ISLAND FURRIERS

QUEEN ST.

HIGH BANK & VICINITY

The Northumberland Strait is still full of ice off here and good heavy winds from the West or Southwest is needed to clean it out.

Mr. Sydney Stewart, High Bank, has arrived home from Nova Scotia where he was employed for some time.

The Y.P.U. of the Little Sands United Church held its regular meeting at Miss Mary MacLean's home on Thursday evening. There was a fair attendance and a good meeting with their period of recreation.

Mr. Milton Livingstone and Mr. Clarence Livingstone who were employed in the lumber business in Nova Scotia, have returned home.

Many friends have learned with regret that Mrs. Isabel MacLean of Little Sands had the misfortune to have her hip broken recently.

Mr. Angus MacPherson, Little Sands, spent the week-end in Charlottetown.

Mr. Lemuel MacLean, Little Sands, is confined to his home this week with a bad cold.

Miss Catherine MacDonald, Glen William, was a recent visitor here the guest of her cousin, Miss Sarah Stewart.

Mr. Reginald Buell, Iris, was here this week calling on his many customers.

Miss Margaret MacLean has returned home after a pleasant visit

to Murray Harbor, the guest of Mr. and Mrs. Fred W. LeLachur.

Fishermen here are just beginning to prepare for the lobster season.

IS WATER BABY OF WEST COAST

PORTLAND, Ore., April 12.—(CP)—She's just a middle school student here, only 15 years old, but Brenda Helder is national indoor 220-yard free-style swimming champion. Less than four years ago she was just paddling around public pools. Then she began to take swimming seriously. Two years later she won her first national championship. She can go with the best of 'em at every distance from 100 metres to 800 metres.

The WEEK at S. D. U.

A well-attended meeting of the Knights of Columbus was held in the new Science Hall on Tuesday evening. A very interesting address on "The History of St. Dunstan's" was delivered by the Vice-Rector, Rev. R. V. MacKenzie.

Last Saturday night Mr. Somerset Trainor returned from Chatham N.B., where he attended an organization meeting of the Canadian Federation of Catholic College Students. The Canadian Federation of Catholic College Students is a branch of Pax Romana, an international organization of Catholic College Students, whose aim is the promotion of Catholic Action among students. The various delegates drew up a regional constitution for the Maritime branch of the unit, and also studied a suggested constitution for the Dominion unit. A definite plan of action will be formulated at the next Regional Convention which will probably be held next October.

Rev. A.O. Murphy returned on Monday night from Halifax where he attended a meeting of the Maritime Intercollegiate Athletic Union.

At a recent meeting of the Senior Class, James McGaughey was appointed to deliver the Valedictory on Commencement Day. Joseph Maher and Jean Marois were appointed to the class committee. The other officers are Leonard Connolly, President, James McCarthy, Secretary, and Howard Wight, Vice-President.

The dates of the B.A. examinations have been posted on the bulletin boards. The first examination is English, on May 8th, followed by the Philosophy examinations on May 16th and 17th.

On Tuesday evening the Athletic Association held a very enjoyable social evening in the Holy Name Hall. Music for the evening was furnished by Al Blanchard's Orchestra.

W. C. T. U. NOTES

POWER

Prayer

Our Father in Heaven still sits on His throne, Waiting to bless with power, His own, Waiting to bless in His Wonderful way, Waiting for someone to take time to pray. Ours is the need, God's is the power, Won't you take time to pray for an hour?

Vision

Our Father in Heaven still reigns on His throne, Waiting to help with power, His own, Send us the vision to stir us anew, Help us to see what Thy power will do, If we see the need, God has the power, Will you not pray for this vision, for an hour?

Consecration

Our Saviour in Heaven still prays on His throne, Years in His heart for the thoughts of His own, Longs for His right, a heart He may bless, Longs to give power in place of distress, Ours is the need, God's is the power, Won't you keep trust with Him for an hour?

