LARGE SHIPMENT PET DOGS ARRIVES IN CANADA

HALIFAX, N. S.—August 1.—One of the largest shipments of pet dogs from overseas for some years left here recently in care of the express department of the Canadian National Railways. There were sixteen dogs of various breeds in the consignment which arrived in the Danish motor vessel "Ashborn" operated by the Canadian Government Merchant Marine. During the voyage the dogs were under the care of the ship's butcher who was responsible for their watering and feeding. Members of the crew took turns in exercising the animals.

Two Welsh terriers were consigned to Stamfort, Conn., and a cross-breed to Brooklyn. A retriever is going to Hamilton, Ont., a dachshund to Kitchener, Ont., a spaniel to Sault Ste. Marie, Ont., an alsatian and two spaniels to Toronto. A Welsh corgi, a rare breed, was consigned to Vancouver, while a retriever will find a new home in Winnipeg, a fox terrier to Sexsmith, Alta., and an army setter on Chapleau, Ont. A retriever and a spaniel were bound for addresses in Westmount, Que.

PROFITABLE SALE — A piano 150 years old, brought $80 at a public auction sale Tuesday when the Terlizzik property was sold. A sideboard sold for $180, and an antique chest of drawers brought $80. Two dwellings, No. 67 and 69 Bayfield Street, the property of the late A.N. Large, Sr. estate were sold to Mr. George Cudmore. One brought $1,375 and the other $1,300.

POLICE COURT — One motorist, charged with driving in an imprudent manner, was fined $30. and costs or 30 days in jail; another, convicted on the same charge was fined $20. and costs or 20 days. A female drunk, in jail since July 14, was released after a reprimand and the accused in an assault case was convicted and given a 20-day suspended sentence.

ROOMS AVAILABLE—With the co-operation of many Charlottetown citizens City Clerk J. A. Fullerton has been able to compile a large list of rooms available for the accommodation of visitors to the City during Old Home Week. The list includes places where board as well as rooms may be obtained.

HONORARY PRESIDENT — Senator Cairine Wilson a member of the National Committee for the Princess Alice Foundation Fund has asked Mrs. J. A. Bernard wife of the Lieut.-Governor to act as Honorary President of the Fund for the Province. Mrs. K. S. Rogers is honorary secretary and Mrs. J. D. McGuigan honorary treasurer. The secretary is Miss Jean McDonald social secretary of the Lieut.-Governor and the treasurer is Miss Mary McQuaid, accountant at the City Clerk's office.

GOOD ROGRESS — Good progress is being made in the erection of the new vocational training school at the corner of Grafton and Cumberland Streets. Officials of the provincial Department of Public Works are satisfied with the speed of construction and stated yesterday that the building program is abreast of schedule. At present, the steel framework is being put up and while the builders, M. F. Schurman and Company, Ltd., have no surplus of any kind of material on hand, steel, bricks, and cement are being received in sufficient quantities to allow construction to go forward without interruption. Labour remains scarce but indications are this situation may improve soon. The building when completed will be a three storey brick structure with two class-rooms on each floor. Courses will include electrical, wood-working, farm mechanics, draughting, and agriculture.

Personals

Mrs. John W. Arsenault of St. Louis, P.E.I., and her daughter Mrs. Arthur Martin of Westbrook, Me., are visiting in this city.

Mrs. Stanley Stavert, Charlottetown, and Mrs. James Nosworthy, Portsmouth, New Hampshire, are visiting their mother, Mrs. William C. Jenkins, Annandale.

NO JAP BALLOON

Charles Paubst, a farmer of Giscome, which is 24 miles east of Prince George, B.C., on the Canadian National Railways, thought he saw something bright and shiny floating in the sky over Giscome. It may, he thought, be a Japanese balloon loaded with explosives. Knowing what damage could be caused by an enemy balloon setting fire to the forest so near the big lumber camp at Giscome, Paubst got out his rifle and brought the thing to earth. It turned out to be a meteorological balloon sent up by weather experts.

The balloon and its equipment were dispatched by the finder to Prince Rupert. Apparently Mr. Paubst was a little disappointed that the balloon wasn't Japanese, because in the accompanying letter he said: "Am returning herewith your FAKE."

Singing of the National Anthem brought to a close a successful and inspiring convention.

