### TRINITY UNITED CHURCH

At the morning service of Trinity United Church, Rev. Hugh Miller preached a most inspiring sermon the theme of "What Christ Saves Us For and What From." The minister said that like all, we consider "All Out" in our Christian endeavor, and not be the "almost-Christians" whom John Wesley considered his biggest problem. He said that we are afraid to give ourselves wholly to Christ, because of the things that will be taken out and abused. Rev. Mr. Miller brought his sermon to a close with a stirring plea to us to sound the "All Out" and become real Christians and followers of Christ. The service was presided over by the Rev. Mr. A. R. Kendall and Miss Berna Huestis rendered the solo "The Voice of One Crying in the Wilderness." The evening sermon was one of Mr. Miller's series on "God and the War." The sermon was on "War and Prophecy." In these days many people are perplexed by the Biblical prophecies and believe that the coming of the present state of affairs is all revealed in the Bible. This is not so. The prophecies of the Old Testament spoke to the people of their time only, any references to the future were based on the truth that what men sow, they also reap. The idea that some people have that the Bible foretold the revelation is also erroneous. The reference is probably to Nero, the Roman Emperor. God does not work in such a roundabout way when He speaks to the world. It is through the ever-present Christ. The evening anthem was "Jesus, Saviour, Pilot Me."—Schnecker.

### THE BAPTIST CHURCH

Taking as his text for the morning sermon the words of Saint John 1:14, "and the word was made flesh and dwelt among us, and we beheld his glory, the glory as of the only begotten of the Father, full of grace and truth," the Rev. I. Judson Levy, B.A., took as his theme the phrase "The Word Was Made Flesh." The Word was made flesh, commemorating one thinks, the most outstanding occurrence in world history, the event which brought answer to every need of mankind. The world knows the story. Saint John tells us what it means, bringing near to us the deep heart of the Christmas meaning. The word, the thought, mind, will, purpose eternal of God, at one moment in history all this becoming articulate in Jesus. Jesus is God loving, teaching, speaking in time as God. This makes his thought clear to man.

Does it mean anything to us? We only understand it truly as God and Jesus becomes flesh in ourselves.

The anthem of the morning was Roberts' "Rejoice in the Lord." The evening sermon, one of outstanding eloquence and appeal was "Stand Still a While." By Rev. Mr. E. W. Fraser, of the evening anthem. The Church School met with attendance of classes of all ages, as well as of the young people of the neighborhood meeting in the upper hall.

## Interpreting the War News

(By Kirke L. Simpson, Associated Press Staff Writer)

Historians giving irrefragable evidence that the defeat of France and Italy's disastrous invasion of Greece, have a rich field to work in.

A special French tribunal set up to fix responsibility for the fall of the third republic, has pronounced its verdict as to what and who led France to her unhappy fate. In the light of subsequent events in Greece and Albania, the pattern of which is still evolving, it now seems that Mussolini himself has given a key to what underlay the first big war disaster for the Nazi-Fascist Axis mates.

The consequences of that Italian repulse by the Greeks, outnumbered and ill-equipped Greeks are beyond calculation. The defeat may prove the crucial event of the war. The only of my proof to have been indicated in Mussolini's speech in Rome Nov. 18.

That was the anniversary of the application to Italy of League of Nations economic sanctions intended to curb her aggression against Ethiopia. Mussolini said it was a "decisive date" in Europe, a "day of victory for Fascist Italy." Italian reverses in Greece were not the beginning. Duce admitted it by blustering that Italy would "break Greece's back, whether in two months or 12, it little matters."

He told his Rome audience:—"The Greeks hate Italy as no other people. It is a hatred which at first glance appears inexplicable, but, in general, is deep-seated and incurable in all branches, in the cities and the villages, high and low, everywhere."

That helps explain the Greeks' repulse of the Italian army. For that it Duce gave this glimpse of Italian War morale:—"I cannot save the Hellenes from catastrophe. . . to think or suspect something otherwise means not to know the Greek mind. I do not soften. I have already shown that, and whatever has happened, is happening or may happen I will show again."

This all adds up to open recognition of a condition of war apathy in Italy as strikingly reflected in the army in Albania. It is the war highlight stimulating Balkan-Turkish resistance to Axis will.

### Sea View

The weather man of the past week has surely given us a taste of real winter weather. There is quite a depth of snow down and the roads are badly filled in places and unless a thaw comes the cars will all be laid away for some time. No doubt the people living near the pavement will still be able to travel by car but in this and surrounding communities the horses and sleighs are very much in evidence these days.

Mr. Roy Adams was a business visitor both to Charlottetown and Summerside during the past week.

The men who were making daily trips to the Airport at St. Eleanors during the past-by auto are unable to continue owing to means of transportation.

Mr. Walden Dugan has accepted a position in the store of Mr. Edwin Murphy at Sea View Corner in the place of Ivan Dugan who left recently to serve on military duty.

a good recovery much to the satisfaction of the doctor and her many friends.

Many friends are sorry to learn of the serious illness of Mrs. Ivan Dickson who is a patient in Prince County Hospital. All trust for a speedy recovery.

An epidemic of measles seem to be prevalent in all the surrounding communities but so far there are only a few cases in Sea View.

The members of the Malpeque W. I. sponsored a most pleasant gathering in the Institute Room on Wednesday evening. There was a large number of guests present and the evening was pleasantly spent in games of cards, crokinole and Chinese checkers, prizes were awarded to all deserving them. Mrs. Charles Taylor was the winner of the lucky door prize. A beautiful lunch was served by the ladies and a social time followed. A splendid sum was realized which is to be donated to the Protestant Orphanage.

His friends are sorry to learn that Mr. Earle McKay is laid aside suffering from a sprained ankle.

The farmers are daily shipping their fatted chickens to different parts of the Maritimes and some splendid prices are being realized. A large quantity of the Bray chickens were brought in Sea View last spring and raised with satisfactory results.

A host of friends are indeed pleased to learn that Pte. George Simmonds is recovering from his recent serious illness and expects shortly to be able again to report for military duty.

Mr. Reginald Mountain and Mr. Roy Mountain left on Tuesday morning for Truro, N. S., where they expect to obtain employment.

Mr. Claude Adams was a recent visitor to Charlottetown where he is a patient in the Prince Edward Island Hospital.

Mr. William Brander, War Veteran, is on military duty in Nova Scotia and is spending a few days pleasantly at his home in Sea View.

Miss Carrie Adams is spending some time in Summerside the guest of her sister Mrs. William Storey and Mr. Storey.

Improvement in prices of the better grades of cattle in United States markets is anticipated during the first half of 1941. This may result in a heavier movement of cattle to those markets although it is possible that Canadian prices

Exports of live calves to the United States for the first 44 weeks of 1940 totalled 68,000 head compared with 76,500 head for the corresponding period of 1939. Shipments of dairy cattle were higher at 12,500 head compared with 10,929 head the first 44 weeks of 1939.
