TROUBLE IN WEST INDIES.

COPENHAGEN, Dec. 7.—The agitation for the sale of the Danish West Indies to the United States, has been renewed by the islanders, and the Government has received an address in which the petitioners ask that negotiations looking to that end be opened.

The cabinet, however, is not likely to take the incentive in the matter, because although the ministers are not particularly opposed to such a move, there are opponents in the Rigsdag who probably would be able to defeat the proposal, and the Government is taking no chance of a rebuff.

THE L. S. P. CALKING MACHINE.

This machine cost upwards of one hundred dollars, and was imported by J. A. Henderson, horseshoer, 180 Queen St., city, through the Rogers Hardware Co., Ltd.

This machine was gotten up by three men who have worked at horseshoeing for years, and who have spent over five years in perfecting the L. S. P. Calking Machine. They were not satisfied to build what they considered a perfect calking machine, but went to the best shoeing shops in the big cities and also to the country shoer to get all the ideas possible in order to build a machine that will make the calks on a shoe to suit each individual. They have built a machine that is light, simple and perfect, and will last a lifetime.

All working parts are made of a special grade of steel. The machine weighs 131 pounds, stands 3 feet, 2 inches high and takes up but 7 1/2 x 16 inches floor space. What the machine will do. With one pull of the lever it will make complete either a blunt or a sharp heel calk of any desired length on any size of shoe, making no cold shuts and the calk perfect. It will turn and sharpen side calks, or make the kink for the famous block calk. With one pull of the lever will weld on a blunt or sharp toe calk and form toe clip. It has shears to cut off the ends of shoes for shoeing flat or with pads. There is no weld like the pressure weld—goes away with losing of toe calks. In welding toe calk you can either form a toe clip or not. It forms a clip that is very easily fitted. It works equally as well on old shoes, and anybody can operate the machine. The amount of work that can be done depends largely upon how good a fire you have and how fast you can heat them. As the work of the machine is very rapid, four shoes being calked and clipped complete, aside from heating in 1 minute and 21 seconds.

Mr. Henderson is receiving congratulations from all sides for his enterprise in installing such up-to-date machinery and splendid accommodations at his new place of business, 180 Queen Street.

TERRIFIC ENGAGEMENT REPORTED FROM QUADIA.

PARIS, Dec. 7.—The Minister of the Colonies has received a despatch from Dakar, Senegal, French West Africa, that the French column under Lieutenant Colonel Moll had a desperate engagement in the Ouadia region on Nov. 9th, with the combined forces of the Sultans of Ouadia, Massalitino and Doudmouch.

The French troops repulsed the tribesmen with heavy losses. The despatch does not give the French losses but indicates that they were severe.

THAT BALD SPOT

Don't let that bald spot grow! Go to your druggist at once and get a bottle of Parisian Sage and if that don't check the falling hair, and cause new hair to grow, nothing will. Dandruff is the cause of baldness, dandruff germs cause dandruff. Parisian Sage kills the germs; eradicates dandruff, stops falling hair and itching scalp. We will refund your money if it fails to do this in two weeks. Parisian Sage will cause the hair to grow, if the hair root is not dead. It causes the hair to grow thicker, more luxuriant, and puts new life into it. The girl with the Auburn hair is on every package of Parisian Sage. It is sold for 50c. by all druggists or sent postpaid by The Giroux Mfg. Co., Fort Erie, Ont., on receipt of price. Sold and guaranteed by Geo. E. Hughes, city.

Heat Your Home Comfortably and Well

You shouldn't let your wife and family suffer from the cold this winter when for a small cost we can install a heating system that will give you the comfort of a day in June, that will require little attention, that is economical on fuel and that will last for years.

No modern home can afford to be without proper heating—many diseases spring from a cold damp room, the very health and life of those most dear is in danger—are they worth less than the price of a heating system?

We know you need a heating system in your home but think it awfully expensive—it isn't. It is a sound investment as good as gilt-edge securities that will bring health, comfort, and happiness to your home and not cost much either.