AIR TRAVEL HEAVY SINCE V-E DAY

MONCTON, N. B.—August 1. — "Transcontinental air travel via Trans-Canada Air Lines has been consistently heavy since V-E Day and there has been a particularly heavy traffic between Halifax and Montreal," stated Walter W. Fowler, Assistant Operations Manager, on his return to Winnipeg following an inspection trip to the Maritimes. Continuing, he said, "Every effort is being made to take care of this increased air travel and preparations are under way for expansion of TCA services by way of new equipment and additional crews. Due to the war it has been difficult to obtain any new equipment and it is anticipated that with the end of the war in Europe new equipment will become available.

"During the war years there was a large increase in airmail and air express, as well as passenger travel, and we expect that this will continue to increase during the post-war years," Mr. Fowler concluded.

Mr. Fowler was formerly located at Moncton as Operations Superintendent of the Atlantic Division of the TCA, and is a native of Sackville, N. B.

LOVE HAS OBSTACLES FOR SEPTUAGENARIANS

LONDON—(CP) — When a 75-year-old husband accuses his 74-year-old wife of being nothing but a "good-time girl" there isn't much the judge in the divorce court can do but advise them to "go home and live in peace."

But William and Marie Collins won't do that. In his divorce plea William accused his wife, whom he married four years ago after a two months' romance, of wanting to spend too much money on "cigarets and having a good time."

Marie says he accused her of flirting and leading a gay life. "We still live together," she said, "but since he stopped my money I do no cooking for him."

"We have our own beds and to get his own back on me he often comes into my room and pulls the bedclothes off me."

After the hearings which was adjourned for a month, William asked Marie: "Come and have a drink, old dear," to which Marie replied:

"I'm damned if I will."

YORK, England — (CP) — Only member of ground personnel killed by enemy action in the Canadian bomber group was LACW. Frances Clinker, 22-year-old member of the W.A.A.F. She was killed by a cannon shell from an intruder which strafed Topcliffe airfield early one morning.

Prices Board Statement Re Lard Shortage

With reference to the reported shortage of lard and shortening referred to yesterday the following statement has been furnished by the Information Branch of the Prices Board:

"The overall shortage of lard and shortening in Britain and the U.S.A., as well as in Canada, has compelled the Board to quota the use of shortening, and there is no prospect of any improvement in the supply situation for the balance of this year.

"The production of lard has decreased very materially as compared with 1944 and at present the production is less than half of what it was at this time last year. Chief reason for this is the approximate 50 percent reduction in the hog slaughterings across Canada. The heavy meat canning program to meet essential demands overseas also uses up heavy quantities of edible fats, thus aggravating the situation.

"As far as possible the Board is attempting to make sure that the limited supplies available are distributed equitably to the different parts of the Dominion but it is impossible to provide some of the users of these commodities with the amounts that they feel they are entitled to, or even to meet what they feel at present to be their immediate needs. The situation is so tight that officials feel that it is a matter of having to get along on less of these items even though it may mean a depreciation in the quality of their products.

"Retail distributors are receiving 90 percent of their 1941 usage and bakers 80 percent but the demands for lard by bakers and other users have increased tremendously, far in excess of what they were in 1941, and it is not possible through equitable distribution to provide them with their full requirements.

"This situation is not peculiar to this Province but is being experienced in other provinces and cities as well as in other countries served by the Combined Food Board, which allocates the supply of such commodities to the countries it serves."

Mess Room Chatter

WITH THE R.C.A.F. OVERSEAS—Aug. 2. — (CP) —Japanese supply problems were increased when Burma-based Liberator bombers manned by Canadian, British and New Zealand fliers smashed railway and other bridges at a place called Kanchanaburi, Burma.

Flt. Lt. W. Watson of Whitehorse, Yukon, veteran of the Singapore campaign, was leader for the main force of bombers. Flt. Lt. R. M. Borthwick of (2170-51st Ave. West) Vancouver B.C., took his crew on their last trip after more than 400 operational hours. He said: "It was a good "do." We dropped our bombs well on the first bridge." Another Canadian on the raid was F/O. J. Dale, bomb aimer of 48 Horwood Road) Toronto.

City of Edmonton squadron men have received many gifts during their years of service overseas, but none, they said, touched them more than the "Callow Cigarets."