Service

Our Father in Heaven still lives on His throne, Mighty in power for the work of His own, He is waiting to give of His power to you, Waiting for you to find something to do, Yours is the task, God's is the power, Won't you give time to serve from this hour?

Obedience

Our Father in Heaven still dwells on His throne, Waiting to bless with power, His own, Waiting till some heart will fully obey, Obedience brings power and opens the way, Ours is the need, God's is the power, Let's pledge our obedience to Him in this hour, —Mrs. Constance L. Steven, Park Church, Brantford

The life of a drinking man is apt to be divided into two chapters of a very tragic serial, in the first of which he could have left off if he would, and in the second he would have left off if he could. —Frances E. Willard

The beautiful brain that can think out an epic, compose a symphony, transfigure a canvas, invent an engine, a telephone, an airplane—we are in the fight for its freedom and integrity, the holiest fight this side Jehovah's throne. —Frances E. Willard

Alan Morton (Rangers, Internationalist)—"Play fair, play hard; play to win. To do this, avoid all alcoholic liquors, as they are your worst enemy."

RUM AND CIGARETTES COST \$250,000,000
Expenditure in Canada is Greater Than Life Insurance Carried
Canadians spend \$200,000,000 on alcoholic beverages and \$50,000,000 on cigarettes, which represents more than the annual premiums on the entire amount of life insurance in force in Canada.
This point was advanced by A. Gordon Ramsay, Assistant Manager of the Canada Life Assurance Company at a business meeting in the Royal York Hotel recently, when he stressed the fact that there was plenty of money in the Dominion for life insurance.

The Styles of To-day At Pre-War Prices

Buy It!

PERFECTED KNEE-ACTION
(On Special De Luxe Models)
Assembled as an integral unit complete in itself, to assure perfect balance and, therefore, perfect springing, steering and braking in each individual car. Easiest ride on any road!

STABILIZED FRONT END
Radiator, hood, headlights and fenders are firmly and securely bound together in a rigid framework of structural steel to give true front-end stability. The Stabilized Front End means freedom from squeaks and rattles — saves you money on repair bills.

AUTOMATIC RIDE STABILIZER
Attached to the front end of the chassis frame, and linked to the lower Knee-Action member, it imparts genuine steadiness on curves and sharp turns!

IMPROVED WEIGHT DISTRIBUTION
181 inches
Scientific distribution of weight over springs in this longest of all lowest-priced cars — completes the story of today's finest ride, "Chevrolet's Ride Royal!" Come in and try it today.

SCIENTIFICALLY BALANCED SPRINGS
With double-acting shock absorbers, and with spring action varying automatically according to load and deflection, "balanced springing" assures uniform riding smoothness.

RIGID ALL-STEEL BODY AND BOX-GIRDER FRAME
The strongest and most rigid body and frame construction known to modern automotive engineering — makes for solid, long-lasting comfort and safety.

MEDICAL TEMPERANCE AND HEALTH
(Mrs. E. E. Brown)
"One of the most striking characteristics of the modern treatment of disease is the return to what used to be called the natural method—diet, exercise, bathing and massage."—Sir William Osler, M.C.
Paul tells us in I Corinthians 3:16-17: "Know ye not that ye are the temple of God, and that the spirit of God dwelleth in you. If any man defile the temple of God, him shall God destroy: for the temple of God is holy, which temple ye are." —Frances E. Willard distinctly visualized the relationship between health and temperance when she said: "To glorify God in our bodies, to keep this word and teach men so, is the taproot of temperance reform."

Taking these words then as a foundation, we should be temperate in all things. Temperance perhaps covers a wider field than we have been giving it. Have we emphasized it too much perhaps from just one angle (that of total abstinence from alcohol) yet in our daily living from a health standpoint, have we formed habits that are just as detrimental to the body as alcohol? The following is taken from the report: "The Why of the W.C.T.U. Health Department"
