchings, young Royal Air Force Sergeant charged with murdering Bernice Connors at Black's Harbor last June, ended in the Charlotte Circuit Court today when the final crown witness was heard and Hutchings' Counsel announced no witnesses would be called for the defence.

Prosecutor P.J. Hughes will address the jury when court resumes tomorrow, followed by defence Counsel B.R. Gross. Mr. Justice C.D. Richards then will deliver his charge before the jury retires to consider a verdict.

Articles of clothing and jewelry were identified today by Etta Connors as having been worn by her sister, Bernice, before the latter's disappearance the night of June 5. The last time the witness had seen her alive was when Bernice stood on the steps of the Black's Harbor Community Hall during a dance at the hall that night.

Bits of a necklace "like that worn by Bernice at the dance" were picked up later by Etta Connors near the spot where her sister's cut and bruised body was found in a field.

In an interview at the Pennfield R.A.F. station June 8, testified R.C.M.P. Corporal Frank Tudor, Hutchings said he had left the hall for only "a couple of minutes" during the dance. "He said that he'd been in the company of (Sgt.) Ed Hutchings all evening," added Tudor. (This has been denied in court by Sgt. Edward Hutchings.)

Spade up beds early. Bad weather may set in, which will make digging difficult.

Sad Drowning Fatality At Montrose

A sad drowning occurred at Montrose about 5 o'clock Saturday evening when Lloyd Morrison, six-year-old son of Mr. and Mrs. Daniel Morrison of that place fell in Marchbank's mill pond and lost his life. The last that was seen of the little fellow was when his mother noticed him playing near the waste gate of the dam about 5 o'clock. Later she missed him and thought he was at the neighbors as he often visited there. When he didn't return she became alarmed and as the boy's father was in Nova Scotia working in Pictou, she had to go looking for help.

Unfortunately most of the neighboring men were away and it was some time before she could procure assistance. Three men of the district, Mr. Robert Hardie, Mr. Gordon Barbour and Mr. Ross Squarebriggs, rushed to the scene immediately on hearing that the boys was missing. They fashioned a drag and in about five minutes located the boy's body in the pond.

Dr. Bandler of Alberton was summoned but the child had been in the water about four hours and nothing could be done. Mr. Ted Hunter, the coroner decided an inquest was unnecessary. Mr. Daniel Morrison, the boy's father, arrived home last evening.

There are five other children Thurza 12, James 10, Howard 9, Bertha 4 and Hugh 3. The funeral will be held today at 2 p.m. with a service at the home. Burial in Montrose Cemetery.—S.