Walter Callow veteran flier of the First Great War, bedridden for the last 14 years as a sequel to a crash, has been blind for the last five years. His indomitable spirit has found an outlet in the "Callow Cigaret Fund," which has sent countless "fags" to the troops and airmen.

When 2,000 cigarets arrived from Callow's home and "depot," Camp Hill Hospital, Halifax, N.S., the Edmontonites said "We won't forget in a hurry."

Honor of completing both the first and the last operational trips to be made by the R.C.A.F. Buffalo squadron of Coastal Command was earned by Sqdn. Ldr. R. A. Schoales D.F.C., of Suite 3, Donald Block) Fort William, Ont.

Away back in Aug. 1941 Schoales took off from a base in northern Scotland to complete the "Buffaloes" first operational flight over the North Sea.

On the last trip, Schoales acted as leader of an escort for two Norwegian Spitfire squadrons flying back to their liberated homeland. His navigator on this flight was Flt. Lt. R. A. Jackson of Grimsby Beach, Ont.

Half-a dozen airmen who keep their news-noses to the grindstone at No127 R.C.A.F. Spitfire wing, somewhere in Germany," put out "Wingtips" the only tri-weekly newspaper boasted by any R.C.A.F. overseas unit.

VANCOUVER WOMAN STAYS IN LONDON

LONDON, Aug. 1 — (CP) — Mrs. Morach (Moo) Fernie, who came overseas from Vancouver early in the war to operate the servicemen's canteen at British Columbia House, has taken a secretarial post at a West End London club.

Known to thousands of Vancouverites through her pre-war connection with Jericho Country Club, Mrs. Fernie was guest of honor at a reception given for her by W.A. McAdam, British Columbia's agent-general, and Mrs. McAdam. Veterans Affairs Minister Ian Mackenzie, overseas on government business, was among the scores of British Columbians who attended.

During June, her last full month in charge, the canteen at B.C. House served 45,353 meals including 998 free meals to servicemen on leave from hospitals and 508 to former prisoners of war.

Miss Kay Clark of Vernon, B.C., a member of the Canadian Red Cross Corps, has taken over direction of canteen operations.

LONDON — (CP) — A memorandum prepared jointly by the Royal College of Surgeons, the British Medical Association and the Royal Medico-Psychological Association recommends the appointment of psychiatrists to the staffs of general hospitals with the same status as other physicians and surgeons.

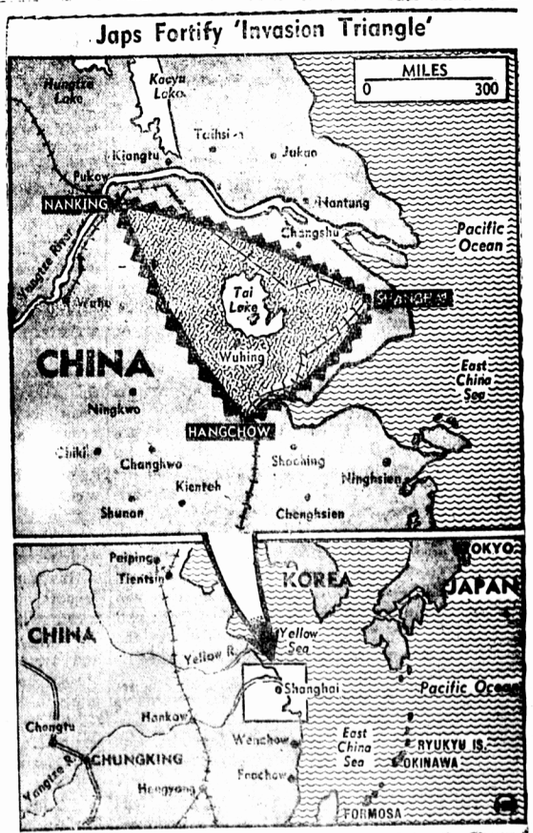
Japs Fortify 'Invasion Triangle'



In anticipation of an Allied invasion of China involving the Shanghai-Nanking-Hangchow area, the Japs are reported to have turned this triangle (dark shading on map above) into a heavily-fortified "redoubt" with an elaborate network of underground forts designed to make assault as costly as possible. Nanking, former capital of China, is said to have six networks of military subways.
